	Sub-Total	572.29	539.67
	Grand Total	3,540.07	4,920.28

- b) The Group's pending litigation comprises of claim against the group and proceeding pending tax/statutory/Government authorities. The company has reviewed all its pending litigations and proceedings and has made adequate provisions, and disclosed the contingent liabilities, where applicable, in its Financial Statements. The Company does not expects the outcome of these proceedings to have a material impact on its financial position. Future cash outflows in respect of above are dependent upon the outcome of judgements/decisions.
- c) No interest is expected in the settlement of cases under contingent liabilities, except where management has an adverse view.
- d) Considering the judgment of the Hon'ble Supreme Court of India in the case of Common Cause vs. UOI and Others (W.P. (C) No. 114 of 2014), certain District Mining Officers of Jharkhand, issued demand notices in 42 projects, alleging the production in these projects exceeding the available Environmental Clearances limits.

The Company had duly filed revision petition against the above demands, before the Hon'ble Coal Tribunal, Ministry of Coal, Government of India, the adjudicating authority under the MMDR, Act. The Revisional Authority (Coal Tribunal), Ministry of Coal (MoC), issued orders setting aside all 42 cases and directing the State Government to constitute a committee of experts from the relevant departments and should be constituted by the Department of industry, Mines and Geology and directed the Committee to carefully examine the factual and legal propositions and give the Applicant a chance to be heard before making any decision. Pursuant to the said order, the Government of Jharkhand formed a five-member committee. Although the said committee did not issue any orders, directions,

or minutes to the Projects, CCL challenged the formation of this committee before the Revisional Authority on 10 May 2024 and the Revisional Authority directed the State not to take any coercive action against the applicants on 28th October 2024.

In the similar matter, Hon'ble High Court of Jharkhand held that District Mining Officers have no power to issue demand notices (W.P. (C) No 7016 of 2017, SAIL vs State of Jharkhand, order dated 13/04.03.2025).

Subsequently, Government of Jharkhand vide Gazette Notification dated 06.05.2025, authorised District Mining Officers to issue demand notices under MMDR Act. Consequently, fresh demand notices have been received by the Projects of CCL imposing penalties amounting to ₹ 15,426.90 Crores. The company has filed revision applications before Coal Tribunal, MoC wherein stay order has been issued on 06.02.2026 against 26 cases. The hearing for the remaining cases is awaited.

Considering the remote possibility of an outflow of the resources in the settlement, the same has not been considered as contingent liability for the purpose of reporting.

- e) **Contingent Assets:** A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. During the normal course of business, several unresolved claims are currently outstanding. The inflow of economic benefits, in respect of such claims cannot be measured due to uncertainties that surround the related events and circumstances.

II. Guarantee

Bank guarantee issued as at 31.03.2026 is ₹ 500.22

Crore (P.Y. ₹ 498.93 Crore).

The bank borrowings of Coal India Ltd. has been secured by creating charge against stock of coal, stores and spare parts and book debts of CIL and its Subsidiary Companies within consortium of banks. The total working capital credit limit available to CIL is ₹420.00 Crore, of which fund based limit is ₹135.00 Crore and non-fund based limit is ₹285.00 crore. Further, ₹ 10,590.00 crore (P.Y. ₹ 7,850.00 Crore) was set up working capital limit outside consortium of which fund based limit is ₹5250.00 Crores and non-

fund based limit is ₹5340.00 crores. Coal India Limited is contingently liable to the extent such facility is actually utilised by the Subsidiary Companies.

III. Letter of Credit

Outstanding letter of credit as at 31.03.2026 is ₹ NIL (P.Y. ₹ 11.25 Crore).

b) Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for : ₹ 4416.10 Crore (P.Y. ₹ 3770.79 Crore).

3 General

3.1 There is a long pending dispute over capitalization cost of Rajrappa and Giddi Captive Power Plant, commissioned by EIPL on Built Own and Operate (BOO) basis and the dispute is pending in Civil Appeal No. 7403 of 2009, filed by CCL before the Hon'ble Supreme Court against the Order dated 31.07.2009 of the Jharkhand State Electricity Regulatory Commission duly confirmed by the Appellate Tribunal also.

Pursuant to Interim Orders of the Hon'ble Supreme Court dated 14.09.12 and 23.11.12 passed in the said Appeal, CCL had accounted for a liability of ₹ 94.33 Crores. in 2012-13 upto the period March, 2008. Out of which ₹ 83.03 Crores had been paid to EIPL after carrying out eligible deduction. Further, an ad-hoc payment of ₹ 75 Crores and ₹ 25 Crores

had been made on 20.11.13 and 10.01.14 respectively as per directives of the Hon'ble Supreme Court. As directed by the Hon'ble Supreme Court revised amount payable from April'08 to March'14 had been calculated based on the methodology adopted by JSERC in determining the revised tariff up to the period March' 08. Accordingly, an amount of ₹ 23.25 Crores had been provided during the financial year 2013-14 in addition to ₹ 94.33 Crores, which was already provided in the Financial Statements of 2012-13. For the financial year 2014-15, additional liability of ₹ 3.26 Crores has been provided. For the financial year 2015-16 additional liability of ₹ 0.26 Crores has also been provided.

The details of balance receivable amount from EIPL are as under:

		(₹ in Crore)
Particulars		
a)	Differential Tariff for the period upto March'08-in respect of which liability has been provided in the Financial Statements of 2012-13.	94.33
b)	Differential Tariff for the period April'08- to March'14 in respect of which liability has been provided in the year 2013-14.	23.25
c)	Old keep back amount in respect of deemed energy charges	31.36
d)	Differential tariff for the year 2014-15	3.26
e)	Differential tariff for the year 2015-16 (Rajrappa Area)	0.26
Total		152.46
Less : Ad-hoc payment (as per Order of the Hon'ble Supreme Court)		183.03
Net Balance amount (shown in Note-4.6 under the head Claims & Other Receivables)		30.57

However, EIPL has submitted their demand for ₹ 302.63 Crores on 17.09.2012 including ₹ 134.20 Crores on account of interest on delayed payment was never agreed in the said PPA. Total demand of EIPL excluding delayed payment is ₹168.43 Crore, whereas, CCL has already released an adhoc payment of ₹183.03 Crore as stated above. The matter is still pending before the Hon'ble Supreme Court. .

As per clause 1.18.3 of the Power Purchase Agreement with M/s. EIPL, from the date of expiry of one year from commissioning of the respective power plant, increase/decrease of fuel components of tariff due to variation in fuel cost shall be determined. The initial price of rejects as per clause 1.14 of PPA was ₹ 90 per tonne.

Accordingly, calculation had been made as per clause 1.18.3 of PPA and additional revenue receivable on account of revision in price of rejects net off with additional tariff payable on account of revised tariff due to increase in fuel cost had been considered in the Financial Statements for the year 2013-14 and supplementary bill to EIPL had also been raised.

Subsequently, during the financial year 2014-15 the price of rejects was again revised based on the recommendations of the CCL standing committee of Sales and Marketing department and the same was communicated to Director(Operation) of DLF Ltd. vide letter Ref. No. GM(E&M)/DLF/14/ 3530-36 dated. 17.11.2014. As per letter, G grade slake coal which was

the lowest grade under UHV system of pricing applicable prior to 01.01.2012 become chargeable for the period from July, 2000 to December, 2011 from EIPL. Consequent upon the issue of above letter, Sales bill and power tariff were revised.

As on 31.03.2016, the amount receivable from EIPL on account of supply of rejects after adjusting enhanced tariff was ₹ 38.69 Crores. Further a provision of ₹ 1.64 Crore was made in the year 2016-17 making total provision to ₹ 40.33 Cr.

As per clause 2.6 of the Power Purchase Agreement dated. 8th February, 1993, in the event of any dispute arising out of or in relation to the agreement, the same shall be referred to the sole arbitration of an arbitrator mutually acceptable to CIL & EIPL as per provisions of Arbitration Act. The emerging situation is that as the parties to the agreement have failed to mutually agree to the appointment of an arbitrator, the petitioner (CCL) is left with no other alternative but to move to the Hon'ble High Court for appointment of an arbitrator in exercising powers under section 11(6) of the Arbitration and Conciliation Act, 1996. As such, the Arbitration Application has been filed on 7th April, 2016. The Hon'ble High Court of Jharkhand during 2017-18 has appointed Ld. Arbitrator as per Agreement to settle the dispute. Hearing is still pending before Ld. Arbitrator.

3.2 The Company had entered into a lease agreement with M/s Imperial Fasteners Pvt. Ltd. (IFPL) for operation of 2 × 10 MW captive power plant at Kathara Area in Oct, 2005. M/s IFPL commenced its operations in Feb, 2006. However, Due to contractual disputes, M/s IFPL discontinued the operation of the power plant in 2018. The Company issued a termination notice in December 2020 directing M/s IFPL to clear dues and hand over the CPP. The plant has not been handed over to the Company and the matter was taken to the Hon'ble High Court, which appointed a Sole Arbitrator to adjudicate the disputes.

M/s IFPL has initiated arbitration proceedings against the company, raising claims of ₹ 659.87 Crores. The Company has filed counterclaims amounting to ₹ 382.37 Crores.

Further, the arbitral tribunal appointed M/s Mecon Ltd. to provide technical services, including inventory of assets and valuation of the 2 × 10 MW captive power plant at Kathara. The final report from M/s Mecon Ltd. has been submitted and the arbitration proceedings are in progress. Considering the remote possibility of the outflow of the resources, it has not been considered under contingent liability.

3.3 Inventory of Stores & Spares are being physically verified by Store Auditors at due intervals. Physical verification of inventory as at 31.03.2026 is in progress.

3.4 Refund/Adjustment of tax from Tax Authorities are accounted for on cash basis. Additional demand for Income Tax, Royalty, Cess, Sales Tax, Vat /Entry Tax etc. are accounted for after receipt of final order except as otherwise recognized under IND AS-37.

3.5 Entities under the control of the same government:

The Company is a Central Public Sector Undertaking (CPSU) controlled by the Government of India through its holding Coal India Limited holding 100% of its paid-up share capital, and operates under the administrative control of the Ministry of Coal.

The Group enters into transactions with other government-related entities in the normal course of business. These transactions include, inter alia, procurement of fuel, explosive, oil products, purchase of equipment and spares, maintenance and other services, as well as rendering of consultancy and other services. Such transactions are generally conducted on an arm's length basis and on terms comparable to those prevailing with non-government entities, typically through a transparent price discovery mechanism based on open tendering processes. In certain cases, procurement of spares and services from Original Equipment Manufacturers (OEMs) for proprietary items, or through single-tender arrangements, is undertaken due to reasons such as urgency, technical compatibility, or similar considerations. These transactions are executed through a negotiated process, with prices benchmarked against available market data for such items.

NOTE – 16: ADDITIONAL NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2026

4 Fair Value Measurement

(a) Financial Instruments by Category

(b) Fair value hierarchy

Table below shows judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard.

(₹ in Crore)

Financial assets and liabilities measured at fair value	As at 31.03.2026		As at 31.03.2025 (Restated)	
	Level 1	Level 3	Level 1	Level 3
Financial Assets at FVTPL				
Investments :				
Mutual Fund/ICD	9.90		9.29	

Financial assets and liabilities measured at amortised cost for which fair values are disclosed	As at 31.03.2026		As at 31.03.2025 (Restated)	
	Level 1	Level 3	Level 1	Level 3
Financial Assets				
Investments :				
Secured Bonds		-		-
Co-Operative Share		-		-
Loans		19.76		15.11
Deposits & receivable		2,850.43		2,269.00
Trade receivables		1,164.17		1,628.91
Cash & cash equivalents		794.92		1,078.96
Other Bank Balances		2,424.25		1,219.34
Financial Liabilities				
Borrowings		1,258.27		1,029.17
Trade payables		1,098.52		1,012.35
Security Deposit and Earnest money		512.08		405.28
Other Liabilities		1,254.36		2,074.18

A brief of each level is given below:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes Mutual fund which is valued using closing Net Asset Value (NAV) as at the reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for investments, security deposits and other liabilities included in level 3.

(c) Valuation technique used in determining fair value

Valuation techniques used to value financial instruments include the use of quoted market prices (NAV) of instruments in respect of investment in Mutual Funds.

(d) Fair value measurements using significant unobservable inputs

At present there are no fair value measurements using significant unobservable inputs.

(e) Fair values of financial assets and liabilities measured at amortised cost

The carrying amounts of trade receivables, short term deposits, cash and cash equivalents, trade payables are

considered to be the same as their fair values, due to their short-term nature.

The Group considers that the Security Deposits does not include a significant financing component. Security deposits coincide with the company's performance and the contract requires amounts to be retained for reasons other than the provision of finance. The withholding of a specified percentage of each milestone payment is intended to protect the interest of the group, from the contractor failing to adequately complete its obligations under the contract. Accordingly, transaction cost of Security deposit is considered as fair value at initial recognition and subsequently measured at amortised cost.

Significant estimates: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Group uses its judgment to select a method and makes suitable assumptions at the end of each reporting period.

5. Financial Risk Management

Financial risk management objectives and policies

The Group's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations and to provide guarantees to support its operations. The Group's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that is derived directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's senior

management is supported by a risk committee that advises, inter alia, on financial risks and the appropriate financial risk governance framework for the Group. The risk committee provides assurance to the Board of Directors that the Group's financial risk activities are governed by

appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Trade receivables and financial asset	Ageing analysis/ Credit rating	Department of public enterprises (DPE guidelines), diversification of bank deposits credit limits and other securities, counterparty default risk of trade receivable is managed by financial assurance like Security Deposits, Advances, Bank Guarantee etc.
Liquidity Risk	Borrowings and other liabilities	Periodic cash flows	Availability of committed credit lines and borrowing facilities
Market Risk-foreign exchange	Future commercial transactions, recognised financial assets and liabilities not denominated in INR	Cash flow forecast sensitivity analysis	Regular watch and review by senior management and audit committee.
Market Risk-interest rate	Cash and Cash equivalents, Bank deposits and mutual funds	Cash flow forecast sensitivity analysis	Department of public enterprises (DPE guidelines), Regular watch and review by senior management and audit committee.

The Group risk management is carried out by the board of directors as per DPE guidelines issued by Government of India. The board provides written principles for overall risk management as well as policies covering investment of excess liquidity.

Credit risk management:

Receivables arise mainly out of sale of Coal. Sale of Coal is broadly categorized as sale through fuel supply agreements (FSAs) and e-auction.

Macro- economic information (such as regulatory changes) is incorporated as part of the fuel supply agreements (FSAs) and e-auction terms.

Fuel Supply Agreements (FSAs)

The group enters into legally enforceable FSAs with customers or with State Nominated Agencies that in turn enters into appropriate distribution arrangements with end customers. FSAs can be broadly categorized into:

- FSAs with customers in the power utilities sector, including State power utilities, private power utilities ("PPUs") and independent power producers ("IPPs") under various clauses of Scheme of Harness and Allocate Koyla (Coal) Transparently in India (SHAKTI).
- FSAs with customers in non-power industries (including captive power plants ("CPPs")) as per Non-Regulated Sector (NRS) Linkage Policy; and
- FSAs with State Nominated Agencies.

E-Auction Scheme

The E-Auction scheme of coal has been introduced to provide access to coal for customers who were not able to source their coal requirement through the available institutional mechanisms under the NCDP for various reasons, for example, due to a less than full allocation of their normative requirement under NCDP, seasonality of their coal requirement and limited requirement of coal that does not warrant a long-term linkage. The quantity of coal to be offered under E-Auction is reviewed from time to time by the Ministry of Coal.

Credit risk arises when a counterparty defaults on contractual obligations resulting in financial loss to the group. Counterparty defaults risk of Trade Receivables is managed by financial assurance like Security Deposit, Advances, Bank Guarantee etc.

Provision for expected credit loss: The Group provides for expected credit risk loss for doubtful/ credit impaired assets, by lifetime expected credit losses (Simplified approach). Refer Note - 4.3, Trade Receivables

Significant estimates and judgments for Impairment of financial assets

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting year.

Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the dynamic nature of the underlying businesses, Group treasury maintains flexibility in funding by maintaining availability under committed credit lines. Refer Note 16 (1) (II) Guarantee for the bank borrowings within consortium of banks and outside consortium, the fund and non fund based limit for working capital credit etc.

Management monitors forecasts of the group's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in accordance with practice and limits set by the group.

Market risk

a) Foreign currency risk

Foreign currency risk arises from future commercial transactions and recognised assets or liabilities

Capital Structure of the company is as follows:

(₹ in Crore)

	As at 31.03.2026	As at 31.03.2025
Equity Share capital	1,880.00	1,880.00
Long term debt	1,258.27	1,029.17

6 Employee Benefits: Recognition and Measurement (Ind AS-19)

Defined Benefit Plans:

a) Gratuity

The Company provides for gratuity, a post-employment defined benefit plan ("the Gratuity Scheme") covering the eligible employees. Gratuity payment is made as per policy of the company subject to maximum of ₹ 25 lacs (₹ 20 lacs prior to 01.10.2025) in case of executives and ₹ 20 lacs in case of non executive at the time of separation from the company considering the provisions of the Payment of Gratuity Act 1972 as amended. The liability or asset recognised in the balance sheet in respect of the Gratuity Scheme is the present value of the defined benefit obligation at the end of the reporting year less the fair value of plan assets. The defined benefit obligation is calculated at each reporting date by actuaries using the projected unit credit method. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income (OCI).

The Gratuity Scheme is funded through trust maintained with Life Insurance Corporation of India. LIC also provides

denominated in a currency that is not the Group's functional currency(INR).The Company is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk in respect of foreign operation is considered to be insignificant. The Group also imports and risk is managed by regular follow up. Group has a policy which is implemented when foreign currency risk becomes significant.

b) Cash flow and fair value interest rate risk

The Group's main interest rate risk arises from bank deposits with change in interest rate exposes the Group to cash flow interest rate risk. Group policy is to maintain most of its deposits at fixed rate.

Group manages the risk using guidelines from Department of public enterprises (DPE), diversification of bank deposits credit limits and other securities.

Capital management

The company being a government entity manages its capital as per the guidelines of Department of investment and public asset management under ministry of finance.

an insurance coverage (Life Cover Sum Assured- "LCSA") in case of death of a member during service, to compensate the shortfall in gratuity amount from estimated payable at normal retirement date based on last drawn salary subject to ceiling of maximum limit.

b) Post-Retirement Medical Benefit- Executive (CPRMSE)

Company has post-retirement medical benefit scheme known as Contributory Post Retirement Medicare Scheme for Executive of CIL and its Subsidiaries (CPRMSE), to provide Medicare to the executives, their spouses and fully financially dependent Divyang child(ren) suffering from not less than 40% of any disability in Company hospital/ empanelled hospitals or outpatient/Domiciliary only in India subject to ceiling limit, on account of retirement on attaining the age of superannuation or are separated by the Company on medical ground or retirement under Voluntary Retirement Scheme under common coal cadre or Voluntary Retirement Scheme formulated and made applicable from time to time. Membership is not extended to the executives who resigns from the services of the CIL and its subsidiaries. The maximum amount reimbursable during the entire life for the retired executives, spouse and dependent Divyang child (ren) taken together jointly or severally is Rs 25 lakhs except for specified diseases

with no upper limit. The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India. The liability for the scheme is recognised based on actuarial valuation done at each reporting date.

c) Post-Retirement Medical Benefit – Non Executive (CPRMS -NE)

As a part of social security scheme under wage agreement, Company is providing Contributory Post-Retirement Medicare Scheme for non-executives (CPRMSE-NE) to provide medical care to the non-executives and their spouses and Divyang Child(ren) in Company hospital/empanelled hospitals or outpatient/Domiciliary only in India subject to ceiling limit, on account of retirement on attaining the age of superannuation or are separated by the Company on medical ground or retirement under Voluntary Retirement Scheme formulated and made applicable from time to time or resigns from the company at the age of 57 Years or above or on death to the spouse and Divyang Child(ren). The maximum amount reimbursable during the entire life for the retired non-executives and spouse taken together jointly or severally is Rs 8 lakhs except for specified diseases with no upper limit. The maximum amount reimbursable during the entire life of Divyang child would be ₹ 2.5 lakh. The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India. The liability for the scheme is recognised based on actuarial valuation done at each reporting date.

Defined Contribution Plans

a) Provident Fund and Pension

Company pays fixed contribution towards Provident Fund and Pension Fund at pre-determined rates based on a fixed percentage of the eligible employee's salary i.e. 12% and 7% of Basic salary and Dearness Allowance towards Provident Fund and Pension Fund respectively. These funds are governed by a separate statutory body under the control of Ministry of Coal, Government of India, named Coal Mines Provident Fund Organisation (CMPFO). The contribution towards the fund for the period is recognized in the Statement of Profit & Loss.

b) CIL Executive Defined Contribution Pension Scheme (NPS)

The company provides a post-employment contributory pension scheme to the executives of the Company known as "CIL Executive Defined Contribution Pension Scheme -2007"(NPS). The Scheme is funded through trust for group, maintained with Life Insurance Corporation of India. The obligation of the Company is to contribute to the trust to the extent of amount not exceeding 30% of basic pay and dearness allowance less employer's contribution towards provident fund, gratuity, post-retirement medical benefits -Executive i.e. CPRMSE or any other retirement benefits.

The current employer contribution of 6.99% of basic and Dearness Allowance is being charged to statement of profit and loss.

Other Long Term Employee Benefits

a) Leave encashment

The company provides benefit of total Earned Leave (EL) of 30 days and Half Paid Leave (HPL) of 20 days to the executives of the company, accrued and credited proportionately on half yearly basis on the first day of January and July of every year. During the service, 75% EL credited balance is one time encashable in each calendar year subject to ceiling of maximum 60 days EL encashment. Accumulated HPL is not permitted for encashment during the period of service. On superannuation, EL and HPL together is considered for encashment subject to the overall limit of 300 days without commutation of HPL. In case of non-executives, Leave encashment is governed by the National Coal Wage Agreement (NCWA) and at present the workmen are entitled to get encashment of earned leave at the rate of 15 days per year and on discontinuation of service due to death, retirement, superannuation and VRS, the balance leave or 150 days whichever is less, is allowed for encashment. Therefore, the liabilities for earned leave are expected to be settled during the service as well as after the retirement of employee. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. The scheme is funded by qualifying insurance policies from Life Insurance Corporation of India. The liability under the scheme is borne by the Company as per actuarial valuation at each reporting date.

b) Life Cover Scheme (LCS)

As a part of the social security scheme, the Group has a Life Cover Scheme known as "Life Cover Scheme of Coal India Limited" (LCS) which covers all the executive and non-executive cadre employees. In case of death in service, an amount of Rs 1,56,250 is paid to the nominees under the scheme w.e.f 01.10.2017. The expected cost of the benefits is recognized when an event occurs that causes the benefit payable under the scheme.

c) Settlement Allowances

As part of the wage agreement, a lump sum amount is payable as a settling-in allowance to all non-executive employees covered under NCWA upon their superannuation on or after 31.10.2010. The Board of Directors of Coal India Limited in its 481st meeting held on 31st July 2025 approved the enhanced amount of ₹20,000/- from the existing ₹12,000/-. The liability under

this scheme is borne by the Company based on actuarial valuation at each reporting date.

d) Group Personal Accident Insurance (GPAIS)

Coal India Limited (CIL) has taken group insurance scheme from United India Insurance Company Limited to cover the executives of the CIL Group against personal accident known as "Coal India Executives Group Personal Accident Insurance Scheme" (GPAIS). GPAIS covers all types of accident on 24 hour basis worldwide. Premium for the scheme is borne by the CIL.

e) Travel Allowance Scheme

As a part of wage agreement, Non-executive employees are entitled to travel assistance for visiting their home town and for "Bharat Bhraman" once in a block of 4 years. A lump sum amount of Rs 10000/- and Rs 15000/- is paid for visiting Home town and "Bharat Bhraman", respectively.

The liability for the scheme is recognised based on actuarial valuation at each reporting date.

f) Workmen's Compensation Benefits in Mine Accident

As a part of social security scheme, the company provide the benefits admissible under The Employee's Compensation Act, 1923 to the next of kin of an employee in case of a fatal mine accident w.e.f 07.11.2019. The Board of Directors of Coal India Limited in its 480th meeting held on 26th June 2025 approved the enhanced amount of ₹25 lacs from the existing ₹15 lacs to all employees (executive, non executives and contract workers). In addition, w.e.f 01.06.2023 anexgratia amount of ₹ 90,000/- is also paid in case of death or permanent total disablement .The expected cost of the benefits is recognised when an event occurs that causes the benefit payable under the scheme.

Description of Plan Characteristics and Associated Risks

The Gratuity scheme is a final salary Defined Benefit Plan that provides for a lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The Plan design means the risks commonly affecting the liabilities and the financial results are expected to be:

1. Interest rate risk: The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase
2. Salary Inflation risk: Higher than expected increases in salary will increase the defined benefit obligation
3. Demographic risk: This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

Description of Funding Arrangements and Policies

There are no Statutory minimum funding requirements for such plans mandated in India. However a company can fund the benefits by way of a separate irrevocable Trust to take advantage of tax exemptions and also to ensure security of benefits.

The scheme is funded by way of a separate irrevocable Trust and the company is expected to make regular contributions to the Trust. The fund is managed by an insurance company and the assets are invested in their conventional group gratuity product. The fund provides a capital guarantee of the balance accumulated and declares interest periodically that is credited to the fund account. Although we know that the fund manager invests the funds as per products approved by IRDA and investment guidelines as stipulated under section 101 of IT Act, the exact asset mix is unknown and not publicly available.

The Trust assets managed by the fund manager are highly liquid in nature and we do not expect any significant liquidity risks.

The Trustees are responsible for the investment of the assets of the Trust as well as the day to day administration of the scheme. Administrative expenses of the trust are met by the company. The Trustees are required to conduct necessary business e.g. Approval of Trust's Financial Statements, Review Investment performance.

Description of Plan Characteristics and Associated Risks

The Leave scheme is a final salary Defined Benefit Plan that provides for a lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the accumulated leave balances and paid as lump sum at exit. The Plan design means the risks commonly affecting the liabilities and the financial results are expected to be:

- 1 Interest rate risk:** The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase
- 2 Salary Inflation risk:** Higher than expected increases in salary will increase the defined benefit obligation
- 3 Demographic risk:** This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

- 4 Change in Leave Balances:** This is the risk of variability of results due to a significant variation from expected accumulation of leave.

Description of Funding Arrangements and Policies

There are no Statutory minimum funding requirements for such plans mandated in India. However a company can fund the benefits by way of a separate irrevocable Trust or Qualifying Insurance Plan (QIP) to ensure security of benefits. The scheme is funded by way of a qualifying insurance plan and the company is expected to make regular contributions to the plan. The plan is managed by an insurance company and the assets are invested in their conventional product. The plan provides a capital guarantee of the balance accumulated and declares interest periodically that is credited to the plan account. Although we know that the fund manager invests the funds contributed under the plan as per products approved by IRDA and investment guidelines as stipulated under section 101 of IT Act, the exact asset mix is unknown and not publicly available. The plan assets managed by the fund manager are highly liquid in nature and we do not expect any significant liquidity risks.

Employees of Master Policyholders are considered member for receipt of benefits of the plan. Insurance Company reimburse the master policyholder, the appropriate benefit in respect of the members on proof to the complete satisfaction of it of the benefit having become payable or paid.

Description of Plan Characteristics and Associated Risks

The PRMB scheme is a fixed monetary amount Defined Benefit Plan that provides for a lump sum payment made after retirement when a retiree claims medical benefits. The benefits are defined on the basis of amount claimed under medical expenses (valued as a premium paid by the

company to the insurance company) upto a maximum limit after Retirement.

The Plan design means the risks commonly affecting the liabilities and the financial results are expected to be:

- Interest rate risk:** The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit

obligation will tend to increase

- 2 Medical Inflation risk:** Higher than expected increase in premium can lead to increase in defined benefit obligation. Although, this risk is mitigated by capping the benefit paid by the insurance company (limiting the premium amount for the company).
- 3 Demographic risk:** This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

Description of Funding Arrangements and Policies

There are no Statutory minimum funding requirements for such plans mandated in India. However a company can fund the benefits by way of a separate irrevocable Trust to take advantage of tax exemptions and also to

ensure security of benefits.

The scheme is funded by way of a separate irrevocable Trust and the Group is expected to make regular contributions to the Trust. The fund is managed by an insurance company and the assets are invested in their conventional group gratuity product. The fund provides a capital guarantee of the balance accumulated and declares interest periodically that is credited to the fund account. Although we know that the fund manager invests the funds as per products approved by IRDA and investment guidelines as stipulated under section 101 of IT Act, the exact asset mix is unknown and not publicly available.

The Trust assets managed by the fund manager are highly liquid in nature and we do not expect any significant liquidity risks.

The Trustees are responsible for the investment of the assets of the Trust as well as the day to day administration of the scheme. Administrative expenses of the trust are met by the Group. The Trustees are required to conduct necessary business e.g. Approval of Trust's Financial Statements, Review Investment performance.

7. Other Information

a) Segment Reporting

The Group is primarily engaged in a single segment business of production and sale of Coal.

b) Earnings per share

Sl. No.	Particulars	For the year ended 31.03.2026	For the year ended 31.03.2025
i)	Net profit after tax attributable to Equity Share Holders (₹ in Crore)	2,965.12	4,060.99
ii)	Weighted Average no. of Equity Shares Outstanding (No of Shares in Crore)	1.88	1.88
iii)	Basic and Diluted Earnings per Share in Rupees (Face value ₹10/- per share)	₹ 1,577.19	₹ 2,160.10

c) Balance Confirmations

The Group has a procedure for obtaining periodic confirmation of balances from banks. There are no unconfirmed balances in respect of bank accounts and borrowings from banks & financial institutions.

With regard to other parties, reconciliations are made and the balance confirmation letters/emails are also sent on a periodic basis. Some of such balances are subject to confirmation/reconciliation. Adjustments, if any will be accounted for on confirmation/

reconciliation of the same, and are not anticipated to materially affect the results.

d) Benami Property:

No proceedings have been initiated or pending against the Company under the Benami Transactions (Prohibition) Act, 1988.

e) Wilful Defaulter:

Company has not been declared as a wilful defaulter by any bank or financial institution or any other lender.

f) Relationship with Struck off Companies:

Company has not undertaken any material transactions with struck-off companies.

g) Compliance with number of layers of companies:

The provisions of clause (87) of section 2 of the Act read with the Companies (Restriction on number of Layers) Rules, 2017 are not applicable to the Company as per Section 2(45) of the Companies Act, 2013.

h) Compliance with approved Scheme(s) of Arrangements:

There were no scheme of Arrangements approved by the competent authority during the year in terms of sections 230 to 237 of the Companies Act, 2013.

i) Utilisation of Borrowed funds and share premium:

(A) Company has not advanced or loaned or invested any fund to any entity (Intermediaries) with the understanding that the Intermediary

shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries

(B) Company has not received any fund from any party with the understanding that the Company shall whether, directly or indirectly lend or invest in other entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

j) Crypto Currency or Virtual Currency

Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

k) Undisclosed Income:

Company does not have any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

l) Misappropriation, Fraud, Excess payment, theft etc. cases

Theft of goods during the year is ₹0.03 Crore (Previous year ₹0.25 Crore), which has been duly accounted for.

m) Disaggregated revenue information:

The table below presents disaggregated revenues from contract with customers information as per requirement of Ind AS 115, Revenue

n) Other Matters reported in the financial statements

CCL has paid ₹ 402.32 crore as interim dividend for FY 2025-26 (PY 2024-25 ₹ 601.60 Crore as interim dividend and further ₹ 609.12 Crore as final dividend). The Board of Directors proposed / recommended final dividend for FY 2025-26 of ₹ 488.80 Crore, which will be recognised as distribution to owners during

FY 2024-25 on its approval by the Shareholders in Annual General Meeting.

o) Returns or statements filled with banks or financial institutions:

The returns / statement of current assets filed by the company with banks / financial institutions are in agreement with the books of accounts.

8 Restatement for the year ended 31st March 2025 and as at 1st April 2024

In accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors, and Ind AS 1, Presentation of Financial Statements, the Group has retrospectively restated its Balance Sheet as at 31 March 2025 and 1 April 2024, and the Statement of Profit and Loss for the year ended 31 March 2025.

Persuant to finalisation of land capitalisation policy in compliance to observation of the auditors in this regard, the company re-assessed expenditure capitalised in earlier years and accordingly, restated its financials. Historically, the Group treated levies on coal production and sales imposed by central, state and

local authorities as amounts collected in an agency capacity. Pursuant to observations of the auditors, the Group reassessed the accounting treatment of such levies based on their underlying nature, relevant accounting standards, legal provisions and opinions obtained from accounting experts. Based on this assessment, the Group concluded that for certain levies it acts as a principal and accordingly same has been rectified through regrouping of the financial statements.

Reconciliation of financial statement line items which are retrospectively restated are as under:

(i) Reconciliation of restated items of Balance Sheet as at 31st March 2025 and 1st April 2024:

9 Miscellaneous Informations

i. Recent Accounting pronouncements applicable in Financial Year 2025-26

The Ministry of Corporate Affairs (MCA) has issued several amendments to the Companies (Indian Accounting Standards) Rules, 2015, introducing significant changes to various Indian Accounting Standards (Ind AS) applicable from 1st April 2024. These amendments covers Introduction of Ind AS 117 – Insurance Contracts with Consequential modifications to Ind AS 101, 103, 105, 107, 109, 115; Amendments to Ind AS 116 – Leases and Continuation of Ind AS 104 for Certain Insurers. The company has evaluated these amendment and find

no material impact on its financial statements.

- ii. Figures for previous year have been regrouped wherever necessary, in order to make them comparable.
- iii. The material accounting policies have been updated to enhance clarity for users of the financial statements. These updates do not carry any financial implications.
- iv. Note – 1 and 2 represents Corporate information and Material Accounting Policies respectively, Note 3 to 11 form part of the Balance Sheet as at and 12 to 15 form part of Statement of Profit & Loss for the year ended on that date. Note – 16 represents Additional Notes to the Financial Statements.
