Productivity (OMS-TE)

II. WASHERY PERFORMANCE

Apart from production and marketing of raw coal, CCL is also in the business of washing of coking coal and non-coking coal. There are four coking coal washeries and one washery for washing/beneficiation of non-coking coal. CCL washeries have contributed ₹ 225.94 Crore towards overall profit in the financial year 2024-25.

Operational Performance of coking coal washeries during FY 2024-25:

1. Raw coal feed to coking coal washeries is ₹ 23.89 Lakh tonnes which is 5.52% higher than FY 2023-24.
2. Washed coal production from coking coal washeries is 7.71 lakh tonnes which is 20.66% higher than the average washed coal production of last 3 years.

Setting up of new coking coal washeries.

With an objective to contribute to the 'Mission Coking Coal' of the Government of India, CCL has planned to setup five coking coal washeries of total capacity 14.5 MT. These include- New Rajrappa (3 MTY), Dhori (3 MTY), New Sawang (1.5 MTY), Basantpur Tapin (4 MTY), and New Kathara (3 MTY).

1. Tenders for setting up the washeries on Build-Own-Operate concept have been finalized for 4 out of the 5 washeries.

2. Letter of Award has been issued to successful bidders

for New Kathara Coking coal washery & Basantpur-Tapin coking coal washery.

3. Letter of Intimation has been issued for New Rajrappa coking coal washery & New Sawang coking coal washery.

4. ToR has been issued for Dhori coking coal washery & EC has been obtained for New Rajrappa coking coal washery.

3. CAPITAL EXPENDITURE

A. The Standalone capital expenditure during the year 2024-25 has been ₹ 4,328.42 Crore compared to ₹ 3400.77 Crore in the previous year. The head-wise detail of capital expenditure is detailed below:

(₹ in Crore)

Sl.	Head of expenditure	2024-25	2023-24
i.	Land	931.01	286.70

Total		3,530.17	2,457.43

Note- In addition to above, the company has paid Advances for Capital Expenditure (Net increase) of ₹ 1,500.36 Crore (Previous Year ₹ 1,300.69 Crore). Total Capital Expenditure including Capital Advance for the FY 2024-25 is ₹ 5,030.53 Crore (Previous Year ₹ 3,758.12 Crore).

4. CONTRIBUTION TO EXCHEQUER

The contribution to the State/Central Exchequer during the year 2024-25 vis-à-vis 2023-24 is detailed below:

		₹ in Crore	
Sl.	Particulars	2024-25	2023-24
i.	Royalty on Coal	2157.92	2,120.22
ii.	NMET (Central Fund)	42.94	45.24
iii.	DMF (State Fund)	648.35	637.18
iv.	Sales Tax / VAT	0.23	66.60
v.	Income Tax	1,227.76	1,358.81
vi.	Service Tax	-	0.02
vii.	Goods & Service Tax	-	-
	IGST	0.16	0.03
	CGST	330.88	315.37
	SGST	330.88	315.37
	GST Compensation Cess	3429.86	3,319.02
Viii	Transit Fees	508.64	482.85
ix.	Covid Cess	73.89	79.82
x.	Jharkhand mineral; Cess	553.59	-
xi.	Others	20.44	24.66
	TOTAL	9,325.54	8,765.19

5. CAPITAL STRUCTURE

The company has Authorised Capital of ₹ 4,000 Crore (PY ₹ 4,000 Crore) and Paid-up Share Capital of ₹ 1880.00 Crore (PY ₹ 1,880 Crore) The Standalone net worth of the Company as on 31st March 2025 is ₹ 16,464.04 Crore as compared to ₹ 13,585.15 Crore as on 31st March 2024.

6. MANAGEMENT EXPLANATION ON AUDITOR'S REPORT:

a. Management Explanation on Statutory Auditor's Report:

The Statutory Auditor of the company have given unqualified report (Addendum to Directors' Report) on standalone and consolidated financial statements respectively of the company for the Financial Year 2024-25. Matters under "Emphasis of Matters" have been adequately explained in the respective notes/ footnotes of the Financial Statement.

b. Supplementary Audit of Financial Statements by Comptroller and Auditor General of India (C&AG):

Comments issued by the office of the C&AG on Financial Statements of the company for the year 2024-25 on supplementary audit conducted under section 143(6) [and also read with Sec 129(4)] of the Companies Act, 2013, along with management explanation are also Annexed.

c. Management reply on Secretarial Audit Report:

The Secretarial Audit Report does not contain any qualification, reservation or adverse remark except commenting on present strength of Independent Directors on the Board and Board level committees. The management reply has been provided as an annexure to Secretarial Audit Report for FY 2024-25 as placed in **Annexure-III**.

7. INTERNAL FINANCIAL CONTROL SYSTEM

The Company has in place adequate Internal Financial Controls with reference to financial statements. During the year, to make sure that assets are protected and that company's activities are conducted in accordance with the organization's policies and procedures, such internal controls were tested and no reportable material weakness in the design or operation were observed in the C&AG Audit, Internal Audit and Statutory Audit.

8. PARTICULARS OF CONTRACTS OR ARRANGEMENT WITH RELATED PARTY DISCLOSURES

Disclosure on related party transactions forms part of the Notes to Balance Sheet.

9. COST AUDIT REPORT

The Company is maintaining Cost Accounting Records in accordance with Section 148(1) of the Companies Act, 2013 read with the Companies (Cost Records and

Audit) Rules, 2014. The Cost Audit Report for the year 2023-24 has been filed under XBRL mode within due date of filing. The Cost Audit Report for the year 2023-24 contains no qualification or adverse comments. The Cost Audit Report for the year 2024-25 is in process of finalization and will be filed within prescribed date of filing.

10. INSOLVENCY AND BANKRUPTCY CODE 2016

There were no Significant and Material Orders passed by the Regulators or Courts or Tribunals impacting the Going Concern status and the Company's Operations in future, and no application was made or proceedings pending under Insolvency and Bankruptcy Code, 2016.

13. OFFTAKE

The total Offtake of Raw Coal during 2024-25 was 85.69 Million Tonnes. The mode-wise details of off-take compared to that of last year is as under:

11. DEPOSITS UNDER THE PROVISIONS OF COMPANIES ACT

The Company has not accepted any deposit, in terms of the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under.

12. MATERIAL CHANGES AFFECTING FINANCIAL POSITION

No such material changes and commitments occurred between the end of the Financial Year and the date of report which may affect the financial position of the Company.

(Figs. in Million Tonnes)

Mode	2024-25	2023-24	Growth over last year
Rail	52.58	48.38	8.69%
Road	27.05	28.48	-5.03%
Feed to Washery	6.06	6.05	0.13%
Total Offtake	85.69	82.91	3.35%

The total dispatch during 2024-25 was 86.04 Million Tonnes. Sector-wise dispatch of coal and its different by-products during the year 2024-25 are given below:

(Fig in Million Tonnes)

Sector	Raw Coal	Clean Coal	Washed Coal Power	Non- Coking Washed Coal	Slurry	Rejects	Total
Power	66.54	0.00	0.49	3.62	0.00	0.00	70.66
Steel	0.12	0.69	0.00	0.00	0.00	0.00	0.81
Steel CPP	0.07	0.00	0.83	0.00	0.00	0.00	0.90
Fertilizer	0.15	0.00	0.00	0.00	0.00	0.00	0.15
Others*	12.76	0.01	0.00	0.01	0.18	0.57	13.52
Total	79.63	0.70	1.33	3.63	0.18	0.57	86.04

SECTOR WISE DESPATCH OF COAL (MT)

* Others include Spot e-auction, Spongelron, CPP, State Agencies, CPSU etc.

14. COAL STOCK

The stock of Raw Coal* as on 31st March 2025 stood at 13.578 Million Tones as against 11.729 Million Tonnes as on 31.03.2024.

(*Raw Coal stock at all producing units, washeries and coke plant)

15. TURNOVER AND SALES REALIZATION

The Gross Sales Turnover of the Company for the FY 2024-25 is ₹ 25,598.70 Crore (including revenue from other services) and the total realisation amounts to ₹ 27,419.52 Crore, comprising ₹ 26,111.52 Crore received in cash (including advances from customers) and ₹ 1,308.00 Crore adjusted against

land compensation payable. The sector-wise position of debtors (Gross) as of 31st March 2025 is given below:

(Figs. in ₹ Crore)

Sector	As on 31.03.2025	As on 31.03.2024
Power	996.40	1729.17
Steel	741.16	598.47
Others	168.64	40.33
Total	1906.20	2367.97

16. POPULATION AND PERFORMANCE OF HEMM:

The population of HEMM's in mechanized opencast mines of CCL as on 31.03.2025 against that of 31.03.2024 is given below:

HEMM	Population as on					
	31.03.2025			31.03.2024		
	Not Surveyed Off	Provisionally Surveyed Off	Total	Not Surveyed Off	Provisionally Surveyed Off	Total
Shovel	61	38	99	67	38	105
Dumper	297	60	357	256	87	343
Dozer	165	03	168	171	03	174
Drill	87	13	100	93	11	104
Surface Miner	01	00	01	01	00	01
TOTAL	611	114	725	588	139	727

HEMM	%Availability			%Utilization		
	Norms	Actual		Norms	Actual	
		2024-25	2023-24		2024-25	2023-24
Shovel	80	84.3	82.3	58	48.3	48.8
Dumper	67	80.2	81.5	50	40.3	44.3
Dozer	70	72.1	76.3	45	15.4	15.6
Drill	78	86.7	89.4	40	22.7	21.4
Surface Miner	80	75.0	89.6	60	4.8	5.8

17. SYSTEM CAPACITY UTILISATION

Total System Capacity for 2024-25 assessed as on 01.04.24 (MM3)	Achievement of Production by OC mines (2024-25)			% Capacity Utilization	
	Coal	OBR	Composite	2024-25	2023-24
	(MT)	(MM3)	(MM3)		
216.96	86.832	118.348	173.654	80.0	92.4

18. COAL MARKETING

18.1 Demand Satisfaction as per AAP

(Fig. in Million Tonnes)

Sector	Dispatch Target as per AAP	Dispatch	% Satisfaction	Dispatch Target as per AAP	Dispatch	% Satisfaction	% Growth over last year
	2024-25	2024-25	2024-25	2023-24	2023-24	2023-24	
Steel (Incl. Steel CPP)	2.11	1.71	81.23%	1.97	1.75	89.06%	-2.06%
Power	83.00	70.66	85.13%	70.00	69.62	99.46%	1.48%
Fertilizer	0.15	0.15	98.67%	0.15	0.12	82.00%	20.33%
Others	14.74	13.52	91.71%	11.89	12.02	101.12%	12.48%
Total	100	86.04	86.04%	84	83.52	99.42%	3.02%

18.2 Wagon Loading

The coalfield wise wagon loading position for the year 2024-25 & 2023-24 is given below:

(Fig. in Rakes/Day)

Railway Fields	2024-25	2023-24	% Growth over last year
North Karanpura	30.02	29.51	1.72%
South Karanpura	2.62	3.40	-22.72%
West Bokaro	4.33	2.86	51.51%
East Bokaro	6.92	6.22	11.22%
Ramgarh	0.45	0.53	-14.20%
Giridih	0.36	0.28	29.48%
Total CCL	44.71	42.80	4.47%

18.3 E-Auction of Coal

The performance of Spot e-Auction's during the period 2024-25 is as under:

Period	Spot e-Auction Scheme	Offered Qty. (Million Tonnes)	Booked Qty. (MillionTonnes)	% gain over Reserve Price
2024-25	Rail	2.39	0.70	44.32%
	Road	16.80	10.61	51.85%
	Slurry	0.46	0.22	27.66%
	Rejects	0.85	0.68	57.01%
	Total	20.50	12.21	50.67%

19. STATUS OF PROJECT IMPLEMENTATION

Ongoing Projects produced 72.60 MT coal during FY 2024-25, marking a 3% growth compared to FY 2023-24. Amrapali OCP produced 24.19 MT, Magadh OCP produced

20 MT and North Urimari produced 4.5 MT. These projects have successfully achieved production in line with their Environment Clearance (EC) capacities. The production target for ongoing projects in FY 2025-26 has been set at 87.60 MT.

Project implementation continues to be a key focus area.

Forestry Clearances (FC) have been expedited through proactive monitoring and consistent follow-up efforts. Consequently, the following milestones have been achieved.

FC stage I of Magadh OCP and Chandragupta OCP involving 891.74 Ha forest land was obtained.

Stage II of Karo OCP, Kedla OCP and Rajrappa OCP covering 672.32 Ha forest land was obtained.

Furthermore, site handover has been successfully obtained for Kotre Basantpur Pachmo and Karo OCP, involving a total of 1081.84 Ha of forest land.

In FY 2024-25, Environmental Clearances were obtained for Chandragupta OCP (20 MTY), Rohini Expansion OCP (0.75 MTY), and the expansion of North Urimari OCP from 4.2 MTY to 4.5 MTY. Furthermore, Environmental Clearance for Piparwar Phase-I UG was granted specifically for developmental activities, including incline drivage and the development of necessary infrastructure.

As a result of these clearances and accelerated groundwork, two Greenfield projects—Kotre Basantpur Pachmo OCP (5 MTY) and Chandragupta OCP (15 MTY)—are scheduled to commence coal production in FY 2025-26.

Award of Sanghmitra OCP (20 MTY) contract under the Mine Developer and Operator (MDO) mode was done in April 2024.

To promote sustainability, an eccentric vertical ripper contract was implemented in Jarangdih OCP and AKK OCP for the removal of overburden (OBR).

Further a major tender of Hiring of HEMM for 233.3 MT Coal extraction and 413.5 MCum OBR in Amrapali OCP for a period of 7 years was floated.

The Magadh FMC project, with a capacity of 51 MTY and an estimated cost of ₹ 1,575 Crore, was awarded in FY 2024-25. Additionally, Amrapali (25 MTY, ₹ 592 Crore), Konar (5 MTY, ₹ 250 Crore), Karo (7 MTY, ₹ 250 Crore), and KDH-Purnadih (7.5 MTY, ₹ 443 Crore) FMC projects are at various stages of operationalization.

Sustainable mining is a priority. The company produced 53 MT of coal, about 61 % of total production of FY 24-25 from surface miner.

Projects approved during the FY 2024-25:

SI No	Projects	Sanctioned Capacity (MTY)	Sanctioned Capital (₹ Crore)
1	PR of Bokaro OCP Phase-II	2.0	118
2	UCE of Argada OCP	4.0	971
Total		6.0	1089

Projects completed during the FY 2024-25

SI No	Projects	Sanctioned Capacity (MTY)	Sanctioned Capital (₹ Crore)
1	Karma OC	1.0	162
2	Churi-Benti UG	0.81	164
Total		1.81	326

STRATEGY FOR COAL EVACUATION:

RAIL:

- A. Tripling work of Tori-Shivpur rail line section-** Subsequent to commissioning of double rail line at a cost of ₹ 2692 Crore, third rail line work has been undertaken through E.C. Railway at an additional cost of ₹ 894 Crore. Work of third rail line from Shivpur to Biratoli has been commissioned on 01.03.2024. Further, 4th line from Biratoli - CIC Line (connecting at Tori Station) is in progress and nearing completion along with yard remodification at CCL's notified sidings i.e. at Shivpur, Phulbasia, Bukru & Balumath.

Inflated Mileage @70% has been approved by Railway towards compensation to CCL for the capital invested in this Rail line. Four instalments amounting to ₹ 241.56 Crore has been received by CCL.

- B. Shivpur-Kathotia new BG single rail line-** (Original Estimated cost - ₹ 1799.64 Crore / Revised Estimated cost - ₹ 2564.34 Crore)

The work of Shivpur - Kathautia new BG Rail Line has been taken up through M/s IRCON International Limited on behalf of the Joint Venture (JV) Company of CCL, IRCON & Govt. of Jharkhand i.e. "Jharkhand Central Railway Limited (JCRL)" having Equity/Debt ratio of 30:70

Financial Closure has been achieved by JCRL. A

consortium of 4 banks led by Punjab National Bank (PNB) is providing the bank loan to JCRL.

Work is under progress and the completion timeline is June 2026. Physical progress is nearly 53 % (w.r.t to revised scope of work)

C. Construction of North Urimari Railway Siding- Rail connectivity work for North Urimari FMC completed & commissioned for silo loading in May 2024.

D. Construction of Magadh Railway Siding (Phase I)-

Work was awarded to M/s RITES Ltd. at a cost of ₹ 391.01 Crore. Some construction work has been done by M/s RITES Ltd in Railway land portion and in CCL's acquired land portions. Work is held up, as forestry clearance is awaited.

E. Construction of Amrapali Railway Siding (Phase I)-

Work was awarded to M/s RITES Ltd. at a cost of ₹ 413.48 Crore. Construction work is in progress in Railway land portion. Stage I forest clearance is granted. Stage II forest clearance awaited.

F. Construction of KDH Railway Siding -

Work was awarded to M/s RITES Ltd. at a cost of ₹ 239.60 Crore. Work is in progress in available land portion. Forestry clearance is awaited.

G. Construction of Karo Railway Siding -

Work was awarded to M/s IPRCL at a cost of ₹ 160.97 Crore. Work is in progress..

H. Construction of Konar Railway Siding -

Work was awarded to M/s IPRCL at a cost of ₹ 72.37 Crore. Work is in progress.

I. PMC work awarded for construction of following rail lines -

1. Ashoka Railway Siding
2. Sanghmitra Railway Siding
3. Magadh Railway Siding (Phase II)
4. Amrapali Railway Siding (Phase II)

J. Construction of Danea-Kedla Railway Siding -

Work was awarded to M/s RITES at a cost of ₹ 484.94 Crore. Work is in progress. Forestry clearance is required.

K. Approval of Detailed Project Report (DPR) obtained from E.C. Railway for -

1. Construction work of Rohini-Karkatta Railway Siding of CCL.
2. Construction of new line / modification of existing rail lines at Rajrappa Washery Siding in view of upcoming new Rajrappa Washery.
3. Construction of new line / modification of existing rail lines at Kathara Washery Siding in view of upcoming new Kathara Washery.
4. Construction of new line / modification of existing rail lines at Giddi - A Railway Siding for Wharf wall loading.

ROAD:

During the FY 2024-25, a total of 10 km of concrete Coal Transportation Roads have been constructed in CCL in Magadh & Sanghmitra, Amrapali & Chandragupta, Piparwar, Barka-Sayal, B&K, Rajrappa, Kuju and Argada Areas for smooth transportation of coal from stock/mines to sidings.

Further, 01 no. diversion road of length 2.605 km at Jarangdih OCP and 01 no. High Level bridge over Damodar River of length 108 m at Govindpur Ph-II OCP have been completed at Kathara Area by SHAJ (State Highway Authority at Jharkhand), Road Construction dept.,GoJ on deposit basis.

20. CRUSHING OF COAL

As per directive of Ministry of Coal, only -100 mm crushed coal is to be dispatched to the consumers. For crushing of mined coal to the desired size, 26 nos. of departmental crushers are installed in different Areas of CCL and in FY 2024-25, total 57.51 Lakh Te of coal has been crushed. Further, as per requirement, different areas are hiring mobile crushers as and when needed to crush coal to -100 mm size. Also, different Coal Handling Plants are being constructed at CCL for transportation of -100 mm Coal through Conveyor belt from Mines to Rail wagons.

This system is environment friendly and will eliminate requirement of transportation of Coal through Trucks/ tippers etc.

North Urimari Coal Handling Plant (7.5 MTY) was commissioned on 31.12.2023 & inaugurated by Hon'ble PM on 01.03.2024. First rake loaded on 09.05.2024. Total 753 rakes were loaded during FY 24-25 and 29.264 LTe coal was handled by CHP during FY 24-25.

Following Coal Handling Plants are under construction:

- i) Konar Coal Handling Plant (5 Mtpa), being constructed by M/s Hamtek Technologies Pvt. Ltd vide LOA/Work Order no. GM(E&M)/CHP(KONAR)/22/658 dated 17.03.2022, for a contract amount of ₹ 250,15,52,800.00 only (Including GST).
- ii) KDH-Purnadih Coal Handling Plant (7.5 Mtpa), being constructed by M/s Madhucon Projects Limited vide LOA/Work Order no. GM(E&M)/CHP work-order/23/1402-15(H) dated 31.03.2023, for a contract amount of ₹ 442,73,06,429 only (Including GST).
- iii) Amrapali Coal Handling Plant (25 Mtpa), being constructed by M/S S. K. SAMANTA & CO. PVT. LTD. vide LOA/Work Order no. GM(E&M)/LOA/24/615-26(H) dated 07.02.2024, for a contract amount of ₹ 592,36,00,000/- only (Including GST).
- iv) Karo Coal Handling Plant (7 Mtpa), being constructed by M/S ASIAN INDWELL JOINT VENTURE vide LOA/Work Order no. GM(E&M)/Karo CHP/24/566(H) dated 05.02.2024, for a contract amount of ₹ 250,08,83,550.02/- only (Including GST).
- v) Magadh CHP (51 MTY), being constructed by M/S S. K. SAMANTA & CO. PVT. LTD. vide LOA/Work Order no. GM(E&M)/LOA/24/3150-60(H) dated 27.12.2024, for a contract amount of ₹ 1575.30 Crore only (Including GST).

21. ENERGY CONSERVATION BY IMPLEMENTING SOLAR PROJECTS:

Coal India Limited and its subsidiaries have taken several measures for transition in the Energy Sector, development and adoption of Renewable Energy, Energy Conservation in its business which has resulted in substantial reduction in CO2 emission.

Status of Solar projects of CCL / Solar energy generation during the FY 2024-25:

Sl. no.	Description	
1.	Total installed capacity (in MWp) of Roof Top Solar Power Plant up to March'25.	25.25 MW
2.	Installation work completed in FY 24-25 and awaited for commissioning due to net-metering approval from JBVNL	2.05 MW
3.	Under construction Solar Power Plants (Balakudra, Barkasayal Area) [First solar project over OB Dump]	05 MW
4.	Other Awarded solar power project during 2024-25	13 MW Solar Power Plant, NK Area
5	Total Solar Energy generated during FY:2024-25	287.95 Lakh units

Major highlights:

1. CCL has identified land area for approx. 170 MW at Giridih Area, which is under pre-feasibility study phase and shall be commissioned in FY 26-27.
2. 20 MW Solar Power Plant, Piparwar is operational since July 2024, and is generating Solar power of an average of 1.10 Lakh units/day, resulting in savings of avg. ₹ 1.05 Crore/month in energy bill.
3. 04 MW Solar Power Plant, Giridih is operational since Oct 2024, and is generating on an average of 21,000 units/day.
4. Net-metering has been started in 400 KWp Solar Plant, Darbhanga House, this plant generates approx. 35000 units per month, which is consumed captively.

A. Impact on Power consumption

- a. CCL receives power through DVC & JBVNL for its areas through different Supply Points. During 2024-25, Power consumption of CCL stood at 645.74 million KWh (DVC- 620.84 MU & JBVNL 24.89 MU), while in 2023-24, power consumption by CCL stood at 672.64 KWh (DVC- 645.77 MU and JBVNL - 26.87 MU). Hence, there has been 4.16% decrease in energy consumption in 2024-25 in comparison to 2023-24.

- b. In 2024-25, CCL got a load factor rebate of ₹ 3.98 Crore & prompt payment rebate of ₹ 6.15 Crore, total ₹ 10.13 Crore for DVC supply points.

22. CONSUMER SATISFACTION

The efforts for better quality coal supplies reflected a positive jump as the grade conformity improved to 96% during FY 2024-25 from 89% over FY 2023-24 according to the sampling and analysis results received.

Fig (A): Coal Grade conformity of CCL for 2024-25 vis-à-vis 2023-24

All the consumers of CCL have the option for quality assessment of the supplies through independent third-party sampling agencies ensuring transparency in the system.

Keeping in view the prime objective of achieving coal consumer satisfaction, CCL has taken effective measures for supply of crushed & good quality coal to consumers. The measures taken are as below:

- CCL has a full-fledged Quality Management department with well-trained officials & staff at area level & headquarter.
- There are 12 well equipped laboratories along with adequate infrastructure for sampling & analysis of coal. There is a Central Coal Testing Laboratory at Quality Management Department of CCL having valid accreditation by National Accreditation Board for Testing and Calibration Laboratories (NABL) and remaining 11 (Eleven) coal testing laboratories are located at area of CCL. In year 2024-25, all 11 (Eleven) area coal testing laboratories are also accredited by National Accreditation Board for Testing and

Calibration Laboratories (NABL) for ISO/IEC 17025: 2017.

- In order to enhance consumer satisfaction and maintaining transparency, tripartite agreement for 3rd party sampling and analysis are being executed with agencies such as M/s. Quality Austria Central Asia P. Ltd, M/s. KCS Quality etc. as empanelled by Power Finance Corp. (PFC). M/s. Quality Council of India (QCI) is also carrying out 3rd party sampling and analysis at same rate as that of PFC empanelled agencies. For Non Power sector consumers, M/s. SunTech (an agency empanelled by CIL), is carrying out activities of 3rd party sampling and analysis of coal.
- Different programmes such as webinars on Coal Quality Management, workshops and trainings were organized for manpower engaged in quality management, production and despatch of coal. Manpower engaged in activities related to NABL accreditation and coal testing has been imparted a training at STQC – IIQM, Jaipur in 2024-25. Quality is a key aspect of our business and manpower deployed in Coal Quality Monitoring, production, despatches are sensitized so that coal of desired quality and size will be delivered to consumers.
- There is an effective grievance redressal system for consumer complaints. The grievances of consumers are inquired and corrective actions are taken effectively.
- For expeditious reconciliation of sampling and analysis results, online bill to bill reconciliation through a dedicated web portal has been adopted in CCL.
- Following Standard Operating Procedure (SOP) are adopted in 2024-25 :-
 - SOP for ensuring supply of (-) 100mm sized coal to the power sector consumers
 - SOP for maintaining quality/grade of despatched coal

SOPs are available on the official website of CCL. For active participation of consumers, feedback registers, complaint registers are maintained at railway sidings in CCL. Consumers are also encouraged for witnessing the loading of coal.

23. COAL CONDITIONING AND MONITORING CELL.

1. Benchmarking of Specific Diesel Consumption (SDC) of 27 Opencast Projects was done in coordination with CMPDIL; recommendations shared for implementation.
2. Total diesel consumption reduced to 47,867 KL in FY 2024-25 from 48,370 KL in FY 2023-24, showing a reduction of 503 KL. Achieved SDC: 1.32 ltr/cum, 0.92% better than benchmark.
3. Total power consumption in FY 2024-25 was 645.74 MKWH, compared to 672.64 MKWH in FY 2023-24 – a 4 % reduction.
4. Electrical audit & benchmarking of 5 high energy consuming mines done in coordination with CMPDIL for energy saving.
5. Awareness programs on energy conservation conducted by OMC across various CCL Areas.
6. Automation of 6 Diesel Dispensing Units (DDUs) completed in Ashoka, Purnadih & Rajrappa Projects. Balance DDUs to be automated in FY 2025-26.
7. Rajrappa selected as pilot project for Integrated Fuel Management System. Full automation of DDU, Bowser, and FLMS installation planned in the next FY.

24. ELECTRONICS & TELECOMMUNICATION

To improve efficiency and address the challenges of increased coal demand, Central Coalfields Limited (CCL) has significantly integrated **Electronics & Telecommunication (E&T), Information Technology (IT), and IT-enabled services** into its operations. This has optimized manpower, reduced manual intervention, and enabled real-time monitoring.

During 2024-25, the E&T Department successfully maintained several key IT-enabled solutions:

- i. **MPLS-VPN based Wide Area Network (WAN):** CCL operates across 14 areas and various centralized units. A dual-connectivity WAN, comprising primary (RailTel) and secondary (BSNL) MPLS-VPN networks, interconnects all 447 locations of operational importance. These networks provide high-speed bandwidth (ranging from 2 Mbps to 500 Mbps) for accessing ERP/SAP, e-office, video conferencing, and other LAN-based applications.

- ii. **Centralized Internet Leased Line (ILL) Facility and Local Area Network (LAN):** CCL has a centralized 1 Gbps ILL (with 128 public IP addresses) from both BSNL and RailTel, providing robust internet access for web applications, GPS/GPRS-RFID servers, and video conferencing. Additionally, a comprehensive LAN with 2,338 points has been established across all CCL Command Areas, including offices, stores, and repair shops, ensuring seamless connectivity.

- iii. **Networking Infrastructure for Hospital Management System (HMS):** Networking infrastructure devices have been installed and are fully operational at four central hospitals (Gandhinagar, Ramgarh, Dhori, and NK), enabling the implementation of HMS.

- iv. **Digital and Analog Communication Systems:** Digital walkie-talkies (100), transceivers (18), and repeater sets (4) are utilized for critical operations like blasting, security, and plant maintenance at Magadh & Amrapali projects. In addition to these analog walkie-talkies (747), VHF sets (60), and repeater stations (8) are also used in CCL.

- v. **Video Conferencing (VC) System:** A cloud-based VC system is functional across all CCL Command areas and CCL HQ. It facilitates meetings with the Ministry of Coal, CIL HQ, Area GMs, and other stakeholders, saving travel and lodging expenses. The system supports both internet and WAN connectivity, with provisions for connecting to CIL Kolkata and other public IP-based VC systems.

- vi. **CCTV Surveillance:** Approximately 1917 CCTV cameras have been strategically deployed across all CCL command areas, including stores, explosive magazines, entry/exit points, and weighbridges. This comprehensive system, mandated by the Ministry of Coal, significantly enhances security and combats theft and pilferage.

- vii. **Weighbridge Operations and Maintenance:** The E&T Department has managed the annual maintenance contracts (CAMC) for rail weighbridges, including software installation and upgrades for FOIS compliance. FOIS integration has been completed for 23 rail weighbridges, and weighbridge data transfer and integration with SAP have been successfully achieved.

In addition to the above, Central Coalfields Limited is

actively implementing several advanced technological systems to enhance its operational efficiency, security, and overall management. These initiatives underscore CCL's commitment to leveraging modern IT-enabled solutions for optimizing performance and addressing the evolving demands of the coal industry:

a) GPS/GPRS based Vehicle Tracking System and RFID with CCTV based Weighing Control and Monitoring System across CCL Command areas

CCL has initiated the implementation of an integrated Weighbridge Automation and Access Control System across 238 locations within the CCL Command Areas. The system is designed to manage, track and monitor access to weighbridges, check-posts, sidings, and other sensitive locations, ensuring seamless synergy between hardware and software components. It regulates authorized access, ensures correct tipper placement for accurate weighment, and enables vehicle tracking from mines to unloading points. The system supports real-time data integration across all operational points via a centralized cloud platform, facilitating automatic data transfer to the SAP server and minimizing manual data entries. This integrated approach offers a comprehensive overview of each vehicle's journey within the mining premises.

b) Implementation of Face and palm recognition based Biometric Attendance device in CCL:

CCL has procured 900 nos. of Contactless Biometric attendance Devices for implementation of Face and palm recognition based Biometric Attendance System in CCL. The Attendance System has been implemented across CCL and is running smoothly.

c) Implementation of Integrated Command and Control Centre in CCL:

The system is designed to enhance security and surveillance at vulnerable locations such as weighbridges, check-posts, sidings, coal stocks, and magazines by integrating IT-based hardware and software components. It enables real-time monitoring using AI-driven video analytics, allowing designated authorities to respond swiftly to incidents as per SOPs. Video feeds are processed locally through NV ₹ and VMS, and securely transmitted to a centralized cloud platform for storage, analysis, and alert generation. The system allows authorized users to access and

manage video data via web and mobile applications. Integration with systems like VTS-RFID and drones shall ensure a unified and intelligent approach to physical security management across the mining areas.

25. SAFETY

CCL continues to uphold its unwavering commitment to safety across all levels of operation. In 2024-25, CCL took significant strides towards its vision of "Zero Harm", integrating cutting-edge technology, targeted training, and a proactive workforce to strengthen mine safety and resilience.

Dynamic Safety Management System

Safety Management System at CCL has evolved into a proactive and adaptive framework, focusing on the continuous identification, assessment, and mitigation of hazards. Key components include:

- Safety Management Plans (SMPs) including Principal Hazard Management Plans (PHMPs)
- Standard Operating Procedures (SOPs)/Codes of Practice (COPs), Standing Orders, and periodic mock drills through the Emergency Response and Evacuation Plan (EREP)
- Safety audits conducted by SHMS-trained executives across all 38 mines, with Action Taken Reports (AT ₹) uploaded to the National Coal Mines Safety Portal of Ministry of Coal
- Senior leadership remains actively engaged through periodic reviews and on-ground inspections, reinforcing a top-down culture of safety.
- Through ICAM-based root cause analysis, corrective measures are promptly implemented following each incident. This ensures that safety learnings are embedded cross operations, transforming every incident into a lesson and reinforcing a proactive approach to risk mitigation.

Training & Capacity Building

CCL recognizes that safety begins with people. In 2024-25, a record number of employees and contract workers were trained through diverse programs:

- Over 7,000 departmental and contractual workers received basic, refresher, and special training

- 164 HEMM operators trained using advanced multi-dimensional simulators
- 43 Electrical Engineers trained in electrical safety at NPTI Neyveli and IIT(ISM), Dhanbad
- 113 employees trained in CPR using digital mannequins
- 90 electrical personnel trained in First Aid and Firefighting
- 19 executives trained in SHMS Auditing at IIT(ISM) Dhanbad
- 74 executives, including frontline supervisors, were imparted specialized training on HEMM safety in 2024-25, conducted by Original Equipment Manufacturers (OEMs).

Training was further enriched through many workshops conducted by DGMS, and domain specialists. Looking ahead, Augmented Reality (AR) and Virtual Reality (VR) based immersive safety training modules are being introduced.

Smart Technologies for Safer Mines

CCL is at the forefront of leveraging technologies and automation for safety enhancement. Some key initiatives include:

- Integrated Command & Control Centre (ICCC) equipped with AI analytics, CCTV, GPS, RFID, and drone surveillance
- Proximity Warning Systems, 360° cameras, and anti-collision devices installed in HEMMs
- ETMS (Environment Tele-monitoring System) deployed at Churi UG mine for continuous gas monitoring on 20.01.2025
- Free Steered Vehicle (FSV) commissioned for man-riding at Churi UG mine 04.01.2025
- AI-enabled fire detection and automated suppression systems under implementation
- Drone-based surveillance for both security and safety inspections is under implementation
- Ripper Miner and Highwall Mining technology adopted for safer excavation
- Surface miners and continuous miners are enabling

blast-free coal extraction, contributing to safer and more sustainable mining operations.

- First-Mile Connectivity projects to eliminate road transportation of coal through covered conveyor belts, rapid loading systems, and silos for direct rail dispatch to reduce dust pollution, and enhanced safety by minimizing risks associated with heavy vehicle movement.
- Electronic detonators for improving precision and control in blasting
- Advanced slope monitoring systems to enhance the monitoring of dump and slope stability

CCL has also taken significant strides in digitalization to improve safety, efficiency, and transparency. Some of the key initiatives include:

➤ Employment Management:

- The Hospital Management System (HMS) is used to digitally record medical examinations of employees. IME/PME records are in the process of being included in the HMS.
- Employee registers are being digitized, including training records.
- Biometric attendance systems are in place, with employee salaries linked to attendance, ensuring discipline and accountability.

➤ Machinery Deployment and Operation:

- All HEMMs are logged in SAP with a unique Machinery Reference Number (MRN) for easy identification and traceability.
- Digital tracking systems are in place for monitoring machinery deployment, maintenance, and operational records.
- GPS-based vehicle tracking systems monitor real-time movement of transport machinery and generate alerts upon deviation from designated routes, significantly improving operational safety.

➤ Comprehensive Digital Systems:

- Statutory mine plans, sections, and records have been digitized in most of the mines.
- Procurement activities are fully integrated through SAP systems.

- Production, overburden removal, and coal off-take data are maintained digitally through the ERP platform, allowing seamless and real-time monitoring of operational safety metrics.

Contractor Safety: An Equal Priority

Safety practices extend uniformly to the contractual workforce through:

- IME/PME coverage
- Dedicated training and regular safety talks including tool-box safety talks
- Strict enforcement of Transport Rules, including separate roads for LMVs
- Awareness campaigns like Roko-Toko Abhiyaan, Nukkad Natak, and initiatives such as Personal Safety Counselling and Family Counselling to enhance safety awareness and foster a strong safety culture among workers and their families

Recognitions & National Impact

CCL's safety-first approach continues to gain national recognition:

➤ Mine Safety Awards 2024

- Sayal D OC – 1st Prize, Small Opencast Mine Category
- Ashok OC – 2nd Prize, Medium Opencast Mine Category

➤ 53rd All India Mines Rescue Competition

- 1st Prize – Overall Statutory (Coal)
 - 2nd Prize – Overall Fresh Air Base (Coal)
 - 5th Prize – Overall Rescue & Recovery (Coal)
- India's first-ever 14-day Mine Rescue Training for NDRF was successfully hosted by CCL at Mine Rescue Station, Ramgarh, significantly enhancing national preparedness for underground emergencies.

The Road Ahead: Safe, Smart, and Sustainable

At CCL, safety is more than a compliance measure—it is a core value. As we transition towards automation and sustainable mining, we remain steadfast in our belief:

"A safe mine is a productive mine—and every life matters."

Accident statistics:

Particular	April'23-Mar'24	April'24-Mar'25
Fatal Accident	4	4
Fatalities	4	4
Serious Accident	0	2
Serious Injuries	0	2
Fatality Rate per Million CuM (OB+Coal) (UG+OCP)	0.02	0.02
Fatality Rate per 3 lakh man shift Overall	0.17	0.18
Serious Injury Rate per million Cum	0	0.01
Serious Injuries Rate per 3 Lakh man-shift	0	0.09

Statutory manpower of CCL:

Status of statutory manpower as on 01.04.2025:

Overman			Mining Sardar			Electrical Supervisor			Surveyor

Total	678

26.2 SC/ST/OBC/PwBD Representation:

The Presidential Directives with respect to Manpower for Schedule Castes/ Scheduled Tribes/ OBCs have been implemented in CCL. The representation of SC/ST/OBC employees in total manpower of CCL and contractual workers in the last 03 years is given below:

Permanent employees:

As on	Total Manpower	Scheduled Castes		Scheduled Tribes		OBCs		PwBD	
		Nos.	Percentage	Nos.	Percentage	Nos.	Percentage	Nos.	Percentage
01.01.2023	35239	7043	19.98%	5857	16.62%	9069	25.73%	75	0.21%
01.01.2024	34230	6711	19.60%	5640	16.47%	8838	25.81%	72	0.21%
01.01.2025	33420	5552	16.61%	5852	17.51%	6337	18.96%	79	0.23%

Contractors' workers:

As on	Total Manpower	Scheduled Castes		Scheduled Tribes		OBCs	
		Nos.	Percentage	Nos.	Percentage	Nos.	Percentage
01.01.2023	7394	958	12.95%	1637	22.13%	1500	20.28%
01.01.2024	7592	1452	19.12%	1889	24.88%	1961	25.23%
01.01.2025	5884	1230	20.90%	1292	21.95%	1431	24.32%

The total number of SC/ST/OBC employees recruited in various posts in the last 03 years is given below:

Financial Year	Total Recruitments done	Scheduled Castes		Scheduled Tribes		OBCs	
		Nos.	Percentage	Nos.	Percentage	Nos.	Percentage
FY 22-23	7	NIL	NIL	5	71.42%	NIL	NIL
FY 23-24	174	54	31.03%	105	60.34%	15	8.62%
FY 24-25	1*	1*	31.42%*	NIL	NIL	NIL	NIL

* This recruitment is done in continuation of recruitment done for FY 23-24 w.r.t. the same employment notice.

26.3 Recruitment Department

1. A Special Recruitment Drive was held against which 192 offers of appointment had already been made in FY 23-24. In continuation to this, one offer of appointment for the post of Assistant Foreman (Electrical) was made in FY 24-25.
2. To meet the requirement of medical executives in the company, vacancies were advertised for the posts of Sr. Medical Specialist (E4)/ Medical Specialist (E3), Sr. Medical Officer (E3) and Sr. Medical Officer (Dental) (E3). 326 nos. of candidates were called for interview and 159 nos. of candidates were recommended.

27. HUMAN RESOURCE DEVELOPMENT

Training and Development plays a crucial role in the development of coal industry which is committed to cater to the ever increasing energy demand of the nation. The HRD department, CCL is an established learning platform primarily focused to skilling, up-skill & re-skilling of the employees of CCL for their all-round development. It is continuously thriving on multiple initiatives to build the architecture integral to the development of the Company by infusing professional competence, adaptability to change, increased productivity and efficiency for its employees. This is done through cross functional collaboration and well-structured Training and Development Modules embracing the technical, functional, managerial and behavioral facets of training.

This report serves as a comprehensive overview of our organization's commitment to enhancing skills, knowledge and capabilities through systematic training initiatives and its execution during 2024-25. As we delve into the details of this report, it will give valuable insights into the various facets of training programs conducted at CCL.

MANAGEMENT TRAINING CENTRE (MTC), RANCHI:

The MTC, Ranchi is the flagship in- house training facility of CCL HRD department. It facilitates different types of training and development activities round the year

through series of tailor-made training and development programs for its employees based on the Training Need Analysis (TNA) of the user departments. . The training programs are broadly categorized into managerial, technical, functional and behavioral aspects of training. For up-skilling and up-gradation of our employees in different professional aspects of different department

and discipline, altogether 71 (Seventy-One) no of training program has been organized by HRD Dept at MTC, CCL during FY 2024-25.

These programs trained imparted training to 2,422 nos of the participants, 128 training days involving 768 training hours.

Quarter wise details of training program of MTC, HRD (HQ) for the F.Y. 2024-25 has been tabulated below,

SI No	Quarter	Total nos. of Training Programs	Training days	Training Hours	Total no's of Participants in each month
1	Q1 Apr- Jun 2024	15	26	156	481
2	Q2 Jul- Sep 2024	25	46	276	829
3	Q3 Oct-Dec 2024	16	29	174	606
4	Q4 Jan-Mar 2025	15	27	162	506
	Total	71	128	768	2422

Table 1: Quarter wise details of Training Program at MTC, HRD, CCL (HQ)

Table 2: Month wise details of Training Program at MTC, HRD, CCL (HQ)

SI No	Program Category	Nos of Training Programs	Participants	Training days	Training Hours
1	Technical	17	508	138	828
2	Functional	11	345	49	294
3	Managerial	31	1156	20	120
4	Behavioral	12	413	12	72
	Total	71	2422	128	768

Table 3: Program category wise training conducted at MTC, HRD, CCL

FACULTY POOL:

The training and development activities are conducted through renowned and experienced faculty pool. The unique nature of coal industry coupled with challenges make the role of trainers even more crucial. HRD, CCL is making all efforts to blend internal and external. Resources to facilitate a structured knowledge transfer process to ensure that the accumulated expertise of our retired faculty members is seamlessly transmitted to maintain the continuity of institutional knowledge.

Internal Faculty		External Faculty	Total Faculty
Existing employee	Retired employee		
54	16	08	78

EXTERNAL TRAINING THROUGH INSTITUTIONS:

The executives of different grades and disciplines of CCL are nominated round the year through the user departments for attending need-based short term training courses organized by the institutions of national repute. The trainings / Workshops/ seminars are based on various topics touching the managerial, technical and functional to behavioral aspects of training. The details of training imparted to CCL employees through external training during 2024-25 is as follows:

Category	Training imparted	Strength	% to whom training imparted
Executive	660	2171*	31.86%

*As per subsidiary-wise manpower report details given on CIL website.

TRAINING THROUGH INDIAN INSTITUTE OF COAL MANAGEMENT (IICM)

The IICM, Ranchi is recognized as the Centre of Excellence of CIL which imparts training and development in house to the executives of all the subsidiaries through its well-structured training calendar and special courses in collaboration with institutions of repute from time to time. The details of training imparted to CCL executives through IICM during 2024-25 is as follows:

Category	Training Imparted	Strength	% to whom training imparted
Executive	610	2071*	29.45%

*As per subsidiary-wise manpower report details given on CIL website.

CENTRAL EXCAVATION TRAINING INSTITUTE (CETI), BARKAKANA:

The CETI is the premier training institution and basic training provider of the region which has technical expertise to impart basic excavation training to CCL employees for HEMM operators on both theoretical and on-the job training. It has two multi- dimensional simulators with three consoles of BEML make 100 T Dumper, HEC make 5 cu.m electric rope shovel, BEML make 410 HP Crawler D 355 Dozer for imparting simulated training for HEMMs, which is operative since Jan 2023.

During 2024-25, CETI imparted excavation training to CCL employees and developed them as highly skilled HEMM operators ready for deployment in projects of CCL. The relevant details of training imparted through CETI, Barkakana during 2024-25 is as under:

Training on simulators:

Course	Dumper	Dozer	Shovel	Total
Basic	21	12	20	53
Refresher	44	25	42	111
Total	65	37	62	164

Total Basic Operator Training Courses:

Dumper	Shovel	Dozer	Drill	Pay loader	Crane	Grader	Total
21	20	12	03	01	02	01	60

O.E.M. Training:

Sl no	Training Provider	No of Participants
1	TATA Hitachi on Isuzu- 6WGI-XQA (Engine)	36
2	HD465- 7EO	14
3	Cummins Engine model QST30C	11
4	Operational Part of Safety feature by M/S BEML	75
5	Maintenance, Repair and Troubleshooting of TIL Crane	85
Total 6		221

Basic Training Provider -

- (i) Mechanic Earth Moving Machinery- 02.
- (ii) Welder Gas & Electric- 01
- (iii) Mechanical repairs and maintenance of vehicles- 02.

BHURKUNDA TECHNICAL TRAINING INSTITUTE, BHURKUNDA (BTTI)

BTTI, Bhurkunda is the premier Technical Training Institute of the Region. It is also recognised as Basic Training Provider under the Apprentices Act, 1961 which imparts technical training as ITI courses in various trades to Project Affected People (PAPs).

Presently, ITI training is being imparted in electrician

trade and the efforts are being made by the Institute for introduction of other ITI trades like turner, machinist, lathe, wireman etc. in future. During 2024-25, BTTI has been imparted training to persons besides conducting other programs. The details of training imparted through BTTI, Bhurkunda during 2024-25 is as under:

Category	Training imparted
ITI Electricals	39
Shot-firer, Wireman, Surveyor & Switch Board Attendant (SBA).	17
Various Skill Development Courses (SDP)	415
Total	471

Exhibition on Technology Regarding Energy Conservation at BTTI, Bhurkunda

An exhibition on Technology and Energy Conservation was successfully organized at BTTI for the batches of 2023-25 and 2024-26. The event showcased the creativity and awareness of students towards sustainable development and energy-efficient solutions. A total of 27 innovative models were displayed by the students, each reflecting novel ideas and practical approaches to energy conservation.

APPRENTICESHIP TRAINING UNDER THE APPRENTICES ACT, 1961 & APPRENTICESHIP RULES 1992:

As per The Apprentices Act, 1961 makes it obligatory for establishments employing more than 30 manpower to provide apprenticeship training to apprentices. The same is regulated under the following two Schemes:

- (i) National Apprenticeship Promotion Scheme (NAPS) and for diploma/ degree
- (ii) National Apprenticeship Training Scheme (NATS) for ITI pass outs, graduates/ diploma holders, those pursuing graduation/ diploma and fresh apprentices

Objectives: Various objectives of the schemes are cited below,

- a) Skill Development
- b) Workplace Integration
- c) Industry-Relevant Training
- d) Employability Enhancement
- e) Industry Collaboration

In essence, the apprenticeship program strives to create a win-win scenario by nurturing the budding talents of individuals and addressing the skill requirements of coal industries, contributing to the overall socio-economic development by building a highly skilled and adaptable workforce.

The aforesaid apprenticeship schemes are aimed to enhance skill development through bridging the gap between theoretical and practical knowledge by providing hands-on-training to apprentices in industries to acquire valuable work experience to increase their opportunities for employment. CCL has successfully implemented the schemes since 2018-19 and engaged more than 8000 nos of apprentices over a period of five years embracing 25 trades including medical, finance and engineering.

CCL has 04 nos of registered Basic Training Provider (BTP) with Ministry of Skill Development & Entrepreneurship (MSDE),

1. Gandhinagar Hospital - Medical Trades
2. MTC HRD, CCL - Computer Science Engineering
3. BTTI, Bhurkunda - Mining & Electrical Engineering
4. CETI, Barkakana - Mechanical Engineering

The achievement of HRD department in apprenticeship training during 24- 25 is as follows:

Apprenticeship Engagement in FY 2024-25:

Schemes	Annual Target	Achieved	Percentage Achievement	Regulating Body
NAPS	543	543	100 %	Ministry of Skill Development and Entrepreneurship (MSDE)
NATS	637	637	100 %	Ministry of Education
Total	1180	1180	100%	

GROUP VOCATIONAL TRAINING CENTERS (GVTC):

The GVTC are the nodal centers at the Project/ Area level for providing basic, refresher and special training on safety in mines, security, occupational hazards, Mines Act & Rules etc to the company employee and contractual workers. The GVTC at Argada, Barka-Sayal, NK and Kathara Area are recognized and authorized agencies to operate gas chambers to confer Gas Testing Certificate duly recognized by Directorate General of Mines Safety (DGMS).

CAPACITY BUILDING TRAININGS:

Training and capacity building is the foundation stone for continuous improvement to which HRD department, if CCL is committed. On the directions of the Central Vigilance Commission (CVC), New Delhi and CVO, CCL, several capacity building programs have been organized by HRD Department for dissemination of information and training of field level officers regarding the latest rules, regulations, guidelines, manual and standard operating procedures (SOPs) issued by the Company.

A drive has been taken up for organizing special training of all stake holders for implementation of the SOPs to make them aware of the standardized procedures to maintain a transparent process where scope for corruption is minimal and reducing deviation and mistakes to the minimum. The capacity building programs are organized at multiple levels right from CCL Hqrs to Areas and Project levels regularly.

During 2024-25, various training programs focused on capacity building was organized by HRD Department in which employees were benefitted. The details are as under:

No of Capacity Building Program	16
Area in Which Training Provided	Mining Contracts/ Civil Contracts/ Procurements (02)/ Latest Guidelines on Low Value Tenders/ IT Initiatives/ Ethics & Governance/ Mining/ Conduct Rules/ Cyber Hygiene & Security (02)/ System & Procedure/ MSME/ Personnel/ Advance MS Excel/ Finance (02)
No of Participants	598

INTERNSHIP TO WARDS OF CCL EMPLOYEES AND STUDENTS UNDERGOING PROFESSIONAL COURSES:

CCL, as a part of its social obligation, has been extending internship facilities to wards of CCL employees undergoing professional courses as also to local students of educational institutions and stake holders for their practical exposure to diverse fields free of cost since long. During the year 2024-25, internship training has been offered to the students which has proved to be beneficial to them for pursuing their future career and prospects. The relevant details of internship / on-the-job training imparted by CCL during 2023-24 is as under:

Department	No. of students
System	243
Finance	280
P & IR	186
Mines	571
Others (Legal, CSR, Civil, PRO, Medical etc)	638
Total	1917

SPECIAL ACHIEVEMENTS DURING THE YEAR 2024-25:

Some of the special achievements of HRD department during the year 2024- 25 are as follows:

1. Mapping of training programs in the category of Managerial, Functional, Behavioral and Technical for each executive as per L&D Policy of CIL.
2. Organizing three tier capacity building programs at projects, areas and Hqrs level Initiation of training programs on capacity building on direction of the Central Vigilance Commission on various topics and latest rules, regulations, guidelines, manuals and Standard Operating Procedures framed by different departments to implement the decision taken in the Quarterly review Meeting of Secretary (Coal) with CVOs of CIL and its subsidiaries held on 30.08.23 at New Delhi on training and capacity building.
3. **Implementation Integrated Government Online Training (i-GOT) Karmayogi** scheme in CCL is aimed at the continuous knowledge upgradation of employees through a variety of online courses offered by reputable agencies in Government's i-GOT portal. This initiative seeks to enhance the skill sets

of employees, ensuring their capacity to meet the evolving challenges of public service. The details regarding the I GOT Karmayogi implementation in CCL is as below (as on 31st March 2025),

- a) Total numbers of employee registered: 4421
- b) Total numbers of courses completed: 28983
- c) Total numbers of courses in-progress: 5259
- d) Total no of employees completed Know Your Ministry- Ministry of Coal: 878

4. PM Internship Scheme: The PM Internship Scheme is a strategic initiative aimed at providing valuable internship opportunities for students from aspirational and other districts. The goal is to offer hands-on training, enhancing students' skills and providing them exposure to the workings of government institutions. The details of PM Internship Scheme implementation in CCL is as below for the period ended on 31st March 2025.

- a) Internship Opportunities: A total of 358 internship opportunities have been offered.
- b) Acceptance of Offers: Out of the 358 opportunities offered, 180 candidates have accepted the internship offers. Remaining candidates has not responded till date against the offer.

Payment of Monthly Stipend: Monthly stipend paid for the month of Dec'24 (66 Intern), January' 25 (70 Intern) and Feburary'25 (66 interns). Payment process are in progress for the month of March' 25 (66 interns).

INITIATIVES FOR FUTURE:

In the year 2025-26, the following initiatives are planned:

- a. Conducting training on managerial, functional, behavioral and technical as per L&D policy by MTC round the year according to annual training calendar.
- b. For the year 2025-26, plans are in place to further expand the registration process for eligible non-executive employees on the iGOT (Integrated Government Online Training) portal. The goal is to ensure that all eligible non-executives gain access to a wide array of relevant and beneficial online courses, enhancing their skills through digital learning methods.

- c. In 2025-26, the smooth induction of PMIS into CCL will be a key focus. The induction process will be carried out across different command areas, ensuring that interns are effectively integrated into the organization and provided with meaningful industrial exposure.

28. WELFARE

It has always focused on holistic development that includes both production and welfare. It has adopted a multi-disciplinary approach for welfare incorporating health, family welfare, sports, education, drinking water and sanitation.

The welfare department is always in its positive way to undertake its allotted works in high skills and also in action to endeavour various activities to promote the well beings of the employees of the company.

Objectives:

- To provide better life and health.
- To make the employees happy and satisfied.
- To improve intellectual, cultural and material conditions of living of the people.

Compliance of the Maternity Benefit Act:

The Company remains committed to fostering a workplace that is supportive, inclusive, and compliant with all applicable statutory requirements. In accordance with the provisions of the Maternity Benefit Act, 1961, as amended, the Company has implemented and continues to maintain a robust framework that ensures the well-being of its women employees during and after maternity.

During the financial year 2024-25, the Company extended maternity benefits to eligible employees like paid maternity and paternity leave and other statutory entitlements. The Company reaffirms its commitment to safeguarding the rights and dignity of its women employees and providing a conducive environment for their professional and personal growth.

Highlights during FY 2024-25

- The 3rd edition of Coal India Ranchi Marathon, 2025 was organized by CCL on 09/02/2025 at Ranchi. More than 10,000 participants took part in this mega event. The Coal India Ranchi Marathon, 2025 was registered with Indian Athletics (formally AFI) and the route is

certified by Association of International Marathons and Distance Races (AIMS). The prize category for winners have been increased from top 7 to top 10 in each category. Overall ₹ 38.10 lakhs prize money was awarded amongst 10 top finishers each in male and female categories of Full Marathon, Half Marathon and 10 KM run. M.C Mary Kom, Indian Olympic Boxer appeared as the event ambassador.

- Swachhata hi Sewa campaign was organized by each and every unit of CCL successfully. During this campaign unique initiatives like Aadhar camp, Medical Camp, Ek Ped Maa ke Naam, promotion of waste to art event was organized. Aadhar camp facilitated our Safai Mitras along with others in getting their personal details updated in the office itself. Medical camp organized in the nearby vegetable market made the vendors aware about their physical fitness.

- Theatrical production 'Rashmirathi' play based on the Mahabharata was hosted wherein Swachhata importance was highlighted through the Karnas character.
- CIL Inter Company Volleyball Tournament was organized wherein all the subsidiaries and SECL participated. The tournament was organized on league cum knockout basis in which NCL, MCL, ECL, SECL qualified for semi final. NCL and MCL defeated their

rivals in the semifinal and qualified for the finals where MCL defeated NCL by 3-1 and won the prestigious Coal India trophy.

- 850 sets of ODYSSEY SAIL Utensil sets amounting to ₹ 62.32 Lakhs have been distributed amongst superannuated Central Coalfields Employees Benevolent Society (CCEBFS) members and ₹ 317.95 Lakhs were disbursed as relief after death during the year 2024-2025.
- Inter Area Sports and Cultural Meet were organized at Ranchi and in different Areas of CCL as per the calendar.
- Tuition fee and Hostel charges for 40 wards of the Wage Board employees of CCL have been disbursed during 2024-2025.
- Samman Samaroh for the month from April 2024 to March 2025 were conducted successfully in Hqrs along with each and every area wherein superannuating employees were felicitated.
- Payment of total grant amounting to ₹ 4,24,34,436 was released to Kendriya Vidyalaya, Rajendra Nagar, ₹ 6,85,37,649 was released to fully sponsored DAV schools and ₹ 75,63,000 was released as grant-in-aid to Privately Managed Schools for the year 2024-2025.
- CCL secured 2nd position in CIL Inter Company Athletic Championship also ended up with satisfactory performance in CIL Inter Company Powerlifting & Body building championship.
- Summer camp for volleyball and cricket was organized from 28.05.2024 to 10.06.2024 at Gandhi Nagar ground wherein more than 150 wards of our employees and nearby residence participated with full enthusiasm.
- The International Women's Day on theme "Accelerate Action" was organized with full enthusiasm in which 400 no. of female employees from all the areas participated. Lady Tarzan of Jharkhand, Padmashree Ms. Charmi Murmu, the environmentalist was the Chief Guest and Ms. Kiran Kumari Passi, I.A.S, Director, Social Welfare and Animal Husbandry was the Guest of Honor. The programme witnessed the traditional cultural dance 'Chhau Nritya'. The best female employees of each area were felicitated for their exemplary work and performance in non-conventional jobs.

- The CCL Hockey Team emerged as runner-up in the CIL Intercompany hockey tournament organized by NCL.
- A total of ₹ 2120640 was disbursed amongst 220 nos. of eligible children including 2 children for Merit scholarship towards PRERNA- The Coal India Scholarship Scheme.
- A total of ₹ 12.55 Lakhs was disbursed amongst 144 nos. of eligible children towards CCEBFS Scholarship.

29. Corporate Social Responsibility

Jharkhand, located in eastern India, is known for its scenic landscapes, rich biodiversity, and significant mineral wealth, especially coal. Central Coalfields Limited (CCL), a Mini-Ratna subsidiary of Coal India Limited, is the leading coal producer in the state and a major contributor to its economy. Committed to inclusive development, CCL works to uplift communities in its operational areas while fulfilling national energy needs.

CCL operates in eight Aspirational Districts of Jharkhand—Ranchi, Ramgarh, Chatra, Latehar, Palamu, Giridih, Hazaribagh, and Bokaro—where many residents belong to underprivileged communities. Its CSR initiatives are guided by the CCL CSR Policy, the Companies Act 2013, the Companies (CSR) Rules 2014, and directives from DPE, NITI Aayog, and other government bodies. The policy mandates a minimum CSR spend of 2% of the average net profit of the previous three financial years or ₹ 2 per tonne of coal produced, whichever is higher.

Considering 2% of ANP (₹ 70.43 Crore) and setting-off of excess expenditure of last financial year (₹ 8.95 Crore) and including interest earned in the financial year, mandated CSR Target in 2024-25 was ₹ 62.26 Crore.

As per CSR Policy, around 80% of CSR expenditure is targeted to be within 25 kms of operational units of CCL and the rest 20% in other parts of Jharkhand.

As per DPE guidelines for CPSEs, Aspirational Districts are to be assigned priority and around 60% of CSR expenditure is to be done on annual theme decided by DPE; which is 'Health and Nutrition' and PM Internship Scheme for the year 2024-25.

In the FY 2024-25 the total CSR expenditure is ₹ 81.11 Crore.

Out of ₹ 81.11 Crore of CSR expenditure in the FY 2024-25,

expenditure towards the annual theme amounts to ₹ 25.60 Crore.

Sector-wise Spending on CSR activities in FY 2024-25 are as follows:

Sector	Expenditure (In Crore)
Nutrition, Health and Sanitation	24.42
Education and Livelihood	37.71
Empowerment, Welfare and Social Inclusion	1.66
Environmental Sustainability, Animal Welfare	2.92
Promotion of Art & Culture and Conservation of National Heritage	0.06
Promotion of Sports	5.67
Contribution to Incubators, research institutions	0.05
Rural Development	4.88
Others	3.79
Total	81.11

Sector wise brief of important CSR initiatives undertaken by CCL in 2024-25 is as follows:

29.1 Health & Nutrition

The major projects taken up by CCL in this sector are stated as below:

29.1.1 Centralized Kitchen, Ramgarh

A **Centralised** Kitchen is being established in partnership with the Akshaya Patra Foundation to provide 50,000 mid-day meals daily to government school students in Ramgarh district. The kitchen infrastructure is in advance stage of completion, with a construction cost of ₹ 15.09 Crore. Additionally, a gap funding of ₹ 7 Crore has been allocated to support its operations during the first year.

Proposed Centralized Kitchen at Ramgarh

Main building under Construction

29.1.2 Nikshay Mitra- to end Tuberculosis

As part of the Prime Minister's TB Mukta Bharat Abhiyan, CCL has taken on the role of a **Nikshay Mitra** to support all tuberculosis patients in the Latehar and Chatra districts for a period of two years. With a total project cost of ₹ 2.90 Crore, the initiative aims to benefit 5,140 individuals by providing monthly nutrition baskets along with conducting awareness and outreach activities.

Poshan Kit distribution

29.1.3. Modular OT in Govt. Medical College, Hazaribagh

CCL has established a **modular operation theatre** at the Government Medical College in Hazaribagh district, with project cost of ₹ 2.21 Crore. Over 2,000 patients shall be benefitted annually through safe surgical procedures, particularly benefiting underprivileged sections of the community.

OT developed with CSR support of CCL

Successful operations at Modular OT performed

29.1.4 Running of CSR Dispensaries, Regular and Specialized Health Camps

CCL is providing healthcare to villagers of command areas through Jan Arogya Kendra located in its Central Hospital at Ranchi, CSR Dispensaries in Company Hospitals

Health camps at CCL Command Areas

at Operational Areas. Reaching out to them, company organizes health camps in villages and schools throughout the year. In the FY 2024-25, a total of 636 camps were organized benefitting 237126 persons.

Multi-specialty Mega health camp, disease specific camps (Detection of diabetes, Anaemia, Hypertension), cataract Surgery camps are also organized. The patients needing higher treatment are referred to Central Hospital of Company and treated free of cost.

Apart from the above, a mega health camp been organized by CCL at Dumma, Deoghar (Beneficiaries no.) to address the healthcare needs of pilgrims and villagers during Saawan.

29.1.5 Support for Destitute Women - Infrastructure Development at Shantisadan, Ormanjhi, Ranchi

In a significant step toward social welfare and women's rehabilitation, CCL funded the construction of essential infrastructure including a ward/dormitory, hall, and sisters' duty room at *Shantisadan* in Ormanjhi, Ranchi. The ₹85

Ward/Dormitory and hall

lakh project was inaugurated on 7th March 2025 and directly benefits 40 destitute women by providing them with a safe and dignified living environment. This initiative addresses the critical need for shelter and care facilities for marginalized women and reflects CCL's deep commitment to inclusive community development.

29.1.6 Multi Activity Centre for Elderly (MACE) in co-ordination with District Administration, hazaribagh

CCL is supporting the Multi Activity Centre for Elderly (MACE) in Hazaribagh through SAMARTH Community Forum at a cost of ₹61.20 lakh over 2 years. Covering 1,000 elderly annually, the centre offers wellness, engagement, learning, and nutrition services across four blocks, enhancing senior citizens' quality of life.

Health check-ups of elderly at MACE Centre, Hazaribagh

Spiritual sessions for elderly at MACE Centre, Hazaribagh

29.1.7 Combating Malnutrition through Community Nutrition Drive in Ramgarh

Under this initiative, CCL will distribute 2,400 Poshan Kits to 1,200 rural households (twice in a month's gap) in Patratu block, Ramgarh through Youth of India Foundation, targeting pregnant women, lactating mothers, and undernourished children in first phase. The ₹ 1.12 Crore initiative includes nutrition-rich kits, health screenings,

nutrition camps and awareness drives to address anemia, stunted growth, and maternal health.

Poshan kits distribution among beneficiaries

29.1.8 Running a malnutrition van for SAM and MAM children

CCL along with Rajkumari Foundation is running a mobile malnutrition van for malnourished children in and around villages of Ranchi. The van is being used as door step service for diagnosing malnutrition among children of age

Measurement of malnourished children

below 5 years. The goal is to provide nutritional meal to 720 Children diagnosed with malnutrition (60 unique children every month for 12 months, each child to get 15 days of feed. Besides kids, Ration Kis are also provided to parents of identified SAM children (2 packets per month for 60 beneficiary households for 12 months). This initiative shows CCL's commitment towards combating malnutrition.

29.2. Education

In line with its commitment to fostering a strong foundation for future generations, CCL has placed significant emphasis on enhancing access to quality education for students residing in its command areas. The key initiatives undertaken by CCL under its CSR framework to promote education are as follows:

29.2.1. Establishment of 5000-Seater State Library at Ranchi

CCL, in collaboration with the Department of Education, Government of Jharkhand, is developing a 5000-seater state library at Ranchi University with a project cost of ₹ 65.25 Crore. Designed to support study, research, and competitive exam preparation, the library will feature reading halls, e-resources, conference rooms, and a meditation centre. Spread over six floors, the facility incorporates green-certified infrastructure and public amenities. Currently 30% complete, it is targeted for completion by August 2025 and aspires to become a leading knowledge and learning centre for students across Jharkhand.

Visual representation

State Library under Construction

29.2.2. Project Digital Vidya- Smart Classrooms

Through EdCIL, 193 government schools across 8 districts in Jharkhand have been provided with **one smart classroom and a computer lab** equipped with 10 computers, along with necessary furniture such as chairs and tables. The project, implemented at a cost of ₹ 26.13 Crore, includes a three-year Annual Maintenance Contract (AMC) for all installed devices.

ICT lab installed at Govt. School Chanho, Ranchi

Smart Classroom at Govt. School, Chanho, Ranchi

29.2.3. CCL Ke Lal & CCL Ki Laadli

Since 2012, CCL's flagship educational initiative has supported talented students from underprivileged backgrounds by offering free residential +2 schooling and engineering entrance coaching by IITian officers. Each year, 40 meritorious students (20 girls and 20 boys) are selected. Many alumni have secured placements in leading corporates, inspiring others from rural communities.

Result of 2024-26 Batch: Out of a total of 40 students, 4 secured 90% and above, 10 students scored 80% and above, and another 10 students achieved 70% and above in their examinations. In terms of engineering entrance results, 2 students from the 2021-2023 batch, 17 students from the 2022-2024 batch, and 9 students from the 2023-2025 batch qualified for JEE Mains. Among these, 4 students successfully cleared the JEE Advanced examination.

Students of CCL KE LAL & CCL KI LAADLI with the faculty of the scheme

29.2.4. Provision of bus for school children living in remote locations

Under CSR of CCL, a 59-seater bus has been procured by Vidya Vikas Samiti for school going children of Aditya Prakash Jalan Saraswati Vidya Mandir, Nagdi living in far locations. Similarly, a 36 seater bus has been procured by Sewa Bharti for students of Shishu Vidya Mandir Johna. These vehicles will help students, primarily belonging to marginalized communities, residing in rural areas to have easy access to school education.

29.2.5. Intergenerational learning (IGL) programme – a complementary educational delivery mechanism & promotion of health for the children through senior citizens

To create an affordable and accessible complementary educational delivery model for students aged 10-16 years with weak class performance or dropped out, senior citizens are being engaged in teaching them after their normal classes. Learning centers are being run at existing public building/community center/panchayat bhawan,

Classes undertaken by senior citizen

covering the drop-out children of the locality (2 hours classes, 3 days in a week) in Ranchi. Funded by CCL and implemented by Healthy Ageing India, this project has been helping in promotion of intergenerational learning among students as well as creating opportunities for healthy ageing of senior citizens.

29.2.6. Other major initiatives under Education sector

- **Educational Sponsorship for Vulnerable Children:** Financial and institutional assistance has been provided to orphaned and economically disadvantaged students to facilitate their residential education in nearby English-medium schools.
- **Infrastructure Development in Schools:** CCL has extended support to schools within its command areas by constructing essential facilities such as classrooms, boundary walls, and providing access to clean drinking water, desks, and benches to create a conducive learning environment.
- **Academic Support Materials:** To promote continued learning, students have been supplied with essential educational materials, including textbooks, school bags, stationery, uniforms, and coverage of school fees.
- **Transportation Facilities for Rural Students:** School buses have been hired to ensure safe and regular transportation for students from remote and rural areas to their respective schools.
- **Classrooms and Community Libraries:** New classrooms and libraries have been established to foster both formal education and community-based learning and reading culture.

29.3. Sports Promotion:

29.3.1. Operation and Maintenance of Sports Academy, Khelgaon, Jharkhand

Under a Memorandum of Understanding signed with the Government of Jharkhand in September 2015, Central Coalfields Limited (CCL) co-established a Sports Academy at Khelgaon, Hotwar, Ranchi, utilizing the infrastructure of the 34th National Games. Jointly funded by CCL and the state government, the academy is operated by the Jharkhand State Sports Promotion Society (JSSPS) and governed by a Local Management Committee (LMC) comprising CCL officials. As on 31st March 2025, the academy trains 286

cadets (131 boys and 155 girls), nearly 96% of whom are from SC/ST and other backward communities, selected through a state-level talent identification drive. The academy provides comprehensive, free-of-cost facilities, including high-quality coaching, accommodation, nutrition, education via the National Institute of Open Schooling, medical care, insurance coverage of ₹1 lakh, and a monthly stipend of ₹500. Focused on grooming athletes for Olympic-level performance, the academy has achieved significant success, with cadets winning a total of 1,758 medals at various levels. Average expenditure is ₹ 7.30 Lakh/candidate/year with ₹ 3.65 Lakh/candidate/year contributed by CCL. During the fiscal year 2024-25, CCL contributed ₹ 9.21 Crore towards the academy's operational expenses.

29.4 Animal Welfare

CCL is committed to animal welfare under its CSR through veterinary camps, rescue support, adoption of zoo animals, and provision of food, shelter, and medical care for stray and injured animals. The key initiatives undertaken by CCL under its CSR framework to promote education are as follows:

29.4.1. RAKSHAK- 24x7 Animal Ambulance

CCL implemented Jharkhand's first-ever **"Hospital on Wheels"** for stray animals under its CSR initiatives, providing on-site medical care, vaccination, spaying/neutering, rescue, and rehabilitation services. The one-year project, completed in June 2024 at a cost of ₹37.44 lakhs treated 63 animals through surgery, vaccinated 1,138 strays, and reached over 4,100 citizens through awareness drives. Recognized for its innovation, the initiative won the **Gold prize for "Most Innovative CSR Project of the Year"** at the **8th CSR Health Impact Awards 2024** by the Integrated Health & Wellbeing (IHW) Council. Based on its success, the project is being scaled up for another two years, with added provisions for animal shelter, and

continued operation and maintenance of the ambulance service through CCL's CSR funding.

29.4.2. Adoption of Animals At Bhagwan Birsa Biological Park, Ranchi

Under a Memorandum of Understanding with the Jharkhand Zoo Authority, CCL has adopted two lions and two tigers, demonstrating its commitment to wildlife conservation under CSR. The initiative covers expenses related to food, primary and emergency veterinary care, and overall upkeep of the animals. With a total project outlay of ₹36 lakhs over a three-year period, the program was completed in Dec, 2024.

29.5. Skill Development and Livelihood

CCL is dedicated to enhancing self-employment and employability by developing skills among local residents, thereby generating sustainable job opportunities within its command areas.

29.5.1. Integrated Community Development Project (BAIF, Hazaribagh)

This 3-year project will benefit 2000 households directly and 3000 indirectly in 9 villages of Churchu Block, Hazaribagh. It aims to enhance income through livestock development, agriculture, and fodder production. Activities include artificial insemination, soil testing, wadi plantation, maize sowing, training, and exposure visits. Farmers received seeds, saplings, and tools for backyard farming and high-value cropping. The project envisions raising annual household income by ₹20,000–₹50,000, contributing to sustainable rural development and nutrition.

Solar Lift irrigation facility

29.5.2. Empowering Rural Youth through Job Linked Training in Plastic Engineering

Under its skill development initiative, CCL partnered with CIPET to implement a three-phase training program in plastic processing technologies for Project Affected

Persons (PAPs). In Phase I, a six-month free residential training covering Plastic Processing, Injection Molding, Plastic Extrusion, and Tool Room was conducted for 320 PAPs with a total outlay of ₹ 2.24 Crore; it was completed in July 2022, achieving 80% placement in the plastic industry with salaries of ₹ 10,000–₹ 12,000 per month.

Phase II, launched in March 2023 for 180 candidates with an outlay of ₹ 1.26 Crore, concluded in February 2024 and also recorded 80% placement. Phase III, approved by the CCL Board on 23rd September 2024 with a project cost of ₹ 1.53 Crore, began with the MoU signed on 14th October 2024 and is currently undergoing training for the first batch.

29.5.3. Loader Operator (mining) Training

CCL, in collaboration with the Skill Council for Mining Sector, is implementing a skill development program on Loader Operator (Mining) for Project Affected Persons (PAPs) at Chatra. The initiative aims to train 60 youths in two batches at a total project cost of ₹ 94.73 lakhs. The program includes 3.5 months of residential training followed by 3 months of on-the-job training, with a commitment to ensure a minimum of 70% placement. As of 31st July 2024, the project has successfully completed training and certification for all 60 PAPs from the Amrapali-Chandragupt Area, achieving the targeted placement rate.

29.5.4. E-Rickshaws for sustainable livelihood

As a livelihood generation initiative, CCL facilitated the distribution of electric auto-rickshaws to 10 underprivileged Scheduled Tribe (ST) women at a project cost of ₹41.37 lakhs. The vehicles are being used to provide transportation services to patients visiting RK Mission TB Sanatorium as well as to the general public. The project has significantly improved the financial condition of the beneficiaries, enabling them to become primary earners for their families.

29.5.5. Natural Dye & Handloom Weaving Training

Under *Project Prakriti*, CCL, in collaboration with Marsal Prathmik Bunkar Sahyog Samiti Ltd.—an all-ST members' society—has established a production cluster by setting up

25 handlooms and providing training in natural dyeing and weaving to 75 Santhal tribal women in Tapin, Hazaribagh. With a project outlay of ₹57.59 lakhs, the initiative has completed loom installation and training, resulting in active beneficiary participation in exhibitions and fairs. The project has enhanced livelihood opportunities, with an average monthly income increase of ₹2,500–₹3,000 for the beneficiaries. A MoU was signed on 2nd May 2025 to provide advanced training for 50 women.

29.5.6. Empowering Youth through Digital and Financial Skills: Business Computer Applications Training

CCL, in collaboration with ICA Foundation, implemented a 12-month training program in Business Computer Applications, Accounting, ERP, GST, and related

domains for 100 underprivileged students—comprising 50 Scheduled Tribe (ST) and 50 Scheduled Caste (SC) students—selected from college campuses in Ranchi. With a project outlay of ₹48 lakhs, the initiative offered a 100% placement guarantee and an Anytime Job (ATJ) card. The training for the ST batch has been completed, with all 46 consented candidates successfully placed, while the SC batch training is currently in progress. Building on its success, the project is being replicated for 150 students in Bermo Coalfields (Dhori area) at a cost of ₹75.60 lakhs and 75 students in Hazaribagh at a cost of ₹36 lakhs, where training is presently underway.

29.5.7. Apart from the activities mentioned above, CCL has conducted various training for the women and youths of command areas for livelihood generation like poultry farming, mushroom cultivation, Handloom weaving, Traditional Craftsmanship, Sohrai Painting, fashion designing, tailoring, eco-friendly broom making, bee keeping, handicrafts etc.

29.6. Sanitation

29.6.1. Construction of Toilets

CCL has constructed toilets in schools/villages situated in its command areas to reduce open defecation, thus creating a healthy and clean environment.

29.6.2. Swachhta Campaigns

As per the directions of MoC, Swachhta Pakhwada and Swachhta Hi Sewa Campaigns were organized by CCL in 2024-25.

Various activities were conducted by CCL like tree plantation, cleaning of schools & hospitals, cleaning of offices & colonies, activities discouraging single use

plastic, initiatives for optimum use of stationery items, use of solid waste compost on reclaimed land, rain water harvesting & water recycling, distribution of masks, sanitizers, soaps, etc.

29.7. Rural Development Projects

During the fiscal year 2024-25, several rural development initiatives were undertaken in response to requests from local villagers. These projects included the construction and renovation of community halls, roads, and boundary walls, as well as the installation of high-mast lights. These efforts aim to enhance the infrastructure and improve the quality of life in the affected communities.

During the fiscal year 2024-25, several rural development initiatives were undertaken in response to requests from local villagers. These projects included the construction and renovation of community halls, roads, and boundary walls, as well as the installation of high-mast lights. These efforts aim to enhance the infrastructure and improve the quality of life

30. SAMADHAN SCHEME - Grievance Redressal Measure

A Grievance Cell has been established on 27/04/2012 for redressal of grievances of all working or retired executives, non-executives, contractors, consumers of CCL or any other person related to CCL.

The complainants lodge their grievance either in person or in writing or Online Samadhan portal available at CCL website under Complaint Desk https://www.centralcoalfields.in/ccl_cmplnt/mobileauth1.php and are provided every possible support over Toll Free no. 18003456501. The grievances are registered on portal and acknowledgement number is generated online which is sent through SMS on complainant's mobile number and grievance status/feedback is available online which can be accessed through website of the company.

After reviewing the grievance at HQ, it is forwarded to the concerned Area/ Dept. which further sends to the concerned Unit through ONLINE mode. All these stages have inbuilt SMS intimations facility to the concerned Nodal Officers of respective Unit/Area/HQ Departments.

The information regarding new case is subsequently forwarded to the concerned Nodal Officer of respective Unit/Area/HQ for status.

Daily follow ups of the grievances registered is taken up either on phone or in person. In case of non-Compliance by the concerned nodal officer within 7days, matter is taken up with concerned GM/HoD/Staff Officer (P&A) and SMS intimation is made on their mobile number. In case of non-redressal of grievance by the concerned GM/HoD/Staff Officer (P&A) within 14days, matter is taken up with the GM (Samadhan) & TS to D (P) in person and SMS intimation is made on their mobile number.

In case of pendency of grievance due to some technical reasons or otherwise, the same is brought into the knowledge of Director (Personnel) in person and SMS intimation made on his mobile number.

The reply received from the concerned Area/Dept. are examined and if not being found satisfactory, case is again sent to respective Area/Dept. for review and appropriate reply and if found satisfactory, reply is forwarded to the complainant through letter/email or online as per the mode of submission.

Achievement of Samadhan Cell during 2024-25.

A total no of 364 grievances were received in CP-GRAM portal and 221 grievances were received in Online Samadhan portal. Total no of 585 grievances have been disposed off resulting in 100% achievement.

31. ENVIRONMENT & FOREST

A. Environment Clearance:

1. Implementation of Integrated Management System :

As on 31.03.2025, 22 units of CCL are certified for Integrated Management System Standards (ISO 9001:2015 for Quality Management System, ISO 14001:2015 for Environment Management System and ISO 45001:2018 for Occupational Health & Safety Management)

2. Pollution Control Measures and their Efficacy:

B. Air Pollution Control Measures:

To control and reduce dust generation during drilling, blasting, loading and coal transportation, CCL has taken up various initiatives enumerated in the MoEF&CC approved Environmental Management Plan (EMP) of various projects. The EMP is prepared factoring in the impact of mining and other allied activities on existing environment after conducting an Environment Impact

Assessment (EIA) study for each project. The major dust control measures undertaken are deliberated below:

- i. First Mile Connectivity (FMC), SILO loading and belt conveyors have been envisaged for minimizing road transportation with an aim to ameliorate the native environment and enhance safety. CCL's 1st FMC project at North Urimari OCP (7.5 MTY) has worked successfully during the year and despatched 2.93 MT of coal.
- ii. A total of 148 mobile Water tanker/Mist sprinklers of different capacities are in operation in projects of CCL to mitigate dust pollution. In addition, fixed water sprinklers are also installed at critical points.
- iii. As on 31.3.2025, 27 numbers of trolley mounted fog cannons are functional in different units of CCL. Also, work-order for hiring of 21 numbers of Truck Mounted Fog Cannons have been issued.
- iv. Coal loaded trucks are covered with tarpaulin.
- v. Coal transport road has been black-topped/paved with cement concrete.
- vi. Wind breaks were provided along Railway sidings over a span of 20 Km (approx.).
- vii. Large scale plantation (approx.1 Crore) on OB dumps and along transportation roads in and around the command area of CCL.
- viii. Deployment of surface miners (15) in open cast mines thereby eliminating the need of drilling, blasting and crushing of coal.

C. Mine Water Management:

- (i) Surplus mine water of around 174 Lakh KL is being provided for domestic, community and irrigation purposes to approximately 140 nearby villages, benefiting around 2.40 lakh individuals.
- (ii) Water stored in abandoned mine voids of CCL is being utilized for Cage Fish Farming. At present, around 200 such cages are installed in six mine voids. Around 450 persons are engaged from nearby villages for the said activity.

- (iii) Regular monitoring of ground water quality and water level through networks of Piezometers as well as other bore/ open wells and surface water and effluent water is being taken.
- (iv) Construction of Toe Wall, catch drains, garland drains and Siltation ponds for channelizing the surface runoff to mine sump after proper retention.
- (v) A work order for preparation of Riverine Ecosystem conservation and management plans for mines situated in North Karanpura Coalfields was issued on 24.10.24 to Central University of Jharkhand (CUJ), Ranchi.

D. Noise Pollution Control Measure:

For control of noise pollution, various measure like proper maintenance of equipment, green belt development around the mine and residential area, blasting in day time and use of ear muff / ear plugs at noisy areas are adopted.

E. Land Reclamation & enhancement of Green Cover:

- (i) Mined out and other degraded lands are concurrently reclaimed during mining and also in post mining phase. Multi species plantation of native species has been adopted in CCL. Over the years since inception, more than 1.0 Crore saplings have been planted in and around command area of CCL. The target vis-à-vis achievement of Plantation in Year 2024-25 is:

Target of Plantation	Achievement	Achievement%
240 Ha	245.44 Ha	102%

- (ii) A project titled "Top Soil Conservation and Eco-rehabilitation of Selected Degraded Coal Mines of CCL through Forestry Interventions" has been assigned to M/s IFP-ICFRE under funding of CCL. The study is under progress to Eco-restore 30 Ha of degraded land in Piparwar & Rajrappa Areas and to develop Top soil conservation strategy.
- (iii) CCL undertook Miyawaki plantation at Amrapali OCP for Plantation of 1.0 Lakh saplings, through Institute of Forest Productivity (IFP-ICFRE) in FY 2024-25 at a cost of ₹ 5.97 Crore. The said work has been awarded for a period of 4 years.

- (iv) The Green Credit Programme (GCP), an initiative of Government of India, encourages industries/ companies to undertake tree plantation, in return for Green Credits. This programme was notified on 12.10.2023 under the Environment (Protection) Act, 1986. As per the decision taken during the CMD's meet of July 2024, CCL has registered 1346.69 Ha (121 parcels) land for plantation across 11 Forest Divisions in Jharkhand. A total of 267.32 Hectares (30 land parcels) has been approved in FY 2024-25.

F. Environmental Monitoring:

- (i) In compliance with statutory conditions, regular environmental monitoring of ambient air, drinking water, surface water, effluent water, noise level and ground water was carried out and reports were submitted to MoEF&CC /Jharkhand State Pollution Control Boards (JSPCB) / Central Ground Water Board (CGWB).
- (ii) Routine Environmental Monitoring of air, water and noise was carried out for all units of CCL during the year 2024-25 through NABL accredited laboratory of CMPDI.
- (iii) In total, 41 numbers of continuous PM10 analyzers have been installed in the command area of CCL. Work-order has been placed for 3 additional Continuous PM10 analyzers for Kuju Area on 07.02.2025.
- (iv) Further, 14 numbers of Continuous Ambient Air Quality Monitoring System (CAAQMS) have been installed for real-time monitoring of air quality with connectivity to JSPCB server. Work-order has been placed for 2 additional CAAQMS for Barka Sayal Area on 25.11.24.
- (v) Land Reclamation Monitoring of 14 numbers of Opencast Coal Mines of CCL has been undertaken based on satellite data & remote sensing through CMPDI during FY 2024-25.

G. Incremental EC obtained for projects of CCL during 2024-25:

In FY 2024-25, incremental Environmental Clearance (EC) of 22.35 MTPA for Mines was obtained, as tabulated below: -

EC issued in FY 2024-25				
SN	Name of Project	Capacity (in MTPA)	Area (in Ha.)	EC Date & Remarks
Fresh EC				
1	Rohini Expansion OCP	0.75	67.51	▪ EC issued on 15.05.2024
2	Chandragupt OCP	20	1495	▪ EC issued on 02.01.2025
3	Giridih OCP	0.7	122.70	▪ EC issued on 02.01.2025
4	Piparwar Phase-I UG	0*	464.69	▪ *EC issued only for developmental activities including incline Drivage and development of necessary infrastructure
Expansion in EC				
5	North Urimari OCP	4.5 (Expansion from 4.2 MTY)	516.90	▪ EC issued on 01.05.2024
Amendment in EC Conditions				
6	Selected Dhori (Lower) OCP	2	211.82	▪ EC issued on 24.07.2024
7	Kotre Basantpur Pachmo OCP	5	1011.87	▪ EC issued on 01.11.2024
8	Karo Expansion OCP	3.50	526.32	▪ EC issued on 13.01.2025
9	Amrapali OCP	24.19	619.87	▪ EC issued on 21.02.2025
EC recommended				
10	Amlo OCP & Highway	3.6 (Expansion from 3 MTY)	247.59	▪ EC recommended on 15.03.2025. ▪ EC eventually issued on 08.04.2025.

H. Other Environment Related Celebrations/Awareness Activities:

- (i) World Environment Day was celebrated from June 1st to June 5th with various programs promoting environmental awareness at CCL HQ & all Areas. The event saw children, various stakeholders & employees participate in painting, quiz, slogan, essay writing, and poetry recitation competitions. Cloth Bags and fruit-bearing tree saplings were distributed. The celebrations culminated on June 5th with a flag- hoisting, oath-taking ceremony, felicitations of winners of competitions and tree planting by CMD, Directors, and CVO. On this occasion 2nd edition of Environment magazine of CCL titled "Nature's Voice" was also unveiled. The said booklet is available at CCL website.

Glimpses of Celebration of World Environment Day at Central Coalfields Limited & Booklet published by Environment Department
