The Global Compact is a framework for businesses that are committed to aligning their operation and strategies with ten universally accepted principles in the area of human rights, labour, environment and anti-corruption. As the world's largest global corporate citizenship, the Global Compact is first and foremost concerned with exhibiting and building the social legitimacy of business and markets. Top companies of the world are members of UNGlobal Compact. Based on Performance in Community Development, CCL has been a member of UN GlobalCompact since 2009. Since then, the company has stepped up its concern for community, later through CSR activities since 2014 with application of business excellence principles and making CSR a key business process. CCL has taken up strategic actions to advance broader societal goals, such as the UN Sustainable Development Goals, with an emphasis on collaborationandinnovation.

CCL implements CSR as per needof the community around operational areas and other parts of Jharkhand, assigning due priority to the SDGs of immediate requirement of the citizens. Company has worked mainly in the field of health& nutrition, sanitation, drinking water, education, sports, skilling of youths for employment/ self-employment, animal welfare etc. Company follows a hybrid approach, wherein part of CSR implementation is done by self, and through not-for profit reputed implementing agencies.

In the field of Health & Nutrition, CCL has entered into MoU with Akshay Patra Foundation and District Administration Ramgarh for setting up 50000 meals per day capacity Centralized Kitchen for supply of Mid Day

Meals to 538 government schools of Ramgarh district. CCL has registered as Nikshay Mitra for adoption of 1400 TB patients of Latehar and Chatra Districts for 6 months and providing nutrition baskets under PM TB Mukt Bharat Abhiyan with online tracking of implementation. 4 nos type B and 2 nos Type C ambulances were provided to Chatra District Administration for rapid response to patients and accident victims. CCL is providing healthcare to villagers of command areas through Jan Arogya Kendra located in its Central Hospital at Ranchi, CSR Dispensaries in Company Hospitals at Operational Areas. CCL has also provided medical equipments for Govt. hospitals, e-scooters for ANMs, developed model labour rooms and upgraded Anganwadis to Model Anganwadis under CSR.

Under education, CCL has entered into a MoU with Dept. of Education, Govt. of Jharkhand for setting up 5000 seated State library in Ranchi University equipped with reading halls, E-Resource & Journal section, Conference Room, Digital Library section, Cubicles for group study, Meeting Rooms, Meditation Centre, Cafeteria etc for students as well as common people. Students (boys and girls) belonging to deprived sections from command Area are selected on merit/entrance test and provided free Higher secondary education in reputed School and free residential classroom coaching by IITian Executives of CCL to prepare for JEE Mains/Advanced /other Engineering Entrance Examinations under CCL ke Lal/Laadli scheme. To facilitate continuation of education of children who have lost their parents or the primary earning members of the family due to COVID-19, CCL has started a COVID Crisis Scholarship. Apart from this, CCL has undertaken development of 4 mini science labs and 94 smart classes in Govt. schools, infrastructural support in schools, provision of educational kits/stationeries, hiring of school buses for commutation of rural children, development of classrooms and community libraries, etc to promote education in its command areas.

CCL has notable contribution in sports promotion through operation and maintenance of Sports Academy at Kehlgaon, Jharkhand. The project has bagged for CCL 2 consecutive National CSR Awards in promotion of Sports category. (2019 and 2020 declared in 2022). Besides the major project of sports academy, CCL provides football, cricket kits, volleyball, nets etc.to the local youths and childrenfor promotion of sports, gainful utilization of time & positive orientation and motivation of local youth also developing a harmonious environment with society.

To cater the drinking water needs of the community, CCL has developed deep borings, solar powered deep boring, hand pumps, wells, installation of RO water plants & water purifiers, provision of water through pipelines etc. To promote green energy Company has installed solar powered deep bore wells with water storage tanks in remote villages for availability of safe drinking water.

In the field of animal welfare, CCL has adopted animals (a pair of lions and tigers) for their upkeep, food, medical/ vet care at Bhagwan Birsa Zoological park, Ranchi. For treatment of injured/sick animals (strays & livestock), CCL is starting a 24x7 animal ambulance cum emergency response vehicle with inbuilt OT facility.

With a focus on prioritizing skill development of local youth/women, HMV driving training was provided to 140 PAPs with issuance of driving license after successful training completion. Tailoring training was provided to SC/ST/OBC women along with market linkage. In villages around Ramgarh Coalfields, SHGs of artisans was formed and training was provided in Dokra art, Sujni art, Bamboo craft &Jute craft along with assistance for market linkage through e-marketing platform/individuals/shops. Training in motorcycle maintenance and repair technology was imparted to 25 youths of Tana Bhagat community linking them with job in workshops/opening own repair shop. Solarisation of sewing clusters through setting up Solar Panel, Battery and wiring etc for powering the sewing machines and fan, light of the home based workshop was done for 50 sewing entrepreneurs through TERI. CCL has also been undertaking various skill development trainings in the trade of food processing, mobile repairing, tailoring, computer etc. in its command areas to provide livelihood opportunities to the local villagers especially youths.

Under sanitation, community toilets have been constructed in schools/ villages situated in its command areas to reduce open defecation, thus creating a healthy and clean environment.13 Bottle crushing machines have been installed at major railway stations Ranchi and Hatia.

Under technology incubation, technical and financial support to new entrepreneurs/MSME Start-upsis being given at Jharkhand University of Technology, Ranchi with CSR support of CCL.

Employee engagement by direct involvement in activities, events, conferences, interaction with communities and management helping need based planning is key feature of CSR implementation in CCL. Employees regularly engage in sharing of news/information/achievements of CSR efforts on social media.

FUNCTIONAL DIRECTORS:

DIN : 08073913

SHRI P.M. PRASAD

CHAIRMAN *CUM* MANAGING DIRECTOR

Shri PM Prasad, took charge as Chairman-cum-Managing Director (CMD) of Central Coalfields Limited (CCL) on 01/09/2020. Shri Prasad has 39 years of experience in varied facets of operations and management. A mining engineer from Osmania University, he has earned an M.Tech in 'Open-Cast Mining' from the Indian School of Mines (IIT- ISM), Dhanbad. He acquired a first-class mines manager certificate from DGMS in 1988 and obtained a degree in law from Nagpur University in 1997.

Shri Prasad began his career in 1984, as an executive trainee with Western Coalfields Limited (WCL), a subsidiary of Coal India Limited (CIL). He exhibited dedication, hard work, sincerity and dynamic leadership as he progressed through different roles in the company and became the General Manager of Lingaraj area in Mahanadi Coalfields Limited (MCL).

In 1994-95, he was instrumental in the reopening of DRC mines which was affected by the underground fire during his posting in WCL. For this remarkable job, he was awarded as 'Best Mines Manager' from Secretary-Coal, Ministry of Coal (MoC) and Chairman, Coal India Limited in 1995.

During his successful stint as General Manager at MCL, he was responsible for successful opening and operations of 'Kaniha Opencast Project' from March, 2010. He is also credited for the diversion of nallah at Hingula Opencast Area to unlock coal reserve of 26.00 MT in the year 2014-15 and commencement of New Railway Siding No. 9 at Talcher Coalfields. He has a special penchant for safety and the projects with which he was associated have won various prizes at different competitions including hat-trick for two projects i.e. Padmapur Opencast, WCL between 1996 and 1998 and Nandira UG Mine, MCL between 2004 and 2006.

In May, 2015 he joined NTPC as the Executive Director (Coal mining) where he was acknowledged for expediting the award process of MDO projects and awarded Pakribarwadih coal block (NTPC's 1st project) and floated NITs for remaining coal blocks. In March 2016, he took charge as Executive Director cum Project Head, Hazaribagh, Jharkhand. He led the commencement of coal mining operations at Pakribarwadih mines, Hazaribagh. During his term in 2016, Pakribarwadih was bestowed with the 1st prize in 'Swarn Shakti Awards'.

In February, 2018 he joined Northern Coalfields Limited (NCL) as Director Tech. (P&P) where he was responsible for operations of five areas of the company along with key departments like Corporate Planning, Civil Engineering, Railway

Siding, Environment & Forest, etc. Under his leadership, NCL was awarded for outstanding work in environment conservation at the World Environmental Conference in June 2018.

In August 2019, he took over the charge of CMD, Bharat Coking Coal Limited (BCCL). Amidst challenging conditions, he led from the front with commitment, vigor, and dedication. He spearheaded the company's fight against COVID-19 pandemic and was instrumental in various initiatives to transform the overall performance of the company.

Shri Prasad is renowned for his interpersonal skills and is a firm believer in teamwork and possesses excellent technical expertise. Under his guidance the company is poised to attain new milestones and scale further heights of success.

SHRI RAM BABOO PRASAD

DIRECTOR (TECHNICAL/OPERATION)

DIN: 09644944

Shri Ram Baboo Prasad is workings as Director Technical, (Operations), Central Coalfields Ltd. (CCL) from 14.05.2022.

Sri Prasad has completed Bachelor of Technology (Mining Engineering) from Indian Institute of Technology (Indian School of Mines) (IIT-ISM), Dhanbad, Jharkhand in 1987. He joined as Management Trainee (Mining) in Coal India Limited (CIL) in the year 1987. He acquired Manager's First-Class Certificate of Competency to Manage a Coalmine under CMR from Directorate General of Mines safety (DGMS), Dhanbad. He did four different courses from IGNOU, New Delhi from period 1996 to 1999 and obtained degree of Master of Business Administration (Financial Management), Diploma in Management, Post Graduate Diploma in Financial Management and Post Graduate Diploma in Management.

Prior to assuming the top technical post at CCL, Jharkhand-based subsidiary of Coal India Ltd, Shri Ram Baboo Prasad has vast working experience as General Manager (Mining) from July 2010 to May 2022 in CCL as well as NCL, In NCL he was GM (Mining) of Jayant Area, NCL. NCL is a subsidiary of Coal India Limited which has the pride of being the third largest coal producing subsidiary of CIL. He was also very instrumental in working as Project Officer of different project in CCL from March 2004 to July 2010. Sri Prasad has 35 years of vast diversified experience of working in highly mechanized opencast mines as well as underground mines in NCL, CCL and SECL.

Award and Accolades

- Awarded as Utkristh Khanik (उत्कृष्ठ खनिक) (for achieving highest SDL productivity in CIL in the year 1998 while he was working as mine manager at Somna UG Mine of SECL.
- He was recognized as "BEST AREA GENERAL MANAGER" of NCL in 2016.
- He was also awarded as the "BEST LINE MANAGER WITH PEOPLE ORIENTATION" in 2021.

Shri Prasad has international exposure too. In 2018, he participated in International Mining & Resource Conference at Melbourne, Australia. He has feather in his cap to participate in Advanced Management Program at Brisbane, Australia in

2019. He has also actively participated in training programs organized by Indian Institute of Management (IIM) Kolkata, Indian Institute of Technology (IIT) Kharagpur and Harvard University.

Sri Prasad was part of World Bank and GIZ sponsored study tour of mine sites in Poland, Germany and Belgium to study the best practices adopted in above countries for closure of coal mines and Just Transition. The objective of the study tour was to develop a comprehensive mine closure framework on principles of Just Transition. The subject Study Tour provided an exemplary opportunity to the Indian team to see excellent works carried out by Germany in closing its mine sites with social centric approach ensuring Just Transition for all and learn the best practices that may be replicated in India. The visit has immensely helped India in capacity building for seamless transition to low carbon economy in the long term and fight the causes of climate change in effective manner.

Sri Ram Baboo Prasad is not only a mining engineer but his activities are inclined towards philanthropy and are eager to extend a helping hand to villagers staying in rural areas. When he was GM, CSR of CCL, Shri Prasad started program of "CCL Ke Lal" and "Barefoot Manger" with Indian Institute of Management (IIM) Ranchi to empower poor families. He was also instrumental in construction of more than 7000 toilets under Swachh Bharat Mission in 2014-15 in different states includingJharkhand.

Shri Prasad is renowned for his interpersonal skills and is a firm believer in teamwork and possesses excellent technical expertise. Under his able leadership and guidance, CCL is poised to attain new milestones and scale further heights of success.

DIN: 09665365

ANNEXURE-IV

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143 (6) (b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF CENTRAL COALFIELDS LIMITED FOR THE YEAR ENDED 31ST MARCH 2023

The preparation of financial statements of Central Coalfields Limited for the year ended 31 March 2023 in accordance with the financial reporting framework prescribed under the Companies Act. 2013 (Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139 (5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143 (10) of the Act. This is stated to have been done by them vide their Revised Audit Report dated 13th June 2023 which supersedes their earlier Audit Report dated 27th April 2023.

I, on behalf of the Comptroller and Auditor General of India have conducted a supplementary audit of the financial statements of Central Coalfields Limited for the year ended 31 March 2023 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. The Audit Report has been revised by the statutory auditor to give effect to some of my audit observations raised during supplementary audit.

In addition, I would like to highlight the following significant matters under section 143(6)(b) of the Act which have come to my attention and which in my view are necessary for enabling a better understanding of the financial statements and related audit report:

A. Comment on Disclosure

A.1 Balance Sheet

A.1.1 Current Asset: Other Current Assets (Note No. 11) Input Tax Credit Receivable: Rs. 1455.57 Cr.

As per the Ind AS -01, an entity has to provide information that is not presented elsewhere in the financial statements but is relevant to an understanding of any of them. It further states that an entity has to disclose information about the assumptions which it makes about the future, and other major sources of estimation uncertainty at the end of the reporting period, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Ministry of Finance, Government of India, vide Notification No.5/2017-Central Tax (Rate) dated 28 June 2017, notified the description of goods, in respect of which no refund of unutilized input tax credit shall be allowed, where the credit has accumulated on account of rate of tax on inputs being higher than the rate of tax on the output supplies of such goods. 'Coal' was not figuring in the above list.

Unutilized input tax credit can be allowed as refund in accordance with the provisions of section 54(3) of the CGST Act 2017 where credit has accumulated on account of rate of tax on inputs being higher than the rate of taxes on output supplies except where goods or services has been notified by the Government on the recommendations of the Council. Further, for utilization of the Input Tax Credit, no timeline is prescribed.

Ministry of Finance, Government of India, vide Notification No.09/2017-Central Tax (Rate) dated 13 July 2022 made the amendments in the above notification No.5/2017-Central Tax (Rate) and inserted Coal, on which no refund of unutilized input tax credit was to be allowed.

CCL has shown Recoverable for Input Tax Credit amounting to ₹ 1,455.57 crore of which ₹ 1,273.94 crore pertains to the period prior to the notification of July 2022 and the balance ₹ 181.64 crore pertains to the period after the notification of July 2022, on which CCL is not eligible for claiming refund.

Rate of GST on output i.e. sale of coal is 5 per cent while inputs are taxed at 18 per cent, thereby resulting in accumulation of receivable for Input Tax Credit. CCL has applied for the refund amounting to ₹ 61.96 crore for the year 2018-19. However, the same has been rejected by the Tax Authorities citing non availability of supporting invoices/ documents and it was also advised to submit fresh claim with proper documents. No further claim for refund was filed by CCL. Though, no timeline has been prescribed under the GST Act for utilisation of Input Tax Credit, it is worth noting that due to significant difference in Rate of input and output tax, CCL is unable to adjust the tax credit for previous years and tax credit is increasing with time. Further, matter of refund/ accumulation of Input Tax Credit has not been taken up by CCL with Higher Authorities. However, the same has been taken up by holding company Coal India with Higher Authorities.

Neither CCL nor Statutory Auditors in his Report, has disclosed the above-mentioned facts and their explanations to carry forward the Input Tax Credit and above stated facts in the Financial Statements/ Report of Auditors, which is in violation of Ind AS- 01. Non-disclosure of facts which are integral to the understanding of the users of financial Statements in taking informed decisions resulted in deficiency in disclosure requirements.

A.1.2. Stripping Activity Adjustment: ₹ 3,639.59 crore (Note 21)

As per the Ind AS -01, an entity has to provide information that is not presented elsewhere in the financial statements but is relevant to an understanding of any of them. Further, it states that when an entity departs from a requirement of an Ind AS it had to disclose that it has complied with applicable Ind ASs, except that it has departed from a particular requirement to present a true and fair view

Institute of Cost Accountants of India (ICMAI), in 2017, issued Cost Accounting Standard 23 (CAS-23) to bring uniformity. Consistency in the principles, methods of determining and assigning Overburden Removal Cost (OBR) with reasonable accuracy. CAS-23 while defining, the various key components of OBR assessment also define methodology for Advance Stripping3.

Also, Ind AS 16 stated that the stripping activity has to be recognized as asset and shall be depreciated or amortized on a systematic basis, over the expected useful life.

The Accounting Policy of the Company related to Stripping Activity Adjustment stipulates that in the mines with rated capacity of one millions tonne per annum and above, the cost of Stripping is charged on technically evaluated average stripping ratio (OB: COAL) at each mine with due adjustment for stripping activity assets and ratio variance account after the mines are brought to revenue. Net of balances of stripping activity asset and ratio variance in the balance Sheet date is shown is Stripping Activity Adjustment under the head Non-Current Provisions/ (Other Non- Current Assets as the case may be.

The above policy on OBR adopted by the company is not in compliance with the provisions of Ind AS 16 (appendix B). Further, the projects of CCL, while computing the advance stripping, adopted different methods, which is a non-compliance of the provisions of CAS-23.

CCL had never reviewed the above accounting policy with reference to the provisions of Ind AS- 16 as well as CAS-23. Also, the explanation of continuing with the present system of OBR assessment is in deviation or provisions of CAS-23 and Ind AS 16 and is not disclosed in the accounts which is non-compliance of Ind AS -01.

For and on behalf of the
Comptroller and Auditor General of India

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143 (6) (b) READ WITH SECTION 129 (4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF CENTRAL COALFIELDS LIMITED FOR THE YEAR ENDED 31 MARCH 2023

The preparation of consolidated financial statements of Central Coalfields Limited for the year ended 31 March 2023 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139 (5) read with section 129(4) of the Act is responsible for expressing opinion on the financial statements under section 143 read with section 129(4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143 (10) of the Act. This is stated to have been done by them vide their Revised Audit Report dated 13 June 2023 which supersedes their earlier Audit Report dated 27 April 2023.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of Central Coalfields Limited for the year ended 31 March 2023 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of the financial statements of Central Coalfields Limited and its subsidiary Jharkhand Central Railway Limited for the year ended on that date. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records. The Audit Report has been revised by the statutory auditor to give effect to some of my audit observations raised during supplementary audit.

In addition, I would like to highlight the following significant matters under section 143 (6)(b) read with section 129 (4) of the Act which have come to my attention and which in my view are necessary for enabling a better understanding of the consolidated financial statements and the related audit report:

A. Comment on Disclosure

A.1 Balance Sheet

A.1.1 Current Asset: Other Current Assets (Note No. 11) Input Tax Credit Receivable: Rs. 1481.70 Cr.

As per the Ind AS -01, an entity has to provide information that is not presented elsewhere in the financial statements but is relevant to an understanding of any of them. It further states that an entity has to disclose information about the assumptions which it makes about the future, and other major sources of estimation uncertainty at the end of the reporting period, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Ministry of Finance, Government of India, vide Notification No.5/2017-Central Tax (Rate) dated 28 June 2017, notified the description of goods, in respect of which no refund of unutilized input tax credit shall be allowed, where the credit has accumulated on account of rate of tax on inputs being higher than the rate of tax on the output supplies of such goods. 'Coal' was not figuring in the above list.

Unutilized input tax credit can be allowed as refund in accordance with the provisions of section 54(3) of the CGST Act 2017 where credit has accumulated on account of rate of tax on inputs being higher than the rate of taxes on output supplies except where goods or services has been notified by the Government on the recommendations of the Council. Further, for utilization of the Input Tax Credit, no timeline is prescribed.

Ministry of Finance, Government of India, vide Notification No.09/2017-Central Tax (Rate) dated 13 July 2022 made the amendments in the above notification No.5/2017-Central Tax (Rate) and inserted Coal, on which no refund of unutilized input tax credit was to be allowed.

CCL has shown Recoverable for Input Tax Credit amounting to ₹ 1,455.57 crore of which ₹ 1,273.94 crore pertains to the period prior to the notification of July 2022 and the balance ₹ 181.64 crore pertains to the period after the notification of July 2022, on which CCL is not eligible for claiming refund.

Rate of GST on output i.e. sale of coal is 5 per cent while inputs are taxed at 18 per cent, thereby resulting in accumulation of receivable for Input Tax Credit. CCL has applied for the refund amounting to ₹ 61.96 crore for the year 2018-19. However, the same has been rejected by the Tax Authorities citing non-availability of supporting invoices/ documents and it was also advised to submit fresh claim with proper documents. No further claim for refund was filed by CCL. Though, no timeline has been prescribed under the GST Act for utilization of Input Tax Credit, it is worth noting that due to significant difference in Rate of input and output tax, CCL is unable to adjust the tax credit for previous years and tax credit is increasing with time. Further, matter of refund/ accumulation of Input Tax Credit has not been taken up by CCL with Higher Authorities. However, the same has been taken up by holding company Coal India with Higher Authorities.

Neither CCL nor Statutory Auditors in his Report, has disclosed the above-mentioned facts and their explanations to carry forward the Input Tax Credit and above stated facts in the Financial Statements/ Report of Auditors, which is in violation of Ind AS- 01. Non-disclosure of facts which are integral to the understanding of the users of financial Statements in taking informed decisions resulted in deficiency in disclosure requirements.

A.1.2. Stripping Activity Adjustment: ₹ 3,639.59 crore (Note 21)

As per the Ind AS -01, an entity has to provide information that is not presented elsewhere in the financial statements but is relevant to an understanding of any of them. Further, it states that when an entity departs from a requirement of an Ind AS it had to disclose that it has complied with applicable Ind ASs, except that it has departed from a particular requirement to present a true and fair view

Institute of Cost Accountants of India (ICMAI), in 2017, issued Cost Accounting Standard 23 (CAS-23) to bring uniformity. Consistency in the principles, methods of determining and assigning Overburden Removal Cost (OBR) with reasonable accuracy. CAS-23 while defining, the various key components of OBR assessment also define methodology for Advance Stripping.

Also, Ind AS 16 stated that the stripping activity has to be recognized as asset and shall be depreciated or amortized on a systematic basis, over the expected useful life.

The Accounting Policy of the Company related to Stripping Activity Adjustment stipulates that in the mines with rated capacity of one million tonne per annum and above, the cost of Stripping is charged on technically evaluated average stripping ratio (OB: COAL) at each mine with due adjustment for stripping activity assets and ratio variance account after the mines are brought to revenue. Net of balances of stripping activity asset and ratio variance in the balance Sheet date is shown is Stripping Activity Adjustment under the head Non-Current Provisions/ (Other Non- Current Assets as the case may be.

The above policy on OBR adopted by the company is not in compliance with the provisions of Ind AS 16 (appendix B). Further, the projects of CCL, while computing the advance stripping, adopted different methods, which is a non-compliance of the provisions of CAS-23.

CCL had never reviewed the above accounting policy with reference to the provisions of Ind AS- 16 as well as CAS-23. Also, the explanation of continuing with the present system of OBR assessment is in deviation or provisions of CAS-23 and Ind AS 16 and is not disclosed in the accounts which is non-compliance of Ind AS -01.

A. 2. Note -38 — Additional Notes to the Financial Statements

As per the Ind AS -01 an entity had to provide information that is not presented elsewhere in the financial statements but is relevant to an understanding of any of them. It is further states that an entity had to disclose information about the assumptions which makes about the future and other major sources of' estimation uncertainty at the end of the reporting period, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Demand of ₹ 216.55 crore has been raised by Government of Jharkhand (January 2022 towards transfer of 61.44 Ha land to Jharkhand Central Railway Limited (JCRL). Management of "JCRL, argued (July 2022) that the demand raised, was based on higher rate of commercial land in place of agricultural land. Though, the matter was discussed at different level of State Government and Ministry of Coal, the issue however, remained unresolved till March 2023. On resolution of the matter regarding pricing of the land, the payment shall be transferred to Government of Jharkhand for obtaining the possession of land. However, the issue has not been disclosed in the Financial Statements for the year ended March 2023. Non-disclosure of the issue in the Financial Statements is in violation of Ind AS- 01.

ANNEXURE -A

MANAGEMENT REPLY TO THE COMMENTS OF COMPTROLLER AND AUDITOR GENERAL OF INDIA

STANDALONE

C&AG Comments	Management Reply
A.1 Balance Sheet **A.1.1 Current Asset: Other current Assets (Note 11)** **Input Tax Credit Receivable: 1,455.57 crore**	
As per the Ind AS -01, an entity has to provide information that is not presented elsewhere in the financial statements but is relevant to an understanding of any of them. It further states that an entity has to disclose information about the assumptions which it makes about the future, and other major sources of estimation uncertainty at the end of the reporting period, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year. Ministry of Finance, Government of India, vide Notification No.5/2017-Central Tax (Rate) dated 28 June 2017, notified the description of goods, in respect of which no refund of unutilized input tax credit shall be allowed, where the credit has accumulated on account of rate of tax on inputs being higher than the rate of tax on the output supplies of such goods. 'Coal' was not figuring in the above list. Unutilized input tax credit can be allowed as refund in accordance with the provisions of section 54(3) of the CGST Act 2017 where credit has accumulated on account of rate of tax on inputs being higher than the rate of taxes on output supplies except where goods or services has been notified by the Government on the recommendations of the Council. Further, for utilization of the Input Tax Credit, no timeline is prescribed.	The carrying forward of Input Tax Credit – GST (ITC – GST) in the books of account as recoverable is subject to various factors both internal and external such as coal price revision, future volume increase, change in GST rate on coal, future decision on compensation cess, litigation on royalty, others business dynamics, diversification and further passage of reasonable time as mandated in EAC opinion (Expert Advisory Committee) of Institute of Chartered Accounts of India. The present trend of ITC – GST accumulation has witnessed a reduction trend and expected to reduce further. Moreover, the GST has been implemented in the year 2017 in India and keeping in view the overall industry span and going business concept, there is substantial period of time left in future from the Industry perspective. Hence, the future passage of reasonable time is still to be achieved to have a rational decision in the said matter. In the said matter, the Rule 89 (5) prescribes formula to calculate eligible refund of ITC in case of Inverted Duty Structure. Since inception of GST till July 2022, refund was available only for ITC on input goods. However, the same was amended to include input services vide Notification No. 14/2022. Further, it has also been notified that Coal Industry shall be ineligible for refund of unutilised Input Tax credit, where the credit has accumulated on account of Inverted Tax Duty Structure vide notification no. 09/2022. In such scenario, the possibility of any refund is very remote for coal industry.

Ministry of Finance, Government of India, vide Notification No.09/2017-Central Tax (Rate) dated 13 July 2022 made the amendments in the above notification No.5/2017-Central Tax (Rate) and inserted Coal, on which no refund of unutilized input tax credit was to be allowed.

CCL has shown Recoverable for Input Tax Credit amounting to ₹ 1,455.57 crore of which ₹ 1,273.94 crore pertains to the period prior to the notification of July 2022 and the balance ₹ 181.64 crore pertains to the period after the notification of July 2022, on which CCL is not eligible for claiming refund.

Rate of GST on output i.e. sale of coal is 5 per cent while inputs are taxed at 18 per cent, thereby resulting in accumulation of receivable for Input Tax Credit. CCL has applied for the refund amounting to ₹ 61.96 crore for the year 2018-19. However, the same has been rejected by the Tax Authorities citing non availability of supporting invoices/ documents and it was also advised to submit fresh claim with proper documents. No further claim for refund was filed by CCL. Though, no timeline has been prescribed under the GST Act for utilisation of Input Tax Credit, it is worth noting that due to significant difference in Rate of input and output tax, CCL is unable to adjust the tax credit for previous years and tax credit is increasing with time. Further, matter of refund/ accumulation of Input Tax Credit has not been taken up by CCL with Higher Authorities. However, the same has been taken up by holding company Coal India with Higher Authorities.

Neither CCL nor Statutory Auditors in his Report, has disclosed the above-mentioned facts and their explanations to carry forward the Input Tax Credit and above stated facts in the Financial Statements/ Report of Auditors, which is in violation of Ind AS-01. Non-disclosure of facts which are integral to the understanding of the users of financial Statements in taking informed decisions resulted in deficiency in disclosure requirements.

With respect to disclosure of the said event, the following are worth noticing; The objective of Ind AS – 1 'Presentation of Financial Statements' it to prescribe the basis for presentation of general-purpose financial statements to ensure comparability both with the entity's financial statements of previous periods and with the financial statements of other entities. It sets out overall requirements for the presentation of financial statements, guidelines for their structure and minimum requirements for their content. Hence, the Ind AS 1 establishes the minimum requirements for the preparation and presentation of financial statements.

Further, the clause 48 of Ind AS – 1 state that this Standard sometimes uses the term 'disclosure' in a broad sense, encompassing items presented in the financial statements. Disclosures are also required by other Ind ASs. Unless specified to the contrary elsewhere in this Standard or in another Ind AS, such disclosures may be made in the financial statements.

Moreover, the "Framework for the Preparation and Presentation of Financial Statements in accordance with Indian Accounting Standards (Ind AS), vide its clause 44 to 45 states that there are constraints on information / discourse such as timeliness, balance between benefit and cost, balance between qualitative characteristics (i.e. excessive disclosure).

In the above matter, it is further submitted that there is no specific requirement under applicable Ind AS to make a specific disclosure in the matter of carrying forward of Input Tax Credit. Hence, the same event falls under the other voluntary disclosure to be included in the Financial Statements. As, the other relevant information in the said subject matter are already in the market i.e. industry information, statutory provisions and other platforms, any specific discourse in the said matter is not made in the Financial Statements. Nevertheless, as the same is specifically observed by the CAG Audit team, the same would be complied with in the future Financial Statements.

A 1.2. Stripping Activity Adjustment: ₹ 3,639.59 crore (Note 21)

As per the Ind AS-01, an entity has to provide information that is not presented elsewhere in the financial statements but is relevant to an understanding of any of them. Further, it states that when an entity departs from a requirement of an Ind AS it had to disclose that it has complied with applicable Ind ASs, except that it has departed from a particular requirement to present a true and fair view

Institute of Cost Accountants of India (ICMAI), in 2017, issued Cost Accounting Standard 23 (CAS-23) to bring uniformity. Consistency in the principles, methods of determining and assigning Overburden Removal Cost (OBR) with reasonable accuracy. CAS-23 while defining, the various key components of OBR assessment also define methodology for Advance Stripping3.

Also, Ind AS 16 stated that the stripping activity has to be recognized as asset and shall be depreciated or amortized on a systematic basis, over the expected useful life.

The Accounting Policy of the Company related to Stripping Activity Adjustment stipulates that in the mines with rated capacity of one millions tonne per annum and above, the cost of Stripping is charged on technically evaluated average stripping ratio (OB: COAL) at each mine with due adjustment for stripping activity assets and ratio variance account after the mines are brought to revenue. Net of balances of stripping activity asset and ratio variance in the balance Sheet date is shown is Stripping Activity Adjustment under the head Non-Current Provisions/ (Other Non- Current Assets as the case may be.

The above policy on OBR adopted by the company is not in compliance with the provisions of Ind AS 16 (appendix B). Further, the projects of CCL, while computing the advance stripping, adopted different methods, which is a non-compliance of the provisions of CAS-23.

CCL had never reviewed the above accounting policy with reference to the provisions of Ind AS- 16 as well as CAS-23. Also, the explanation of continuing with the present system of OBR assessment is in deviation or provisions of CAS-23 and Ind AS 16 and is not disclosed in the accounts which is non-compliance of Ind AS -01.

Ind AS 1 establishes the minimum requirements for the presentation of financial statements. It also specifies the minimum requirements for disclosures in the notes to the financial statements to present true & fair view.

Para 20 of Ind AS 1 deals with the disclosure requirement when an entity departs from a requirement of an Ind AS i.e. when management concludes that, compliance with a requirement in an Ind AS would be so misleading that it would conflict with the objective of financial statements set out in the Framework.

As far as, the aspect of non- compliance of CAS (i.e. Cost Accounting Standards) 23 is concerned, a reference may please be made to the Para 20 of Ind AS 1 which specifically states that non-compliance of requirement of an Ind AS is required to be disclosed rather than Cost Accounting Standard. Moreover, there is no applicability of CAS in the preparation of financial statements and by its inherent nature, the CAS is to be complied with in preparation of the cost statements / cost accounting records.

With respect to the provisions of Appendix B to Ind AS 16, it may be noted that it deals with accounting treatment of stripping costs in the production phase of surface mine and further prescribes the creation of an asset only, leaving apart ratio variance as liability i.e. only favourable mining conditions. All relevant information in the said matter has suitably and properly been disclosed in the respective accounting policy i.e. stripping activity expense / adjustment. As such, there is no-noncompliance or deviation in the said subject matter from the applicable / governing Ind AS16-.

CONSOLIDATED

C&AG Comments	Management Reply
A.1 Balance Sheet **A.1.1 Current Asset: Other current Assets (Note 11)** **Input Tax Credit Receivable: 1481.70 crore** As per the Ind AS -01, an entity has to provide information that is not presented elsewhere in the financial statements but is relevant to an understanding of any of them. It further states that an entity has to disclose information about the assumptions which it makes about the future, and other major sources of estimation uncertainty at the end of the reporting period, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year. Ministry of Finance, Government of India, vide Notification No.5/2017-Central Tax (Rate) dated 28 June 2017, notified the description of goods, in respect of which no refund of unutilized input tax credit shall be allowed, where the credit has accumulated on account of rate of tax on inputs being higher than the rate of tax on the output supplies of such goods. 'Coal' was not figuring in the above list. Unutilized input tax credit can be allowed as refund in accordance with the provisions of section 54(3) of the CGST Act 2017 where credit has accumulated on account of rate of tax on inputs being higher than the rate of taxes on output supplies except where goods or services has been notified by the Government on the recommendations of the Council. Further, for utilization of the Input Tax Credit, no timeline is prescribed. Ministry of Finance, Government of India, vide Notification No.09/2017-Central Tax (Rate) dated 13 July 2022 made the amendments in the above notification No.5/2017-Central Tax (Rate) and inserted Coal, on which no refund of unutilized input tax credit was to be allowed.	The carrying forward of Input Tax Credit – GST (ITC – GST) in the books of account as recoverable is subject to various factors both internal and external such as coal price revision, future volume increase, change in GST rate on coal, future decision on compensation cess, litigation on royalty, others business dynamics, diversification and further passage of reasonable time as mandated in EAC opinion (Expert Advisory Committee) of Institute of Chartered Accounts of India. The present trend of ITC – GST accumulation has witnessed a reduction trend and expected to reduce further. Moreover, the GST has been implemented in the year 2017 in India and keeping in view the overall industry span and going business concept, there is substantial period of time left in future from the Industry perspective. Hence, the future passage of reasonable time is still to be achieved to have a rational decision in the said matter. In the said matter, the Rule 89 (5) prescribes formula to calculate eligible refund of ITC in case of Inverted Duty Structure. Since inception of GST till July 2022, refund was available only for ITC on input goods. However, the same was amended to include input services vide Notification No. 14/2022. Further, it has also been notified that Coal Industry shall be ineligible for refund of unutilised Input Tax credit, where the credit has accumulated on account of Inverted Tax Duty Structure vide notification no. 09/2022. In such scenario, the possibility of any refund is very remote for coal industry.

CCL has shown Recoverable for Input Tax Credit amounting to ₹ 1,455.57 crore of which ₹ 1,273.94 crore pertains to the period prior to the notification of July 2022 and the balance ₹ 181.64 crore pertains to the period after the notification of July 2022, on which CCL is not eligible for claiming refund. Rate of GST on output i.e. sale of coal is 5 per cent while inputs are taxed at 18 per cent, thereby resulting in accumulation of receivable for Input Tax Credit. CCL has applied for the refund amounting to ₹ 61.96 crore for the year 2018-19. However, the same has been rejected by the Tax Authorities citing non-availability of supporting invoices/ documents and it was also advised to submit fresh claim with proper documents. No further claim for refund was filed by CCL. Though, no timeline has been prescribed under the GST Act for utilization of Input Tax Credit, it is worth noting that due to significant difference in Rate of input and output tax, CCL is unable to adjust the tax credit for previous years and tax credit is increasing with time. Further, matter of refund/ accumulation of Input Tax Credit has not been taken up by CCL with Higher Authorities. However, the same has been taken up by holding company Coal India with Higher Authorities. Neither CCL nor Statutory Auditors in his Report, has disclosed the above-mentioned facts and their explanations to carry forward the Input Tax Credit and above stated facts in the Financial Statements/ Report of Auditors, which is in violation of Ind AS- 01. Non-disclosure of facts which are integral to the understanding of the users of financial Statements in taking informed decisions resulted in deficiency in disclosure requirements.	With respect to disclosure of the said event, the following are worth noticing; The objective of Ind AS – 1 'Presentation of Financial Statements' it to prescribe the basis for presentation of general-purpose financial statements to ensure comparability both with the entity's financial statements of previous periods and with the financial statements of other entities. It sets out overall requirements for the presentation of financial statements, guidelines for their structure and minimum requirements for their content. Hence, the Ind AS 1 establishes the minimum requirements for the preparation and presentation of financial statements. Further, the clause 48 of Ind AS – 1 states that this Standard sometimes uses the term 'disclosure' in a broad sense, encompassing items presented in the financial statements. Disclosures are also required by other Ind ASs. Unless specified to the contrary elsewhere in this Standard or in another Ind AS, such disclosures may be made in the financial statements. Moreover, the "Framework for the Preparation and Presentation of Financial Statements in accordance with Indian Accounting Standards (Ind AS), vide its clause 44 to 45 states that there are constraints on information / discourse such as timeliness, balance between benefit and cost, balance between qualitative characteristics (i.e. excessive disclosure). In the above matter, it is further submitted that there is no specific requirement under applicable Ind AS to make a specific disclosure in the matter of carrying forward of Input Tax Credit. Hence, the same event falls under the other voluntary disclosure to be included in the Financial Statements. As, the other relevant information in the said subject matter are already in the market i.e. industry information, statutory provisions and other platforms, any specific discourse in the said matter is not made in the Financial Statements. Nevertheless, as the same is specifically observed by the CAG Audit team, the same would be complied with in the future Financial Statements..

A 1.2. Stripping Activity Adjustment: ₹ 3,639.59 crore (Note 21)	
As per the Ind AS -01, an entity has to provide information that is not presented elsewhere in the financial statements but is relevant to an understanding of any of them. Further, it states that when an entity departs from a requirement of an Ind AS it had to disclose that it has complied with applicable Ind ASs, except that it has departed from a particular requirement to present a true and fair view Institute of Cost Accountants of India (ICMAI), in 2017, issued Cost Accounting Standard 23 (CAS-23) to bring uniformity. Consistency in the principles, methods of determining and assigning Overburden Removal Cost (OBR) with reasonable accuracy. CAS-23 while defining, the various key components of OBR assessment also define methodology for Advance Stripping. Also, Ind AS 16 stated that the stripping activity has to be recognized as asset and shall be depreciated or amortized on a systematic basis, over the expected useful life. The Accounting Policy of the Company related to Stripping Activity Adjustment stipulates that in the mines with rated capacity of one million tonne per annum and above, the cost of Stripping is charged on technically evaluated average stripping ratio (OB: COAL) at each mine with due adjustment for stripping activity assets and ratio variance account after the mines are brought to revenue. Net of balances of stripping activity asset and ratio variance in the balance Sheet date is shown is Stripping Activity Adjustment under the head Non-Current Provisions/ (Other Non- Current Assets as the case may be. The above policy on OBR adopted by the company is not in compliance with the provisions of Ind AS 16 (appendix B). Further, the projects of CCL, while computing the advance stripping, adopted different methods, which is a non-compliance of the provisions of CAS-23. CCL had never reviewed the above accounting policy with reference to the provisions of Ind AS- 16 as well as CAS-23. Also, the explanation of continuing with the present system of OBR assessment is in deviation or provisions of CAS-23 and Ind AS 16 and is not disclosed in the accounts which is non-compliance of Ind AS -01.	Ind AS 1 establishes the minimum requirements for the presentation of financial statements. It also specifies the minimum requirements for disclosures in the notes to the financial statements to present true & fair view. Para 20 of Ind AS 1 deals with the disclosure requirement when an entity departs from a requirement of an Ind AS i.e. when management concludes that, compliance with a requirement in an Ind AS would be so misleading that it would conflict with the objective of financial statements set out in the Framework. As far as, the aspect of non- compliance of CAS (i.e. Cost Accounting Standards) 23 is concerned, a reference may please be made to the Para 20 of Ind AS 1 which specifically states that non-compliance of requirement of an Ind AS is required to be disclosed rather than Cost Accounting Standard. Moreover, there is no applicability of CAS in the preparation of financial statements and by its inherent nature, the CAS is to be complied with in preparation of the cost statements / cost accounting records. With respect to the provisions of Appendix B to Ind AS 16, it may be noted that it deals with accounting treatment of stripping costs in the production phase of surface mine and further prescribes the creation of an asset only, leaving apart ratio variance as liability i.e. only favourable mining conditions. All relevant information in the said matter has suitably and properly been disclosed in the respective accounting policy i.e. stripping activity expense / adjustment. As such, there is no-noncompliance or deviation in the said subject matter from the applicable / governing Ind AS-16.

A.2. Note -38 — Additional Notes to the Financial Statements As per the Ind AS - 01 an entity had to provide information that is not presented elsewhere in the financial statements but is relevant to an understanding of any of them. It is further states that an entity had to disclose information about the assumptions which makes about the future and other major sources of' estimation uncertainty at the end of the reporting period, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year. Demand of ₹ 216.55 crore has been raised by Government of Jharkhand (January 2022 towards transfer of 61.44 Ha land to Jharkhand Central Railway Limited (JCRL). Management of"JCRL, argued (July 2022) that the demand raised, was based on higher rate of commercial land in place of agricultural land. Though, the matter was discussed at different level of State Government and Ministry of Coal, the issue, however, remained unresolved till March 2023. On resolution of the matter regarding pricing of the land, the payment shall be transferred to Government of Jharkhand for obtaining the possession of land. However, the issue has not been disclosed in the Financial Statements for the year ended March 2023. Non-disclosure of the issue in the Financial Statements is in violation of Ind AS- 01.	In the approved DPR of JCRL, the provision against land is made to the tune of Rs. 281.62 cr. including land assistance fee of project execution agency. The above amount was ascertained considering the rate of Government of Jharkhand. The authorities while computing the amount has considered commercial rate instead of rural agricultural rate which has resulted in computation of abnormally higher amount. Further, the state authorities have already accepted for revision of the demand and the matter has never been perused by the state authorities for payment. As per PARA 28, paragraph 86 of the provisions of Ind AS -37, the conditions in relation to disclosure under the head contingent liability also not satisfied. The Ind AS-1 establishes the minimum requirement for the preparation and presentation of financial statements. There is no specific requirement under applicable Ind AS to make a specific disclose in such matters. The same event falls under the other voluntary discourse to be included in the Financial Statements. Nevertheless, as the same is specifically observed by the CAG Audit team, the same would be complied in the future Financial Statements.

ANNEXURE -V

CEO AND CFO CERTIFICATION

Date: 27/04/2023

To

The Board of Directors

Central Coalfields Limited

We, P.M. Prasad, Chairman-cum-Managing Director, Central Coalfields Limited, Ranchi and Pawan Kumar Mishra, Director (Finance). Central Coalfields Limited, Ranchi; responsible for the finance function certify that:

a. We have reviewed the Financial Statements of the Company for the Year Ended 31st March 2023 together with Accounting Policies and Additional Notes thereon as well as Financial statements for the year ended on 31" March 2023 as per Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and that to the best of our knowledge and belief:

   i. These statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;

   ii. These statements together present a true and fair view of the company's affairs and are in compliance with existing accounting standards i.e. IND AS, applicable laws and regulations without any material departure.

b. There are, to the best of our knowledge and belief, no transactions entered into by the company during the Year Ended 31st March 2023 are fraudulent, illegal or violative of the company's code of conduct.

c. We accept responsibility for establishing and maintaining internal controls for financial reporting and we have evaluated the effectiveness of internal control systems of the company pertaining to financial reporting and we have disclosed to the auditors and the Audit Committee, deficiencies in the design or operation of such internal controls, if any, of which they are aware and the steps they have taken or propose to take to rectify these deficiencies.

d. We have indicated to the auditors and the Audit Committee that:

   i. There has not been any significant changes in internal control over financial reporting during the year under reference;

   ii. There has not been any significant change in accounting policies during the period.

   iii. We have not become aware of any instance of significant fraud with involvement therein of the management or an employee having a significant role in the company's internal control system over financial reporting.

CONSERVATION OF ENERGY

I. The steps taken or impact on conservation of energy in the year 2022-23;

A. Steps taken for conservation of electrical energy power as below:

a. Installation at Capacitor Bank:

i. Installation at load points for reduction in Maximum Demand by improvement of Power Factor.

ii. Improvement of power factor by use of Capacitor banks with all ventilation fans, directly, for underground mines.

iii. Tender has been done for 20 sets 7360 KVAR Capacitor banks. Installation of the same will improve Power factor, which will further reduce power Bill, 6500 KVAR capacitor banks installed during 2022-23 for P.F. improvement.

b. Energy conservation measures in pumping system:

i. Reduction of stages, increase of pipe diameter, ensuring adequate NPSH (Net Positive Suction Head) and removal of intermediate stage pumping.

ii. Procurement of pumps and pipes of suitable capacity and diameter respectively has been madefor this purpose.

iii. Availability of basic instruments in the pumps like pressure gauges, flow meters etc. is being ensured so that operation of pumps near their best efficiency point is carried out.

c. Energy conservation measures in Motors & Transformers:

i. Optimum loading of motor & transformers by proper selection of load and rating of the equipment.

ii. Improving power supply quality and power transmission efficiency.

iii. By improving power factor and replacement by energy efficient motors and transformers.

iv. Procurement of energy efficient Motors & Transformers of suitable capacity has been made for this purpose.

d. Replacement of conventional lights by LED lights:

i. In FY 2022-23, order placed for 16301 nos of LED lights of different ratings. Order placed for 5863 nos of Super fans. Order placed for 539 nos of Energy Efficient ACs. Order placed for 226 nos of Auto timers. Order placed for 60 nos of efficient water heaters. Tendering done for 20 Nos., 7360KVAR Capacitor Banks. Order placed for hiring of 16 nos of Electric Vehicles for CCL HQ and 06 Nos at Piparwar area, all 22Nos EV are present running.

ii. In FY 2022-23, 190 nos. of Lighting Towers, each fitted with 8*300 W LED fittings, have been installed in different Areas of CCL.

e. Replacement of old and surveyed–off electrical machines by energy efficient electrical machines/appliances (Five-star rating).

B. Its Impact

By adopting the above measures:

a. Specific energy consumption is being reduced year-on-year basis.

b. Power factor at receiving points of DVC supply have improved. Power Factor at all power receiving points is being maintained above 0.90. This has enhanced the life and smooth runningof electrical machines working in the field.

c. There is reduction in electricity bill on account of increased power factor, use of energy efficientequipments/ appliances.

II. The steps taken by the company for utilizing alternate sources of energy:

Total installed capacity (in MWp) of Roof Top Solar Power Plant up to March'22 = 1.25 MWp

Solar Energy data for FY 2022-23:

Sl.	Description	
1.	Roof Top Solar Power Plant commissioned	NIL
2.	Awarded Land Mounted Solar power project	20 MW (˜ Rs. 142 Crores)
3.	Total Solar Power Plants for which Feasibility Report approved	19.77 MW
4.	Solar Energy generated from Roof top Solar Plants in-KWh	˜ 8,20,000 KWh

III. The capital investment on energy conservation equipments;

Total capital investment on energy conservation equipment in FY 2022-23 is around Rs. 7.00 Crore.

Foreign Exchange Earned : No earning by the Company

Annexure – X

ANNUAL REPORT ON CSR ACTIVITIES FOR FINANCIAL YEAR COMMENCING ON 1ST DAY OF APRIL, 2022 (FY 2022–23)

1. BRIEF OUTLINE ON CSR POLICY OF THE COMPANY

Central Coalfields Limited has adopted CSR as a strategic tool for sustainable growth. CCL has been undertaking social development work even before the concept of Corporate Social Responsibility came up under the name Community Development within a periphery of 8 kms of its project sites.

Central Coalfields Limited has been undertaking CSR activities based on the CSR Policy of the Company. Until September 2021, CSR Policy of CIL communicated by CIL from time to time as applicable to CIL and its subsidiaries was followed in CCL. The modified CSR Policy of CIL w.e.f.28.10.2020 and subsequent version w.e.f. 08.04.2021 were adopted by CCL Board from respective effective dates Subsequently, a 'CCL CSR Policy' recommended by Board level SD&CSR Committee was approved by CCL Board and communicated to areas on 11.11.2021.

Allocation of CSR funds is done on the basis of 2% of average net profit of the company for the three immediate preceding financial years or Rs. 2.00 per tonne of Coal production of immediately preceding financial year, whichever is higher.

The policy lays down provisions/guidelines for unspent or excess CSR amounts in a particular year to be as per statute which means if CCL spends an amount excess to the mandatory CSR target for a year, the amount can be set-off in the succeeding years. Likewise, if the CCL fails to spend the mandatory CSR amounts in a financial year same shall be deposited in Unspent CSR account if it pertains to ongoing projects or else it shall be deposited in funds specified under schedule VII.

As per CCL CSR policy around 80% of the allocated CSR funds are required to be spent within 25 kms radius of project sites/ mines/ area HQ/ Company HQ while the remaining 20% can be spent within the state of Jharkhand.

The CSR activities can be taken up in the thematic areas as mentioned in Schedule VII of the Companies Act and as per directions from DPE or MOC or applicable Act/Rule /Order/Guidelines of the Govt. From 2018 onwards, DPE has issued guidelines for expenditure on specific themes decided for each year. Expenditure in the theme decided by DPE should be around 60% and preference should be given to Aspirational districts.

The CCL CSR policy envisages approval of the CSR projects as per following DoPs:

Authority	DoP
Board of Directors	Projects valuing more than Rs. 1.00 Crore on recommendation of SD&CSR Committee
Chairman-cum-Managing Director	Projects valuing Rs. 40 lakh to Rs. 1.00 Crore on recommendation of CSR Below Board level Committee
Director (Personnel)	Projects of areas valuing more than Rs. 5.00 lakhs upto Rs. 40.00 lakhs and all projects of HQ valuing upto Rs. 40.00 lakhs on recommendation of CSR Below Board level Committee
Area GM	Projects valuing upto Rs. 5 lakhs on recommendation of Area level CSR sub-committee.

The CSR policy envisages extant guidelines for selection, planning, implementation, monitoring, impact assessment and documentation of CSR projects.

2. COMPOSITION OF CSR COMMITTEE

Sl.	Name of Director	Designation/Nature of Directorship	Number of meetings of CSR Committee held during the year	Number of meetingsof CSR Committee attended during the year
1	Shri Ramesh Kumar Soni	Chairman, Non-Official Part-time Director	7	7
2	Shri Vinay Ranjan	Member, Director (P&IR), CIL w.e.f. 05.08.2021	7	7
3	Shri Pawan Kr. Mishra*	Member, Director (F), CCL	6	6
4	Shri Harsh Nath Mishra*	Member Director (P), CCL	4	4

* Shri Pawan Kumar Mishra and Shri Harsh Nath Mishra appointed as directors on the Board of the company w.e.f. 10.06.2022 and 24.08.2022 respectively.

3. Provide the web-link where Composition of CSR committee, CSR Policy and CSR projects approved by the board are disclosed on the website of the company

Web Link: https://www.centralcoalfields.in/sutbs/sdcsr.php

4. Provide the executive summary along with web-link(s) of Impact assessment of CSR projects carried out in pursuance of sub-rule (3) of rule 8, if applicable :

The executive summary of Impact Assessment of 4 CSR projects conducted in the FY 2022-23 is under below:

Web link of Impact Assessment Report:

https://www.centralcoalfields.in/sutbs/pdf/18_05_2023_impact_assessment_study.pdf

5. (a) Average net profit of the company as per sub-section (5) of section 135 : Rs. 23,13,54,33,333.00

(b) Two percent of average net profit of the company as per sub-section (5) of section 135: Rs. 462708666.70*

(c) Surplus arising out of the CSR projects or programmes or activities of the previous financial years : Rs. 17892584.71

(d) Amount required to be set-off for the financial year : Nil

(e) Total CSR obligation for the financial year [(b)+(c)-(d)] : Rs. 48,06,01,251.41

6. (a) Amount spent on CSR Projects (both Ongoing Project and other than ongoing projects) : Rs. 34,71,52,852.80**

(b) Amount spent in Administrative Overheads: Rs. 13375392.00

(c) Amount spent on Impact Assessment, if applicable: Rs. 696200.00

(d) Total amount spent for the Financial Year [(a)+(b)+(c)] : Rs. 361224444.80

(e) CSR amount spent or unspent for the Financial Year:

* Rounded off to Rs. 462800000/- for accounting purpose.

** May also refer to Note 29 of notes to accounts of FS.

Total Amount spent for the Financial year (in Rs.)	Amount Unspent (in Rs.)				
	Total amount transferred to unspent CSR account as per section 135(6)		Amount transferred to any fund specified under Schedule VII as per second proviso to section 135(5)		
	Amount	Date of Transfer	Name of the Fund	Amount	Date of Transfer
361224444.80	121468139.91*	28.04.2023	NA	NA	NA

* The amount deposited in the Unspent CSR account includes the surplus arising out of the CSR projects or programmes or activities of the previous financial years and an additional amount over and above the mandatory amount to be deposited since the Unspent amount has been calculated on the basis of un-audited CSR expenditure figures.

(f) Excess amount for set-off, if any: Nil

Sl. No.	Particular	Amount (in Rs.)
(1)	**(2)**	**(3)**
(i)	Two percent of average net profit of the company as per sub-section (5) of section 135(5)	**462708666.70**
(ii)	Total amount spent for the Financial Year	361224444.80
(iii)	Excess amount spent for the financial year [(ii)-(i)]	0.00
(iv)	Surplus arising out of the CSR projects or programmes or activities of the previous financial years, if any	17892584.71
(v)	Amount available for set off in succeeding financial years [(iii)-(iv)]	0.00

7. Details of Unspent Corporate Social Responsibility amount for the preceding three Financial Years:

Sl. No.	Preceding Financial Year.	Amount transferred to Unspent CSR Account under sub-section (6) of section 135 (6) (in Rs.)	Balance Amount in Unspent CSR Account under sub-section (6) of section 135 (in Rs.)	Amount spent in the reporting Financial Year (in Rs.).	Amount transferred to any fund specified under Schedule VII as per section 135(6), if any.		Amount remaining to be spent in succeeding financial years. (in Rs.)	Deficiency, if any
					Amount (in Rs.)	Date of transfer.

8. Whether any capital assets have been created or acquired through Corporate Social Responsibility amount spent in the Financial Year: Yes

If Yes, enter the number of Capital assets created/acquired: 118

The details of assets created through Corporate Social Responsibility amount spent in the Financial Year are enclosed as **Annexure A.**

9. Specify the reason(s), if the company has failed to spend two per cent of the average net profit as per sub-section (5) of section 135.

Central Coalfields Limited has a shortfall expenditure of Rs. 10.15 Cr due to the following reasons:

1. The CSR project for construction of toilets near 200 Railway Stations in Jharkhand by RITES has been significantly delayed. An expenditure of around Rs. 13.00 Cr was expected to be incurred in the FY 2022-23, however due to excessive delay in implementation of the project by M/s RITES and Railways, no further expenditure could be made against the project in the FY 2022-23 beyond the advance amount already deposited with them earlier as per MOU.
2. Execution of two high value research projects through AIIMS has been delayed.
3. Utilization certificates against many CSR projects which are being implemented by the implementing agencies/ Districts have not been received as anticipated in spite of follow up action by CSR Department.
4. Some of the Area level projects could not be implemented as scheduled due to non-acceptance of contractual conditions by the bidders, cancellation of contracts and re-tendering, site and other issues which were beyond the control of CCL.
