# DIRECTORS' REPORT

— FY 2025-26 —

## DIRECTORS' REPORT

**To  
The Shareholders,  
Central Coalfields Limited,**

Dear Shareholders,

On behalf of the Board of Directors, I have great pleasure in presenting to you the 70th Annual Report of your Company along with the Audited Financial Statements for the year ended 31st March, 2026. The Audited Financial Statements, report of the Statutory Auditors and Management's reply thereon as well as comments of the Comptroller & Auditor General of India on the audited Accounts are annexed to this report.

### STATE OF COMPANY AFFAIRS

- i. During FY 2025-26, the company has registered a coal production of 82.256 Million Tonne with marginal decrease of 6.03 % compared to previous year primarily due to prolonged and heavy rain fall and Legal dispute in a contract of a mega mine. In case of over burden (OB) removal, your company has achieved 119.345 Million Cu.M during the year with an increase of 0.84% over the previous year.
- ii. The company has achieved Raw Coal Offtake of 76.20

Million Tonnes, with a decrease of 11.08% over the previous year. However, the company has built up a stock of 19 MT and is prepared to supply sufficient coal in the summer amid ongoing conflict in West Asia. In-line with need, 63.68 MT of coal despatch was made towards the Power Sector during the FY 2025-26.

- iii. The gross sales of the Company for the year stood at ₹25,189.03 Crore, registering an increase of 0.45% as compared to the previous year. Profit before Tax (PBT) stood at ₹3,356.71 Crore and Profit after Tax (PAT) at ₹2,960.97 Crore as compared to Profit before Tax of ₹ 5443.14 Crore (Re-stated) and Profit after Tax of ₹ 4057.94 Crore (Re-stated) of the previous year with a decrease of (38.33%) and (27.03%) respectively.
- iv. Net worth of the Company stood at ₹ 18,621.89 Crore as on 31st March 2026, a significant rise of 12.81 % as compared over ₹ 16,507.52 Crore (Re-stated) of the previous year.

### 1. FINANCIAL PERFORMANCE

The Standalone financial results of your Company for the FY 2025-26, as compared to FY 2024-25, are as under:

| UG                               | 2.52          | 0.89           | 1.66          | -46.41                    |
| <b>OVERALL</b>                   | <b>11.37</b>  | <b>8.17</b>    | <b>9.01</b>   | <b>-9.32</b>              |

Factors which affected production during the FY 2025-26:

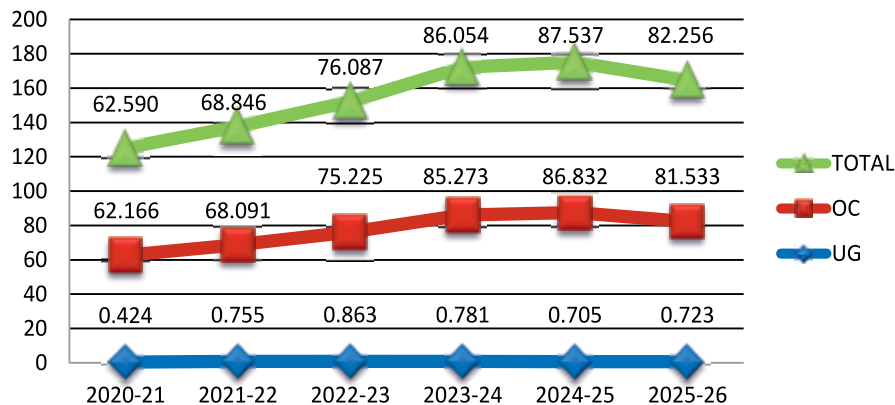

- Prolonged and heavy rain fall in Jharkhand .Average rainfall till March'26 is 40% above normal.
- Due to legal complications, there was a delay in finalization of HOE contract in Amrapali OCP
- EC expansion of Magadh OCP (20 MTY to 24 MTY) could not be obtained in FY 2025-26.

- Land issues mainly at Magadh OC, Amrapali OC, North Urimari OC, AKK OC and Karo OC.

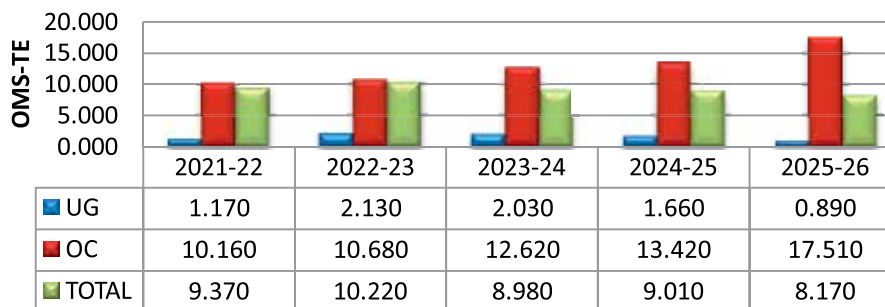

Regardless of the above constraints and challenges, the company was able to achieve production of 82.256 MT.

The company has achieved growth in coal production since Nov-25 onwards during FY '26. Three (03) areas namely B&K, Barka- Sayal and Argada achieved the highest ever coal production during FY '26.

## PRODUCTION OF COAL IN MT

## PRODUCTIVITY (OMS-TE)

## II. WASHERY PERFORMANCE

In addition to producing and marketing raw coal, CCL is also in the business of washing of coking coal and non-coking coal. The company operates four coking coal washeries and one washery dedicated to the beneficiation of non-coking coal. During the financial year 2025-26, these washeries contributed about ₹ 100.0 crore to the overall profit.

### Operational Performance of coking coal washeries during FY 2025-26:

- Raw coal feed to coking coal washeries is 20.68 Lakh tonnes.

- Washed coal production from coking coal washeries is 5.89 Lakh Tonne.

### Setting up of new coking coal washeries.

In alignment with the Government of India's Mission Coking Coal, Central Coalfields Limited (CCL) has undertaken an initiative to establish five coking coal washeries with an aggregate capacity of 14.5 million tonnes per year (MTY). The proposed washeries include New Rajrappa (3.0 MTY), Dhori (3.0 MTY), New Sawang (1.5 MTY), Basantpur Tapin (4.0 MTY), and New Kathara (3.0 MTY).

During the year, significant progress has been achieved in advancing these projects:

1. A key milestone was the execution of the contract agreement on 10 July 2025 for the development of the New Kathara coking coal washery under the Build-Own-Operate (BOO) model. This represents the first such washery project within Coal India Limited to be implemented under the BOO framework.
2. Environmental Clearance for the New Sawang coking coal washery was secured on 27 January 2026, enabling further progress in project implementation.

3. Subsequently, the Letter of Award for the New Sawang coking coal washery on a BOO basis was issued on 09 February 2026 to the successful bidder. CCL continues to focus on enhancing coking coal beneficiation capacity to support domestic steel production and reduce import dependency.

### 3. CAPITAL EXPENDITURE

- A. The Standalone capital expenditure during the year 2025-26 is ₹ 1,944.59 Crore compared to ₹ 4,328.42 Crore in the previous year. The head-wise detail of capital expenditure is detailed below:

(₹ in Crore)

| Sl.          | Head of expenditure            | 2025-26         | 2024-25         |
|--------------|--------------------------------|-----------------|-----------------|
| i.           | Land                           | 313.91          | 931.01          |

|       | <b>TOTAL</b>            | <b>9,870.73</b> | <b>9,325.54</b> |

#### 5. CAPITAL STRUCTURE

The company's Authorised Capital stood at ₹ 4,000 Crore (PY ₹ 4,000 Crore) and Paid-up Share Capital is ₹ 1880.00 Crore (PY 1,880.00 Crore) The Standalone net worth of the Company as on 31st March 2026 is ₹ 18,621.89 Crore as compared to ₹ 16,507.52 Crore (Restated) as on 31st March 2025.

#### 6. MANAGEMENT EXPLANATION ON AUDITOR'S REPORT:

##### a. Management Explanation on Statutory Auditor's Report:

The Statutory Auditor of the company have given unqualified report (Addendum to Directors' Report) on standalone and consolidated financial statements respectively of the company for the Financial Year 2025-26. Matters under "Emphasis of Matters" have been adequately explained in the respective notes/ footnotes of the Financial Statement.

##### b. Supplementary Audit of Financial Statements by Comptroller and Auditor General of India (C&AG):

Comments issued by the office of the C&AG on Financial Statements of the company for the year 2025-26 on supplementary audit conducted under section 143(6) [and also read with Sec 129(4)] of

the Companies Act, 2013, along with management explanation are enclosed as Annexure.

##### c. Management reply on Secretarial Audit Report:

The Secretarial Audit Report does not contain any qualification, reservation or adverse remark except commenting on present strength of Independent Directors and presentation of women on the Board and Board level committees. The management reply has been provided as an annexure to Secretarial Audit Report for FY 2025-26 as placed in **Annexure-III**.

#### 7. INTERNAL FINANCIAL CONTROL SYSTEM

Pursuant to the provisions of Section 134(5)(e) of the Companies Act, 2013, your Company has laid down internal financial controls to be followed by the Company and such controls are adequate and were operating effectively as at 31st March, 2026. The Company has in place adequate Internal Financial Controls with reference to financial statements. During the year, to make sure that assets are protected and that company's activities are conducted in accordance with the organization's policies and procedures, such internal controls were tested and no reportable material weakness in the design or operation were observed in the C&AG Audit, Internal Audit and Statutory Audit.

## 8. PARTICULARS OF CONTRACTS OR ARRANGEMENT WITH RELATED PARTY DISCLOSURES

All related party transactions entered into by the Company during the year 2025-26 were in the ordinary course of the business and are on an arm's length basis. The disclosure of related party transactions as required under Section 134(3)(h) of the Companies Act, 2013 in Form AOC 2 is not applicable to your Company. Members may refer to note no. 16 to the financial statement which sets out related party disclosures pursuant to Ind AS-24.

## 9. COST AUDIT REPORT

The Company is maintaining Cost Accounting Records in accordance with Section 148(1) of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014. The Cost Audit Report for the year 2023-24 has been filed under XBRL mode within due date of filing. The Cost Audit Report for the year 2024-25 contains no qualification or adverse comments. The Cost Audit Report for the year 2025-26 is in process of finalization and will be filed within prescribed date of filing.

## 10. INSOLVENCY AND BANKRUPTCY CODE 2016

There were no Significant and Material Orders passed by the Regulators or Courts or Tribunals impacting the Going Concern status and the Company's Operations in future, and no application was made or proceedings pending under Insolvency and Bankruptcy Code, 2016.

## 11. DEPOSITS UNDER THE PROVISIONS OF COMPANIES ACT

The Company has not accepted any deposit, in terms of the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under.

## 12. MATERIAL CHANGES AFFECTING FINANCIAL POSITION

No such material changes and commitments occurred between the end of the Financial Year and the date of report which may affect the financial position of the Company.

## 13. OFFTAKE

The total Offtake of Raw Coal during 2025-26 was 76.20 Million Tones. The mode-wise details of off-take compared to that of last year is as under:

(Figs. in Million Tonnes)

| Mode                 | 2025-26      | 2024-25      | Growth over last year |
|----------------------|--------------|--------------|-----------------------|
| Rail                 | 47.47        | 52.58        | -9.71%                |
| Road                 | 23.56        | 27.05        | -12.92%               |
| Feed to Washery      | 5.17         | 6.06         | -14.70%               |
| <b>Total Offtake</b> | <b>76.20</b> | <b>85.69</b> | <b>-11.08%</b>        |

Factors hampered dispatch during the Financial Year 2025-26

- Incessant rainfall during Q-2 and Q-3 has hampered the overall dispatch performance.
- Less lifting through road mode (around 5000 TPD) by Thermal Power Plants considering sufficient stock at TPP end
- Sporadic law and order issues at some of the Areas like >- Rajhara, B&K, Dhori areas
- Increase in Jharkhand Mineral Bearing Land Cess

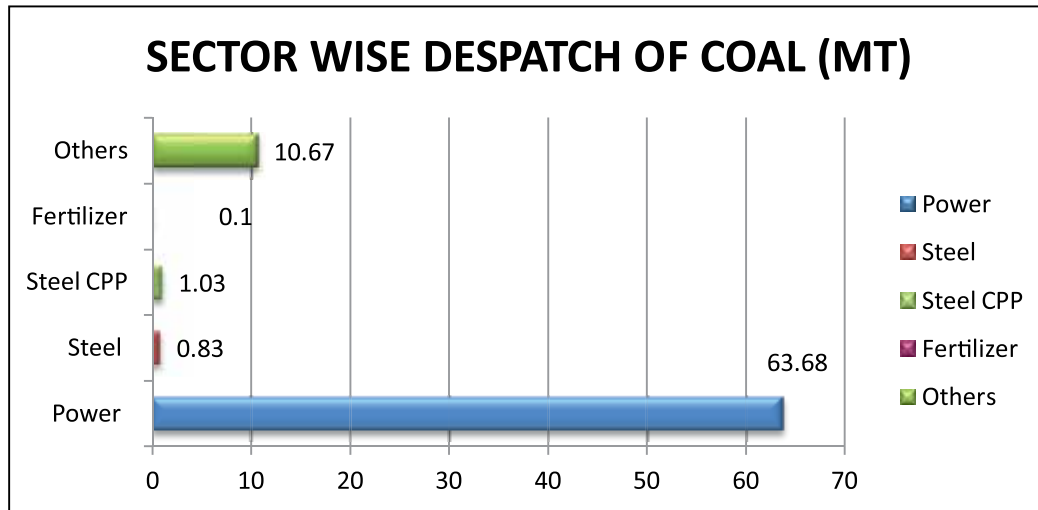

The total dispatch during 2025-26 was 76.31 Million Tonnes. Sector-wise dispatch of coal and its different by-products during the year 2025-26 are given below:

(Fig in Million tonnes)

| Sector       | Raw Coal     | Clean Coal  | Washed Coal Power | Non- Coking Washed Coal | Slurry      | Rejects     | Total        |
|--------------|--------------|-------------|-------------------|-------------------------|-------------|-------------|--------------|
| Power        | 60.05        | 0.00        | 0.29              | 3.34                    | 0.00        | 0.00        | <b>63.68</b> |
| Steel        | 0.29         | 0.54        | 0.00              | 0.00                    | 0.00        | 0.00        | <b>0.83</b>  |
| Steel CPP    | 0.22         | 0.00        | 0.81              | 0.00                    | 0.00        | 0.00        | <b>1.03</b>  |
| Fertilizer   | 0.10         | 0.00        | 0.00              | 0.00                    | 0.00        | 0.00        | <b>0.10</b>  |
| Others*      | 10.37        | 0.00        | 0.03              | 0.00                    | 0.17        | 0.11        | <b>10.67</b> |
| <b>Total</b> | <b>71.03</b> | <b>0.54</b> | <b>1.13</b>       | <b>3.34</b>             | <b>0.17</b> | <b>0.11</b> | <b>76.31</b> |

\* Others include Spot e-auction, Spongiron, CPP, State Agencies, CPSU etc.

#### 14. COAL STOCK

The stock of Raw Coal\* as on 31st March 2026 stood at 19.362 Million Tones as against 13.578 Million Tonnes as on 31.03.2025. The company has prepared itself to supply sufficient coal in the peak summer season amid ongoing tension in West Asia. Stock is spread among the areas evenly.

(\* Raw Coal stock at all producing units, washeries and coke plant)

#### 15. TURNOVER AND SALES REALIZATION

The Gross Sales Turnover of the Company for the FY 2025-26 is ₹ 25,189.03 Crores (including revenue from other services) and the total realization amounts to ₹ 27,515.31 Crore received in cash including advances from customers. The sector-wise position of debtors (Gross) as of 31st March 2026 is given below:

(Figs. in Rs. Crore)

| Sector       | As on<br>31.03.2026 | As on<br>31.03.2025 |
|--------------|---------------------|---------------------|
| Power        | 990.98              | 996.40              |
| Steel        | 395.15              | 741.16              |
| Others       | 97.99               | 168.63              |
| <b>Total</b> | <b>1484.13</b>      | <b>1906.19</b>      |

#### 16. POPULATION AND PERFORMANCE OF HEMM:

The population of HEMM's in mechanized opencast mines as on 31.03.2026 against that of 31.03.2025 is given below:

| Population as on |                  |                            |            |                  |                            |            |
|------------------|------------------|----------------------------|------------|------------------|----------------------------|------------|
| HEMM             | 31.03.2026       |                            |            | 31.03.2025       |                            |            |
|                  | Not Surveyed Off | Provisionally Surveyed Off | Total      | Not Surveyed Off | Provisionally Surveyed Off | Total      |
| Shovel           | 57               | 41                         | 98         | 61               | 38                         | 99         |
| Dumper           | 280              | 70                         | 350        | 297              | 60                         | 357        |
| Dozer            | 156              | 08                         | 164        | 165              | 03                         | 168        |

| HEMM          | %Availability |         |         | %Utilization |         |         |
|---------------|---------------|---------|---------|--------------|---------|---------|
|               | Norms         | Actual  |         | Norms        | Actual  |         |
|               |               | 2025-26 | 2024-25 |              | 2025-26 | 2024-25 |
| Shovel        | 80            | 85.6    | 84.3    | 58           | 49.4    | 48.3    |
| Dumper        | 67            | 78.4    | 80.2    | 50           | 36.8    | 40.3    |
| Dozer         | 70            | 69.3    | 72.1    | 45           | 16.3    | 15.4    |
| Drill         | 78            | 84.3    | 86.7    | 40           | 24.1    | 22.7    |
| Surface Miner | 80            | 95.2    | 75.0    | 60           | 2.6     | 4.8     |

• **Reasons for change in HEMM's Population in mechanized opencast mines of CCL as on 31.03.2026 against that on 31.03.2025:-**

- Shovel** – As of 31.03.2025, 99 nos. of Shovels were in operation. Further 01 no. added (New) during Apr'25 of FY(25-26) and 02 nos. Grounded during FY(25-26). This resulted in a decrease in the population of Shovels from 99 in FY'25 to 98 in FY'26.
- Dumper** – As of 31.03.2025, 357 nos. of Dumpers were in operation. Further 19 nos. Grounded during FY(25-26) and 12 nos. added (after transfer from MCL) to OC mines of CCL during FY(25-26). This resulted in a decrease in the population of Dumpers from 357 in FY'25 to 350 in FY'26.
- Dozer** – As of 31.03.2025, 168 nos. of Dozers were in operation. Further 03 nos. Grounded during FY(25-26) and 01 no. transferred from Govindpur Ph-II OCP to Sawang Washery during FY(25-26). This resulted in a decrease in the population of Dozers from 168 in FY'25 to 164 in FY'26.
- Drill** – As of 31.03.2025, 100 nos. of Drills were in operation. Further, 01 no. Grounded during FY(25-26). This resulted in a decrease in the population of Drills from 100 in FY'25 to 99 in FY'26.

• **Reasons for decrease in HEMM's Availability &**

**Utilization in mechanized opencast mines of CCL as on 31.03.2026 against that on 31.03.2025:-**

- Shovel** - As compared to norms, the % Utilization of Shovel is low due to incessant heavy rainfall during the year.
- Dumper** – As compared to previous year and norms, the % Availability of Dumpers has decreased from 80.2% to 78.4% and % Utilization has decreased from 40.3% to 36.8% due to incessant heavy rainfall during the year.
- Dozer** - As compared to previous year, % Availability of Dozers has decreased but % Utilization has increased.
- Drill** - As compared to previous year, % Availability of Drills has decreased but % Utilization has increased.
- Surface Miner** – The % Utilization is very low due to working space constraint for Surface Miner (01) deployed at B&K Area.

• **Steps Taken to Improve HEMM's Availability & Utilization :-**

Regular follow-up & timely maintenance/monitoring of HEMMs is being done for improvement in performance of HEMMs. Mismatch of Digging and Hauling Capacity was minimized by reappropriation of HEMMs across various areas of CCL resulting in their enhanced availability and utilization.

## 17. SYSTEM CAPACITY UTILISATION

| Total System Capacity for 2025-26 assessed as on 01.04.25 (MM3) | Achievement of Production by OC mines (2025-26) |         |           | % Capacity Utilization |         |
|-----------------------------------------------------------------|-------------------------------------------------|---------|-----------|------------------------|---------|
|                                                                 | Coal                                            | OBR     | Composite | 2025-26                | 2024-25 |

## 18. COAL MARKETING

### 18.1 Demand Satisfaction as per AAP

(Fig. in Million Tonnes)

| Sector                  | Dispatch<br>Target as<br>per AAP | Dispatch     | %            | Dispatch<br>Target as<br>per AAP | Dispatch     | %            | %<br>Growth<br>over last<br>year |
|-------------------------|----------------------------------|--------------|--------------|----------------------------------|--------------|--------------|----------------------------------|
|                         |                                  |              | Satisfaction |                                  |              | Satisfaction |                                  |
|                         | 2025-26                          | 2025-26      | 2025-26      | 2024-25                          | 2024-25      | 2024-25      |                                  |
| Steel (Incl. Steel CPP) | 2.1                              | 1.9          | 88%          | 2.1                              | 1.7          | 81%          | 9%                               |
| Power                   | 79.0                             | 63.7         | 81%          | 83.0                             | 70.7         | 85%          | -10%                             |
| Fertilizer              | 0.2                              | 0.1          | 64%          | 0.2                              | 0.2          | 100%         | -36%                             |
| Others                  | 30.7                             | 10.7         | 35%          | 14.7                             | 13.5         | 92%          | -21%                             |
| <b>Total</b>            | <b>112</b>                       | <b>76.31</b> | <b>68%</b>   | <b>100</b>                       | <b>86.04</b> | <b>86%</b>   | <b>-11%</b>                      |

- Less lifting through road mode (around 5000 TPD) by Thermal Power Plants considering sufficient stock at TPP end
- Less lifting by NRS and auction Consumers (around 7500 TPD)

### 18.2 Wagon Loading

The coalfield wise wagon loading position for the year 2025-26 &amp; 2024-25 is given below:

(Fig. in Rakes/Day)

| Railway Fields   | 2025-26     | 2024-25      | % Growth over last<br>year |
|------------------|-------------|--------------|----------------------------|
| North Karanpura  | 22.6        | 30.02        | -25%                       |
| South Karanpura  | 2.4         | 2.62         | -10%                       |
| West Bokaro      | 5.7         | 4.33         | 31%                        |
| East Bokaro      | 8.9         | 6.92         | 29%                        |
| Ramgarh          | 0.5         | 0.45         | 14%                        |
| Giridih          | 0.4         | 0.36         | 4%                         |
| <b>Total CCL</b> | <b>40.4</b> | <b>44.71</b> | <b>-10%</b>                |

- Incessant rainfall during Q-2 and Q-3 across CCL command areas has hampered overall wagon loading.
- Delay in finalization of transportation contracts in A&C area resulted in loss of wagon loading from Shivpur siding (around 7 rakes per day) from July to Oct

### 18.3 E-Auction of Coal

The performance of Spot e-Auction's during the period 2025-26 is as under:

| Period  | Spot<br>e-Auction Scheme | Offered Qty.<br>(Million Tones) | Booked Qty.<br>(Million Tones) | % gain over Reserve<br>Price |
|---------|--------------------------|---------------------------------|--------------------------------|------------------------------|
| 2025-26 | Rail                     | 2.34                            | 0.64                           | 19%                          |
|         | Road                     | 24.91                           | 11.05                          | 29%                          |
|         | Slurry                   | 0.5                             | 0.16                           | 5%                           |
|         | Rejects                  | 0.22                            | 0.16                           | 29%                          |
|         | <b>Total</b>             | <b>27.97</b>                    | <b>12.01</b>                   | <b>28%</b>                   |

## 19. STATUS OF PROJECT IMPLEMENTATION

Central Coalfields Limited (CCL) achieved a coal production of 82.256 MT during FY 2025–26, along with an overburden removal of 119.345 Million Cum, reflecting sustained operational momentum and efficient resource utilization. Out of the total production, ongoing projects contributed 68.255 MT.

The Project & Planning (P&P) Department has played a pivotal role in advancing the company's growth trajectory and strengthening its operational roadmap through strategic planning, timely approvals, and effective execution of projects.

During the year, significant milestones were achieved with the successful operationalization of key projects. Kotre Basantpur Pachmo OCP (5 MTY) commenced coal production on 20.11.2025, followed by Chandragupta OCP (15 MTY), which started production on 20.03.2026. These additions are expected to substantially enhance the company's production performance.

In addition to development of new projects, the previously non-operational mines such as Rajhara OCP and Kedla OCP resumed operations during the year. Further, the Giridih mine is ready to resume operation with all statutory clearances in place, and coal production is expected to commence shortly.

In the underground mining segment, significant progress has been made with the commencement of incline drivage at the Piparwar Phase-I Underground Project, marking a key step in underground mine development. The Revised Project Report (RPR) for Churi UG (1 MTY) is under process of approval, while the RPR for Parej East UG (0.51 MTY) under the HoE mode is also under consideration. Additionally, coal production from the Amlo Highwall project is expected to begin soon, further contributing to the overall production portfolio.

On the project approval front, the RPR of Tapin South OCP (2 MTY) was approved by the Company's Board on 30.08.2025. The RPR of KDH OCP (6.75 MTY) has been recommended by the Board in its meeting held on 26.02.2026.

Further strengthening the project pipeline, several Mining Plans received approval during the year, ensuring continuity in future production and compliance with statutory requirements. These include KDH OCP (4.5 MTY; 219.80 Ha), Piparwar Phase-I UG (0.87 MTY; 426.88 Ha) including change in location of incline, Sanghmitra OCP (20 MTY; 2254.02 Ha), North Urimari OCP (6 MTY; 1598.71 Ha), Tapin South OCP (2 MTY; 151.93 Ha), Magadh OCP (30 MTY; 1598.71 Ha), Gidi A OCP (1 MTY), Dakra OCP (0.63 MTY), and Churi Benti UG (1 MTY).

## 20. STRATEGY FOR COAL EVACUATION:

### RAIL:

#### A. Tori–Shivpur rail line section –

Tripling of Tori to Shivpur (44.37 Km) rail line was complete and commissioned in March 2024 under 'PM Gatishakti Master Plan'. Further, 4th line from Biratoli- CIC Line (connecting at Tori Station) has been completed and at present the yard re-modification at CCL's notified sidings i.e. at Shivpur, Phulbasia, Bukru & Balumath is under progress and expected to be completed in Dec 2026.

#### B. Shivpur–Kathautia new BG single rail line -

(Original Estimated cost - Rs 1799.64 Crs / Revised Estimated cost - Rs 2564.34 Crs)

The work of Shivpur – Kathautia new BG Rail Line has been taken up through M/s IRCON International Limited on behalf of the Joint Venture (JV) Company of CCL, IRCON & Govt. of Jharkhand i.e. "Jharkhand Central Railway Limited (JCRL)" having Equity/Debt ratio of 30:70

Financial Closure has been achieved by JCRL. A consortium of 4 banks led by Punjab National Bank (PNB) is providing the bank loan to JCRL.

Work is under progress and the completion timeline is June 2026. Physical progress is nearly 68.50 % (w.r.t to revised scope of work).

14.4 Km Track linking work completed and notified by E.C. Railway from Kathautia up to Duari Station out of total 49.08 Km length of Shivpur-Kathautia single BG Rail line.

#### C. Construction of Magadh Railway Siding (Phase I) -

Work was awarded to M/s RITES Ltd. at a cost of Rs. 391.01 Crores. Some construction work has been done by M/s RITES Ltd in Railway land portion and in CCL's acquired land portions. Work is held up, as forestry clearance is awaited.

#### D. Construction of Amrapali Railway Siding (Phase I) -

Work was awarded to M/s RITES Ltd. at a cost of Rs. 413.48 Crores. Construction work is in progress in Railway land portion. Stage I forest clearance is granted. Stage II forest clearance awaited.

#### E. Construction / Modifications in KDH Railway Siding -

Work was awarded to M/s RITES Ltd. at a cost of Rs. 239.60 Crores. Complete Track Renewal (5.20 Km) from Khalari Station to existing KDH Siding completed. Balance work is in progress in available

land portion. Forestry clearance is awaited.

**F. Construction / Modifications in Karo Railway Siding -**

Work was awarded to M/s IPRCL at a cost of Rs. 160.97 Crores. Work is in progress and current physical progress and financial progress is 64% & 52% respectively.

**G. Construction / Modifications in Konar Railway Siding -**

Work was awarded to M/s IPRCL at a cost of Rs. 72.37 Crores. Current physical progress and financial progress is 18% & 18% respectively.

**H. Construction of Danae-Kedla Railway Siding -**

Work was awarded to M/s RITES at a cost of Rs. 484.94 Crores. Forestry clearance awaited.

**I. PMC work awarded for construction of new line/modification-**

PMC work for construction of new line/modification of Giddi-A Railway Siding has been awarded to M/S IPRCL on 17.03.2026

**J. Complete Track Repair (CTR) / Repair works -**

- Through repair and maintenance work of CP Siding, Giridih Area awarded to Eastern Railway, Asansol in October 2024 is under progress resulting in no derailments in recent past.
- **Complete Track Renewal (CTR)** work for Dhori I & II Railway Siding has been completed in January 2026 resulting in no derailments in recent past.

**K. Approval of Detailed Project Report (DPR) obtained from Railways for -**

Construction of new line / modification of existing rail lines at Rajrappa Washery Siding in view of upcoming new Rajrappa Washery.

**ROAD:**

For ensuring smooth evacuation of coal and improving connectivity with Rail sidings, a total of 9.28 km of concrete (PQC) Coal Transportation Roads have been constructed in FY 2025-26 in different Areas of CCL namely, Barka Sayal, B&K, Hazaribagh, Kathara and Argada. This has led to construction of a total road length of 44.9 km of Coal Transportation Roads since FY 2022-23 in CCL.

Further, in FY 2025-26, the work of diversion road of length 1.15 km at Amrapali OCP (namely, Simaria-Tandwa diversion road) has been completed at A&C Area by SHAJ (State Highway Authority at Jharkhand), Road Construction dept., GoJ on deposit basis .

**21. CRUSHING OF COAL**

As per directive of Ministry of Coal, only -100 mm crushed coal is to be dispatched to the consumers. For crushing of mined coal to the desired size, 22 nos. of departmental crushers are installed in different Areas of CCL. In FY 2025-26, total 49.62 Lakh Te of coal has been crushed. Further, as per requirement, different areas are hiring mobile crushers as and when needed to crush coal to -100 mm size. Also, different Coal Handling Plants are being constructed at CCL for transportation of -100 mm Coal through Conveyor belt from Mines to Rail wagons.

**FMC Projects:**

**A. Completed Project:**

North Urimari Coal Handling Plant (7.5 MTY) was commissioned on 31.12.2023 & inaugurated by Hon'ble PM on 01.03.2024. Total 1190 rakes were loaded during FY 25-26 and 46.82 Lakh Te coal was handled by CHP during FY 25-26.

**B. Under Construction Projects:**

- Konar Coal Handling Plant (5 Mtpa), being constructed by M/s Hamtek Technologies Pvt. Ltd vide LOA/Work Order no. GM(E&M)/CHP(KONAR)/22/658 dated 17.03.2022, for a contract amount of ₹ 250,15,52,800.00 only (Including GST).
- KDH-Purnadih Coal Handling Plant (7.5 Mtpa), being constructed by M/s Madhucon Projects Limited vide LOA/Work Order no. GM(E&M)/CHP work order/23/1402-15(H) dated 31.03.2023, for a contract amount of ₹ 442,73,06,429 only (Including GST).
- Amrapali Coal Handling Plant (25 Mtpa), being constructed by M/S S. K. SAMANTA & CO. PVT. LTD. vide LOA/Work Order no. GM(E&M)/LOA/24/615-26(H) dated 07.02.2024, for a contract amount of ₹ 592,36,00,000/- only (Including GST).
- Karo Coal Handling Plant (7 Mtpa), being constructed by M/S ASIAN INDWELL JOINT VENTURE vide LOA/Work Order no. GM(E&M)/Karo CHP/24/566(H) dated 05.02.2024, for a contract amount of ₹ 250,08,83,550.02/- only (Including GST).
- Magadh CHP (51 MTY), being constructed by M/s S. K. SAMANTA & CO. PVT. LTD. vide LOA/Work Order no. GM(E&M)/LOA/24/3150-60(H) dated 27.12.2024, for a contract amount of ₹ 1575.30 Crore only (Including GST).
- Alternate Arrangement (10 Mty) for transferring of coal from Magadh OC to NTPC Pipe conveyor, being constructed by M/s Black Diamond Equipment Pvt Ltd. vide LOA/Work Order no. GM(E&M)/LOA/24/5965-75(H) dated 24.09.2024, for a contract amount of ₹ 40.25 Crore only (Including GST).

## 22. ENERGY CONSERVATION BY IMPLEMENTING SOLAR PROJECTS:

CCL has taken several measures for transition in Energy Sector, development and adoption of Renewable Energy, Energy Conservation in its business which has resulted in substantial reduction of Co2 Emission.

### Status of Solar projects of CCL / Solar energy generation during the FY 2025-26:

| Sl.No | Description                                                                                                                                                                                                                             | Capacity                                                                                                                        |
|-------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| 1.    | Total Installed Capacity of Solar Projects in CCL (Up to Mar'26)<br><b>[Roof Top and Ground Mounted]</b><br>Solar Power Plant commissioned in FY 25-26-5MW<br><b>[First Solar project over OB Dump, Balakudra, Barkasayal Area,CCL]</b> | <b>31.9 MW</b><br>Ground Mounted-(29MW)<br>Piparwar- 20MW, Giridih - 4 MW<br>Balkudra - 5 MW, Roof Top-2.9 MW<br>Total -31.9 MW |
| 2.    | Awarded Ground Mounted Solar projects<br>(Under installation/to be installed)                                                                                                                                                           | <b>8.5MW- B&amp;K Area,CCL</b><br><b>13 MW- NK Area,CCL</b>                                                                     |
| 3.    | Rooftop Solar Project<br>(Under Tender evaluation, Finalization expected by Apr'26)                                                                                                                                                     | <b>1.545 MW</b><br>(Along with 17 Nos of Solar Trees of 10KW at CCL HQ Campus and different Areas of CCL)                       |
| 4.    | Total Solar Energy Generation<br>(FY 25-26)                                                                                                                                                                                             | <b>45.05 Million Units</b>                                                                                                      |
| 5.    | Total CO2 offset/reduced in FY 25-26                                                                                                                                                                                                    | <b>36,040 Tonnes</b>                                                                                                            |

### Major highlights:

- 20 MW Solar Power Plant, Piparwar is operational from July 2024. It has generated Solar power of 351.56 Lakh units in FY 2025-26, resulting in savings of Rs. 1.05 Crores (approx.) in monthly energy bill.
- 04 MW Solar Power Plant, Giridih is operational from Oct 2024. It has generated Solar power of 72.05 Lakh units in FY 2025-26 resulting in savings of Rs. 16 Lakh (approx.) in monthly energy bills.
- 05 MW Solar Power Plant, Barkasayal is operational from Feb 2026. It has generated 10.48 Lakh units in FY 2025-2026 resulting in savings of Rs. 22 Lakh (approx.) in monthly energy bills.
- Net metering facility is provided by JBVNL in 400 KWp Solar Plant, Darbhanga House, Mine Rescue Station Ramgarh, Central Hospital Ramgarh and Barkakana Campus of CCL.
- Establishing a 100 MW Solar Power Plant at Giridih

Area is under feasibility study phase and expected to be commissioned by FY 28-29.

### Impact on Power Consumption:

CCL received Power through DVC and JBVNL for its command areas through different Consumer Supply Points.

- During 2025-26, Energy Consumption of CCL stood at 635.85 Million Units (DVC-610.55 Million Units and JBVNL-25.30 Million Units), while in 2024-25, Energy Consumption of CCL was 645.74 Million Units (DVC-620.84 Million Units and JBVNL- 24.89 Million Units). Hence there has been reduction of about 1.53 % in Energy Consumption during FY 25-26 as compared to FY 24-25.
- In 2025-26, CCL has achieved Load Factor/Voltage rebate of ₹3.57 Crore & Prompt Payment rebate of ₹4.7 Crores i.e Total Rebate of ₹ 8.27 Crores for DVC Supply points.

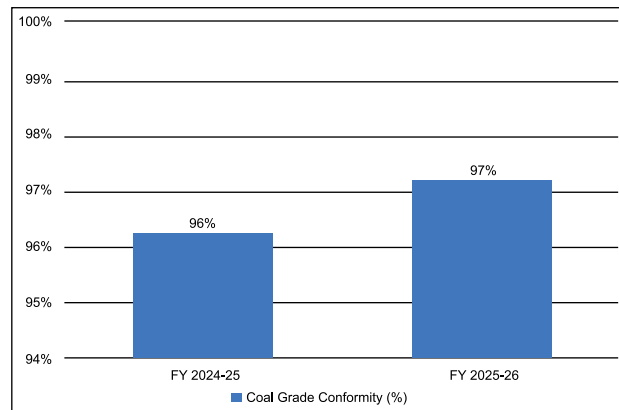

### CCL Energy Efficiency report FY 25-26

| Description                   | CCLTarget 25-26 | Achievement | PO Placed, Delivery awaited | Under Tender Evaluation | Proposal under consideration |
|-------------------------------|-----------------|-------------|-----------------------------|-------------------------|------------------------------|
| LED Lights                    | 1000            | 10720       | 4550                        | 5760                    | 4625                         |

### 23. QUALITY -CONSUMER SATISFACTION

The efforts for better quality coal supplies reflected a positive jump as the grade conformity improved to 97% during FY 2025-26 from 96% over FY 2024-25 according to the sampling and analysis results received. This is highest among all subsidiaries of CIL.

**Fig (A) Coal Grade Conformity for FY 2025-26 vis-a-vis FY 2024-25.**

All the consumers of CCL have the option for quality assessment of the supplies through independent third-party sampling agencies ensuring transparency in the system.

Keeping in view the prime objective of achieving coal consumer satisfaction, company has taken effective measures for supply of crushed & good quality coal to consumers. The following measures were implemented by the company:

- CCL has a full-fledged Quality Management Department with well-trained officials & staff at area level & headquarter.
- There are 12 well equipped laboratories along with adequate infrastructure for sampling & analysis of coal. There is a Central Coal Testing Laboratory at Quality Management Department of CCL having valid accreditation by National Accreditation Board for Testing and Calibration Laboratories (NABL) and remaining 11 (Eleven) coal testing laboratories are located in areas of CCL. All 11 (Eleven) area coal testing laboratories are also accredited by National Accreditation Board for Testing and Calibration Laboratories (NABL) for IS/ISO/IEC 17025: 2017.
- In order to enhance consumer satisfaction and maintaining transparency, tripartite agreement for 3rd party sampling and analysis are being executed with agencies such as M/s. Quality Austria Central Asia P. Ltd, M/s. KCS Quality Inspection Pvt Ltd, M/s. Quality Services and Solutions Pvt Ltd as empaneled by Power Finance Corp. (PFC). M/s. Quality Council of India (QCI) is also carrying out 3rd party sampling and analysis at the same rate as that of PFC empanelled agencies. For Non-Power sector consumers, M/s. Superintendence Company of India Pvt Ltd (An

Agency empanelled by CIL), is carrying out activities of 3rd party sampling and analysis of coal.

- Different programmes such as webinars on Coal Quality Management, workshops and trainings were organized for manpower engaged in quality management, production and despatch of coal. Manpower engaged in activities related to NABL accreditation and coal testing has been imparted a training at Standardisation Testing and Quality Certification (STQC) Directorate, an attached office of Ministry of Electronics and Information Technology, Government of India in the Year 2025-26. Quality is a key aspect of our business and manpower deployed in Coal Quality Monitoring, production, despatches are sensitized so that coal of desired quality and size will be delivered to consumers.
- An effective grievance redressal system for consumer complaints is in place wherein the grievances of consumers are inquired and corrective actions are taken effectively.
- For expeditious reconciliation of sampling and analysis results, online bill to bill reconciliation through a dedicated web portal has been adopted in CCL.
- Following Standard Operating Procedure (SOP) are effectively implemented: -
  - (a) SOP for ensuring supply of (-) 100mm sized coal to the power sector consumers
  - (b) SOP for ensuring maintenance and supply of appropriate coal quality

SOPs are available on the official website of CCL. For active participation of consumers, feedback registers and complaint registers are maintained at railway

sidings in CCL. Consumers are also encouraged for witnessing the loading of coal.

## 24. COAL CONDITIONING AND MONITORING CELL.

1. Total diesel consumption in departmental production of CCL is 45977 KL in FY 2025-26 with the achieved SDC: 1.34 ltr/cum, 0.7% better than benchmark 1.35 ltr/cum.
2. Total power consumption of CCL in FY 2025-26 was 635.85 MKWH with achieved 1.53 % reduction from LY.
3. Automation of 12 Diesel Dispensing Units (DDUs) completed in Ashoka, Purnadih, Rajrappa, Topa and Jharkhand Projects.

## 25. ELECTRONICS & TELECOMMUNICATION

During the fiscal year, the E&T Department successfully managed several critical infrastructure projects:

- **MPLS-VPN Wide Area Network (WAN):** CCL operates a dual-connectivity WAN across 14 areas and various centralized units. This network, utilizing primary (RailTel) and secondary (BSNL) MPLS-VPN links, interconnects 447 operational locations. Bandwidth ranges from 2 Mbps to 500 Mbps, supporting ERP/SAP, e-office, video conferencing, and LAN applications.
- **Centralized Internet (ILL) and LAN:** A centralized 1 Gbps Internet Leased Line (ILL) from RailTel provides internet access for web applications. Furthermore, a comprehensive LAN with 2,338 points is operational across offices, stores, and repair shops throughout all CCL Command Areas.
- **Hospital Management System (HMS) Infrastructure:** Networking devices were installed and maintained at four central hospitals (Gandhinagar, Ramgarh, Dhori, and NK), facilitating the seamless implementation of the HMS.
- **Communication Systems:** Digital and analog communication tools, including walkie-talkies, VHF sets, and repeaters, remain vital for blasting, security, and plant maintenance across major command areas like Magadh, Amrapali, Piparwar, and Dhori.
- **Video Conferencing (VC):** A cloud-based VC system is functional across all command areas and HQ. It facilitates high-level meetings with the Ministry of Coal and CIL HQ, significantly reducing travel and lodging costs.
- **CCTV Surveillance:** More than 1900 CCTV cameras are deployed at stores, explosive magazines, and weighbridges to enhance security and prevent pilferage.
- **Weighbridge Operations:** The E&T Department has managed the annual maintenance contracts (CAMC) for rail weighbridges, including software installation and upgrades for FOIS compliance. FOIS integration has been completed for 24 rail weighbridges, and weighbridge data transfer and integration with SAP have been successfully achieved.
- **GPS/GPRS based Vehicle Tracking System and RFID with CCTV based Weighing Control and Monitoring System across CCL Command areas:** CCL has an integrated VTS-RFID-Boom Barrier-CCTV based Weighbridge Automation and Access Control System, for 238 locations within CCL Command Areas. The system is designed to manage, track and monitor access to weighbridges, check-posts, sidings, and other sensitive locations, ensuring seamless synergy between hardware and software components. It regulates authorized access, ensures correct tipper placement for accurate weightment, and enables vehicle tracking from mines to unloading points. The system supports real-time data integration across all operational points via a centralized cloud platform, facilitating automatic data transfer to the SAP server and minimizing manual data entries. This integrated approach offers a comprehensive overview of each vehicle's journey within the mining premises.
- **Biometric Attendance:** Around 900 contactless face and palm recognition devices have been deployed across CCL, ensuring a smooth and hygienic attendance process.
- **Integrated Command and Control Centre (ICCC):** The E&T Department has implemented an Integrated Command Control Centre (ICCC) to significantly bolster security and surveillance across its command areas, specifically targeting vulnerable sites like weighbridges, sidings, coal stocks, etc. This advanced system leverages AI-driven video analytics and a centralized cloud platform to provide real-time monitoring, enabling authorized personnel to respond to incidents swiftly according to standard operating procedures. By integrating physical hardware with mobile and web-based management tools, the project ensures seamless data access and storage. Ultimately, the synergy between the ICCC, VTS-RFID technology, and drones creates a unified, intelligent security framework that optimizes physical safety management throughout all mining operations.

This initiative earned the department the **2nd Prize in the Corporate Excellence Award** under the category of ICCC implementation and IT integration initiatives. The ICCC enhances centralized monitoring, data-driven decision-making, and

coordination among departments, showcasing the organization's progress in digital transformation and smart governance practices.

CCL is also deploying several sophisticated frameworks to further augment security and industrial performance:

- I. **CRIS Rail Weighbridge Integration:** In compliance with RDSO and CIL mandates, CCL is migrating Electronic In-Motion Railway Weighbridge (EIMWB) software to a centralized Railway Cloud Server. Spanning 30 sites, this project utilizes proprietary systems from OEMs to create a tamper-proof environment. This ensures data integrity, reduces fraud risks in coal transport, and aligns with Vigilance directives.
- II. **8.4 Gbps Symmetric Internet Infrastructure:** Commissioned through RailTel, this five-year project establishes 8.4 Gbps of symmetric, unshared bandwidth across 270 nodes. Utilizing redundant Optical Fiber Cable (OFC), the project ensures 24/7 availability. The architecture provides 1 Gbps to HQ and 500 Mbps to the ICC, secured by Next-Generation Firewalls (NGFW) and managed via a centralized Network Management Software (NMS).
- III. **Drone Surveillance Project:** CCL's drone surveillance project introduces high-performance UAVs to enhance aerial monitoring. These drones offer a 5km operational range and 30-minute endurance, utilizing AI-driven reporting and 3D geo-tagged documentation to proactively ensure surveillance of unauthorized activities and identify safety hazards.

By integrating these advanced technologies with existing E&T and IT infrastructure, CCL reinforces its commitment to data-driven oversight, setting a new benchmark for operational transparency, safety, and technological resilience in the modern mining sector.

## 26. SAFETY

The Company continues to uphold its unwavering commitment to safety across all levels of operation. In 2025–26, CCL took significant strides towards its vision of "Zero Harm", integrating cutting-edge technology, targeted training, and a proactive workforce to strengthen mine safety and resilience.

### Dynamic Safety Management System

Safety Management System at CCL has evolved into a proactive and adaptive framework, focusing on the continuous identification, assessment, and mitigation of hazards. Key components include:

- Safety Management Plans (SMPs) including Principal Hazard Management Plans (PHMPs)
- Standard Operating Procedures (SOPs)/Codes of Practice (COPs), Standing Orders, and periodic mock drills through the Emergency Response and Evacuation Plan (EREP)
- Safety audits conducted by SHMS (Safety and Health Management System)-trained executives across all 38 mines, with Action Taken Reports (ATRs) uploaded to the National Coal Mines Safety Portal of Ministry of Coal
- Senior leadership remains actively engaged through periodic reviews and on-ground inspections, reinforcing a top-down culture of safety.
- Through ICAM-based root cause analysis, corrective measures are promptly implemented following each incident. This ensures that safety learnings are embedded across operations, transforming every incident into a lesson and reinforcing a proactive approach to risk mitigation.

### Training & Capacity Building

CCL recognizes that safety begins with people. In 2025–26, a record number of employees and contract workers were trained through diverse programs:

- 3645 nos. of departmental and 3929 nos. of contractual workers received basic, refresher, and special training.
- 238 HEMM operators trained using advanced multi-dimensional simulators
- 34 Electrical Engineers trained Electrical Safety including Shutdown procedures with implementation of LOTO" by DGMS.
- 19 executives trained in SHMS ( Safety and Health Management System) Auditing at IIT(ISM) Dhanbad.
- MRS Ramgarh imparted, Initial Training in Rescue and Recovery Work to the second batch of personnel from the 9 NDRF (National Disaster Response Force), Ranchi from 12.01.2026 to 28.01.2026. This batch consisted of 20 rescuers of various ranks, including Sub Inspectors, Head Constables, and Constables. Notably, this training program marked a historic milestone, as for the first time in India, two female NDRF rescuers, Smt. Kusum Tigga and Smt. Santoshi Kumari underwent specialized training in underground mine rescue & recovery operations.

Training was further enriched through many workshops conducted by DGMS, and domain specialists on various topics attended by large numbers of Mine Managers/ Safety Officers /supervisors and other officials. Further Safety drives on different topics were conducted which creates awareness, preparedness, audit and compliance required under various safety related rules and regulations :

### Safety Campaign:

An extensive Safety Campaign was organized across all mines of CCL from 16.06.2025 to 28.06.2025, focusing on Safety Awareness Campaigns, display of audio-visual contents on safety in coal mine areas and nearby local communities, organizing essay competition, slogan writing and drawing competition on the theme "Safety in Coal Mines". Final Day Function for Annual Mines Safety Week 2025 was conducted at Barka- Sayal Area on 27.02.2026.

### Safety Audit – FY 2025-26

- In Central Coalfields Limited, 38 officers from different specialized backgrounds (e.g., mining, electrical, mechanical, etc.) have been trained at IIT ISM Dhanbad for conducting the safety audit as per the guidelines of MoC.
- As per directives of ED (S&R), CIL, safety audit of large opencast mines with a production capacity of more than 10 MT & Underground mines producing 0.35 MT or more is to be conducted twice in a year. Accordingly, Safety Audit for 3 Mines of CCL, i.e. Amrapali OCP, Magadh OCP & Churi U/G was conducted in May 2025.
- Second Phase of safety Audit for all operative mines (38 Nos.) of CCL has been completed in November 2025.

### Smart Technologies for Safer Mines

The company is at the forefront of leveraging technologies and automation for safety enhancement. Some key initiatives include:

- Integrated Command & Control Centre (ICCC) equipped with AI analytics, CCTV, GPS, RFID, and drone surveillance
- Proximity Warning Systems, 360° cameras, and anti-collision devices installed in HEMMs
- ETMS (Environment Tele- Monitoring System) deployed at Churi UG mine for continuous gas monitoring.
- Free Steered Vehicle (FSV) commissioned for man-riding at Churi UG mine.
- AI-enabled fire detection and automated suppression systems under implementation.

- Drone-based surveillance for both security and safety inspections is under implementation.
- Ripper Miner and Highwall Mining technology adopted for safer excavation.
- Surface miners and continuous miners are enabling blast-free coal extraction, contributing to safer and more sustainable mining operations.
- First-Mile Connectivity projects to eliminate road transportation of coal through covered conveyor belts, rapid loading systems, and silos for direct rail dispatch to reduce dust pollution, and enhanced safety by minimizing risks associated with heavy vehicle movement.
- Electronic detonators for improving precision and control in blasting
- Advanced slope monitoring systems to enhance the monitoring of dump and slope stability.

The company has also taken significant strides in digitalization to improve safety, efficiency, and transparency. Some of the key initiatives include:

### Employment Management:

- The Hospital Management System (HMS) is used to digitally record medical examinations of employees. IME/PME records are in the process of being included in the HMS.
- Employee registers are being digitized, including training records.
- Biometric attendance systems are in place, with employee salaries linked to attendance, ensuring discipline and accountability.

### Machinery Deployment and Operation:

- All HEMMs are logged in SAP with a unique Machinery Reference Number (MRN) for easy identification and traceability.
- Digital tracking systems are in place for monitoring machinery deployment, maintenance, and operational records.
- GPS-based vehicle tracking systems monitor real-time movement of transport machinery and generate alerts upon deviation from designated routes, significantly improving operational safety.

### Comprehensive Digital Systems:

- CSIS portal: Centralized Safety Information System- is a centralized digital platform of CIL for real-time collection, monitoring, and analysis of safety data across all subsidiaries, enabling data-driven decision-making and strengthening compliance with statutory safety requirements.

- NCMSR (National Coal Mines Safety Report) Portal - a centralized digital platform launched by Ministry of Coal to enhance safety management in coal mines through real-time data reporting, analysis, and compliance monitoring.
- Introduction of Vocational Training (VT) Portal- is an internal digital platform aligned with provisions of the Mines Vocational Training Rules, 1966, used to manage, monitor, and standardize training of mine workers, supervisors, and officials across all mines of Central Coalfields Limited.
- Statutory mine plans, sections, and records have been digitized in most of the mines. Procurement activities are fully integrated through SAP systems.
- Production, overburden removal, and coal off-take data are maintained digitally through the ERP platform, allowing seamless and real-time monitoring of operational safety metrics.
- Dedicated training and regular safety talks including tool-box safety talks
- Strict enforcement of Transport Rules, including separate roads for LMVs
- Awareness campaigns like Roko-Toko Abhiyaan, Nukkad Natak, and initiatives such as Personal Safety Counselling and Family Counselling to enhance safety awareness and foster a strong safety culture among workers and their families

### Recognitions

- 54th All India Mines Rescue Competition held at Nagpur from 01.12.2025 to 07.12.2025
- 3rd Prize – Overall Fresh Air Base (Coal)

### The Road Ahead: Safe, Smart, and Sustainable

At CCL, safety is more than a compliance measure—it is a core value. As we transition towards automation and sustainable mining, we remain steadfast in our belief: **“A safe mine is a productive mine-and every life matters.”**

### Contractor Safety: An Equal Priority

Safety practices extend uniformly to the contractual workforce through:

- IME/PME coverage

Corporate Level Tripartite Safety Committee meeting on 07.11.2025.

Final Day Function for Annual Mines Safety Week 2025 Barka-Sayal Area on 27.02.2026.

Workshop on "HEMM Safety" conducted by DGMS Officials on 19.05.2025

Zonal Mines Rescue Competition - 2025, held from 8-11 October 2025

**Statutory manpower of CCL:**
**Status of statutory manpower as on 01.04.2026:**

| Overman |                      |                   | Mining Sirdar |                      |                   | Electrical Supervisor |                      |                   | Surveyor |                      |                   |

|--------------------------------------------------|--------------------------|--------------------------|
| Fatal Accident                                   | 4                        | 7                        |
| Fatalities                                       | 4                        | 8                        |
| Serious Accident                                 | 2                        | 5                        |
| Serious Injuries                                 | 2                        | 5                        |
| Fatality Rate per Million CuM (OB+ Coal)(UG+OCP) | 0.02                     | 0.04                     |
| Fatality Rate per 3 Lakh Man shift Overall       | 0.18                     | 0.43                     |
| Serious Injury Rate per Million CuM              | 0.01                     | 0.03                     |
| Serious Injuries Rate per 3 Lakh Man shift       | 0.09                     | 0.27                     |

The accidents reported during FY 2025–26 were primarily influenced by a combination of operational and human factors, including:

- Routine operational and maintenance challenges associated with mining equipment.
- Occasional deviations from prescribed Standard Operating Procedures (SOPs).
- Scope for further improvement in the consistent use of Personal Protective Equipment (PPE).
- Human and behavioural factors during mining operations.
- Opportunities for strengthening hazard identification and risk assessment practices.

**28. HUMAN RESOURCE DEVELOPMENT**

Training and Development plays a crucial role in the development of coal industry which is committed to cater to the ever increasing energy demand of the nation. The HRD department, CCL is an established learning platform primarily focused to skilling, up-skill & re-skilling of the employees of CCL for their all-round development. It is continuously thriving on multiple initiatives to build the architecture integral to the development of the Company by infusing professional competence, adaptability to change, increased productivity and efficiency for its employees. This is done through cross functional collaboration and well-structured Training and Development Modules embracing the technical, functional, managerial and behavioral facets of training.

This report serves as a comprehensive overview of our organization's commitment to enhancing skills, knowledge

and capabilities through systematic training initiatives and its execution during FY 2025-26. As we delve into the details of this report, it will give valuable insights into the various facets of training programs conducted at CCL.

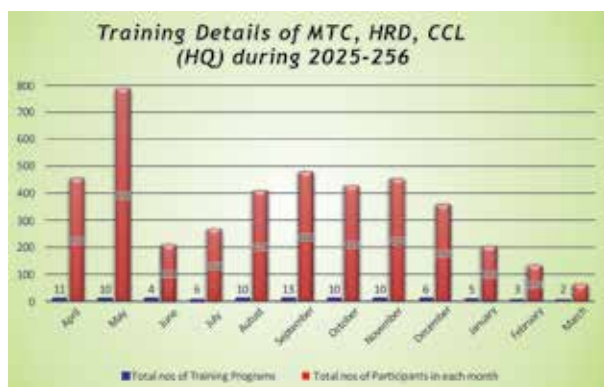

**MANAGEMENT TRAINING CENTRE (MTC), RANCHI:**

The MTC, Ranchi is the flagship in- house training facility of CCL HRD department. It facilitates different types of training and development activities round the year through series of tailor-made training and development programs for its employees based on the Training Need Analysis (TNA) of the user departments. The training programs are broadly categorized into managerial, technical, functional and behavioral aspects of training.

For up-skilling and up-gradation of our employees in different professional aspects of different department and discipline, altogether 90 (Ninety) no of training program has been organized by HRD Dept at MTC, CCL during FY 2025-26.

These programs trained imparted training to 4,255 nos of the participants, 128 training days involving 768 training hours.)

**FACULTY POOL :** The training and development activities are conducted through renowned and experienced faculty pool. The unique nature of coal industry coupled with challenges make the role of trainers even more crucial. HRD, CCL is making all efforts to blend internal and external

Resources to facilitate a structured knowledge transfer process to ensure that the accumulated expertise of our retired faculty members is seamlessly transmitted to maintain the continuity of institutional knowledge.

| Internal Faculty  |                  | External Faculty | Total Faculty |
|-------------------|------------------|------------------|---------------|
| Existing employee | Retired employee |                  |               |
| 68                | 08               | 09               | 85            |

#### EXTERNAL TRAINING THROUGH INSTITUTIONS:

The executives of different grades and disciplines of CCL are nominated round the year through the user departments for attending need-based short term training courses organized by the institutions of national repute. The trainings / Workshops/ seminars are based on various topics touching the managerial, technical and functional to behavioral aspects of training. The details of training imparted to CCL employees through external training during 2025-26 is as follows:

| Category  | Training imparted | Strength | % to whom training imparted |
