3. General

3.1 There is a long pending dispute over capitalization cost of Rajrappa and Giddi Captive Power Plant, commissioned by EIPL on Built Own and Operate (BOO) basis and the dispute is pending in Civil Appeal No. 7403 of 2009, filed by CCL before the Hon'ble Supreme Court against the Order dated 31.07.2009 of the Jharkhand State Electricity Regulatory Commission duly confirmed by the Appellate Tribunal also.

Pursuant to Interim Orders of the Hon'ble Supreme Court dated 14.09.12 and 23.11.12 passed in the said Appeal, CCL had accounted for a liability of ₹ 94.33 Crore. in 2012-13 upto the period March, 2008. Out of which ₹ 83.03 Crore had been paid to EIPL after carrying out eligible deduction. Further, an ad-hoc payment of ₹ 75 Crore and ₹ 25 Crore had been made on 20.11.13 and 10.01.14 respectively as per directives of the Hon'ble Supreme Court. As directed by the Hon'ble Supreme Court revised amount payable from April'08 to March'14 had been calculated based on the methodology adopted by JSERC in determining the revised tariff up to the period March' 08. Accordingly, an amount of ₹ 23.25 Crore had been provided during the financial year 2013-14 in addition to ₹ 94.33 Crore, which was already provided in the Financial Statements of 2012-13. For the financial year 2014-15, additional liability of ₹ 3.26 Crore has been provided. For the financial year 2015-16 additional liability of ₹ 0.26 Crore has also been provided.

The details of balance receivable amount from EIPL are as under:

Particulars	(₹ in Crore)
a) Differential Tariff for the period upto March'08-in respect of which liability has been provided in the Financial Statements of 2012-13.	94.33
b) Differential Tariff for the period April'08- to March'14 in respect of which liability has been provided in the year 2013-14.	23.25
c) Old keep back amount in respect of deemed energy charges	31.36
d) Differential tariff for the year 2014-15	3.26
e) Differential tariff for the year 2015-16 (Rajrappa Area)	0.26
Total	**152.46**
Less: Ad-hoc payment(as per Order of the Hon'ble Supreme Court)	183.03
Net Balance amount (shown in Note-4.6 under the head Claims & Other Receivables)	**30.57**

However, EIPL has submitted their demand for ₹ 302.63 Crore on 17.09.2012 including ₹ 134.20 Crore on account of interest on delayed payment was never agreed in the said PPA. Total demand of EIPL excluding delayed payment is ₹ 168.43 Crore, whereas, CCL has already released an adhoc payment of ₹ 183.03 Crore as stated above. The matter is still pending before the Hon'ble Supreme Court. .

As per clause 1.18.3 of the Power Purchase Agreement with M/s. EIPL, from the date of expiry of one year from commissioning of the respective power plant, increase/decrease of fuel components of tariff due to variation in fuel cost shall be determined. The initial price of rejects as per clause 1.14 of PPA was ₹ 90 per tonne.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Contd.)

Accordingly, calculation had been made as per clause 1.18.3 of PPA and additional revenue receivable on account of revision in price of rejects net off with additional tariff payable on account of revised tariff due to increase in fuel cost had been considered in the Financial Statements for the year 2013-14 and supplementary bill to EIPL had also been raised.

Subsequently, during the financial year 2014-15 the price of rejects was again revised based on the recommendations of the CCL standing committee of Sales and Marketing department and the same was communicated to Director (Operation) of DLF Ltd. vide letter Ref. No. GM (E&M)/DLF/14/ 3530-36 dated. 17.11.2014. As per letter, G grade slake coal which was the lowest grade under UHV system of pricing applicable prior to 01.01.2012 become chargeable for the period from July, 2000 to December, 2011 from EIPL. Consequent upon the issue of above letter, Sales bill and power tariff were revised.

As on 31.03.2016, the amount receivable from EIPL on account of supply of rejects after adjusting enhanced tariff was ₹ 38.69 Crore. Further a provision of ₹ 1.64 Crore was made in the year 2016-17 making total provision to ₹ 40.33 Crore.

As per clause 2.6 of the Power Purchase Agreement dated. 8th February, 1993, in the event of any dispute arising out of or in relation to the agreement, the same shall be referred to the sole arbitration of an arbitrator mutually acceptable to CIL & EIPL as per provisions of Arbitration Act. The emerging situation is that as the parties to the agreement have failed to mutually agree to the appointment of an arbitrator, the petitioner (CCL) is left with no other alternative but to move to the Hon'ble High Court for appointment of an arbitrator in exercising powers under section 11(6) of the Arbitration and Conciliation Act, 1996. As such, the Arbitration Application has been filed on 7th April, 2016. The Hon'ble High Court of Jharkhand during 2017-18 has appointed Ld. Arbitrator as per Agreement to settle the dispute. Hearing is still pending before Ld. Arbitrator.

3.2 Inventory of Stores & Spares are being physically verified by Store Auditors at due intervals. The last verification has been carried out at 31.03.2024.

3.3 Refund/Adjustment of tax from Tax Authorities are accounted for on cash basis. Additional demand for Income Tax, Royalty, Cess, Sales Tax, Vat /Entry Tax etc. are accounted for after receipt of final order except as otherwise not recognized under IND AS-37.

Security Deposit and Earnest money		405.28		372.81
Other Liabilities		2,073.99		1,638.18

A brief of each level is given below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes Mutual fund which is valued using closing Net Asset Value (NAV) as at the reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for investments , security deposits and other liabilities included in level 3.

(c) Valuation technique used in determining fair value

Valuation techniques used to value financial instruments include the use of quoted market prices (NAV) of instruments in respect of investment in Mutual Funds.

(d) Fair value measurements using significant unobservable inputs

At present there are no fair value measurements using significant unobservable inputs.

(e) Fair values of financial assets and liabilities measured at amortised cost

The carrying amounts of trade receivables, short term deposits, cash and cash equivalents, trade payables are considered to be the same as their fair values, due to their short-term nature.

The Group considers that the Security Deposits does not include a significant financing component. Security deposits coincide with the company's performance and the contract requires amounts to be retained for reasons other than the provision of finance. The withholding of a specified percentage of each milestone payment is intended to protect the interest of the group, from the contractor failing to adequately complete its obligations under the contract. Accordingly, transaction cost of Security deposit is considered as fair value at initial recognition and subsequently measured at amortised cost.

Significant estimates: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Group uses its judgment to select a method and makes suitable assumptions at the end of each reporting period.

The quantity of coal to be offered under E-Auction is reviewed from time to time by the Ministry of Coal.
